W. J. Hosser shipped a carload of palms to the exposition from Murray yesterday and will send another at once to complete his display.

E. A. Burton the Murray hardware man is erecting one of the handsomest residences in that city. It would be a credit to any town in the county.

Chet. Manchester went to Lincoln this morning with a fine lot of flowers to decorate the grave of his little boy as he could not get away on decoration day.

Geo. Weideman has been appointed to a position as night watchman at the exposition grounds at Omaha. The duties are not very onerous and the salary is very good.

The court house flag has ceased to wave. It probably wearied of hearing about Cervera being bottled up and has lain down upon the cupola to rest. It should be taken care of.

The Turners are having their lots filled in and nicely graded, and a new high board fence put in around their premises. When completed they will have a lovely shady place for athletic exercises.

The school board met Saturday evening and elected the following teachers: Mr. Frank Paddleford of Elmwood, Homer Reed, Miss Mamie Lacey, Miss Fannie Breece, Miss Mildred Hart, Miss Kate Russell.—Republican.

Ex-Lieutenant Governor Agee who used to reside at Aurora was in the city today looking after the court house clock case. Mr. Agee has been a resident of Ogden Utah since last fall when he was appointed assistant attorney for the U. P. Ry with headquarters there. He thinks Ogden a prosperous place with a bright future.

Pete Vallery returned home this morning from a pleasant trip to Kansas City and Burlington Kansas. He reports a royal time and says the Dewey day parade at Kansas City yesterday was one of the biggest affairs of that kind he ever saw, eclipsing the Ak-Sar-Ben parade in Omaha. Ed Rummel did not return with him but expected to go on further South before he comes home.

Henry Snyder will be paralyzed when he looks at his trunk. The boys tacked some old shoes on it at the depot, a bunch of flowers and then a few inscriptions, one of which read as follows "We got married but don't give it away. The trunk was checked through to its destination and Henry probably won't know anything about it until he sees his property going up street in an express wagon made conspicuous by its decorations.

H. G. Race of Weeping Water, was in town Wednesday morning and took the B. & M. train for Plattsmouth. Mr. Race was for a long time editor and publisher of a great reform newspaper in Weeping Water, and while he published a good paper it proved to be a money losing venture for Mr. Race and it is said he lost a fair sized fortune, and at last retired and entered the undertaking business and is now growing rich again. And the best part of it all is that he has had the unalloyed pleasure of embalming a number of his delinquent subscribers.—Louisville Courier.

Geo. F. Smith arrived last night from Missouri Valley, Iowa, where he is employed by the North Western railroad. He will visit his parents, Mr. and Mrs. D. B. Smith, over Sunday.

Death of Mrs. James Barker.

From Thursday's Daily.

Mrs. Mary A. Barker, wife of James Barker, departed this life at the family residence in this city at two o'clock this morning, after an illness of several weeks. The deceased was thirty-nine years of age, and was a sister of J. M. Craig. She leaves a husband and five children to mourn an irreparable loss. The youngest child is but four years of age. Mrs. Barker was a kind, devoted wife and mother, and was beloved by a large circle of friends. The funeral will take place from the M. E. church in this city at two o'clock Friday afternoon, June 3, Rev. F. A. Campbell officiating.

It is, or should be, the highest aim of every merchant to please his customers; and that the wide-awake drug firm of Meyers & Eshleman, Sterling, Ill., is doing so, is proven by the following, from Mr. Eshleman: "It my sixteen years, experience in the drug business I have never seen or sold or tried a medicine that gave as good satisfaction as Chamberlain's Colic, Cholera and Diarrhoea Remedy." Sold by all druggists.

Broke His Ankle

James Hickson was in Shiappacasse's new store room today and while scuffling with someone he stepped on a block of wood in such a way that it turned and broke his ankle, making a most painful injury. Dr. Humphrey was called and reduced the fracture and made his patient as comfortable as possible.

On the morning of Feb. 20, 1895, I was sick with rheumatism, and lay in bed until May 21st, when I got a bottle of Chamberlain's Pain Balm. The first application of it relieved me almost entirely from the pain and the second afforded complete relief. In a short time I was able to be up and about again.—A. T. Moreaux, Luverne, Minn. Sold by all druggists.

At Murray.

The ice cream social to have been given at the Christian church in Murray last Thursday evening, has been postponed on account of the rain, and will be gived next Saturday evening, June 4. The public is cordially invited to attend. A nice musical program has been arranged.

Offers More Troops.

Governor Holcomb has tendered two more regiments to the presidents, although, under the call, only one is required. It is thought two regiments may be accepted from the state whose loyalty and patriotism is second to none.

EXPERT'S EXCERPTS.

Gist of Mr. Hovey's Findings in the County Treasurer's Books—A Big Deficit.

PLATTSMOUTH, Neb., May 28, 1898—To the Honorable Board of Commissioners of Cass county, Neb.—Gentlemen: In compliance with the contract entered into with your board on the eighth day of December, 1897, I have made a thorough examination of the records of the office of treasurer of Cass county, from the ninth day of January, 1890, to the twenty-first day of February, 1898, and submit herewith a report of my findings in the same:

By reason of there having been no official counting of the cash on the night of January 5, 1898, it became necessary to continue my checking to and including the twenty-first of February, 1898, at which time the cash on hand and the balance in the various banks was counted by the state examiner.

I attach hereto error sheets, showing the place where each error occurred, and the amount of each item charged or credited to the various treasurers. Also a balance sheet showing the amount of money in the treasury and the various funds to which it belongs.

The general work of the office has been accurately done, although a very poor system of single entry books has been kept during the entire period. A new system has now been agreed upon, and will be inaugurated as soon as the work can be prepared.

In the course of my examination every receipt written during the entire period has been checked to the cash book, and with the few exceptions cited in the error sheets, the entire number—aggregating about 50,000—have been properly entered. The same may be said of the thousands of columns of additions, every one having been proven by me.

I have compared all entries of monies paid by your county to the state, and all apportionments, fees, etc., received by the county from the state, with the records of the state auditor, and find that they agree in all cases but one. This is a payment of $52 to your present treasurer, and was charged to him twice.

Since January, 1890, Cass county has paid to the state the sum of $324,654.80 as taxes, and in the same time it has received as state school apportionments $124,759.07. Between the seventh of June, 1889, and the twenty first of June, 1893, the $100,000 of B. & M. R. R. aid bonds were all paid off, leaving at the present time no obligation on the county but the $80,000 of court house bonds, bearing the low rate of five per cent interest.

Semi-annual statements are on file in the office of the county clerk showing the balance by funds turned over to each treasurer, the amount collected for each year, the amount disbursed and treasurer's fees charged to each, and the balance on hand. These are correctly compiled, with the exception of the district road and redemption funds, and cover the work of the treasury very completely.

Vouchers for all disbursements from the different funds have been carefully preserved, and are to be found in the clerk's office—with the notable exception of supervisor's receipts. Exceptions are but few, as will be seen by reference to the sheets of missing vouchers.

I can but commend the present board of commissioners for the thorough examinations made twice every year. In no other county have I found such complete work done by the county board.

The county clerk is keeping a record known as "clerk's account with treasurer," in which is entered all payments of school land principal, interest and lease, all fines, licenses and miscellaneous receipts. This is not generally found in the offices of Nebraska clerks, and its presence in your county has been of great assistance to me in making this examination.

Having now reported the conscientious and accurate work done by your county treasurers, I turn with regret to the exceptions.

The first errors discovered were in the redemption fund in the term of W. H. Cushing. Prior to 1891 a complete list was kept of all payments made to the treasurer in redemption of property sold for taxes, and also of money paid out by the treasurer upon surrender of the certificates. But this year the system was abandoned and only $117.65 of redemption money reported on hand at the close of the term. It was soon discovered that this fund was short, and $351.26 was turned in June 22nd, 1892, and the further sum of $.60.66 paid June 30th, 1892. These payments covered all deficiencies including an error in addition of $100.00 on page 134 collections of 1890.

Had it not been for the bad manner in which the district road account, and the supervisors receipts which enter into it, had been handled this examination would have been completed over a month ago. During the early years of this period no stamp was used nor other evidence by the treasurer of cancellation or redemption of supervisor's receipts, though every other warrant and voucher was plainly shown paid. This rendered it possible for the same receipts to be entered twice or even more, and for numerous other errors to be made. All those double entries, raised amounts of items and footings taken credit for by the treasurer, reduced the amount to be turned over and were the same to the treasurer as a like amount of money.

The regular state examiner, having covered the period from January, 1892, to June, 1895, and discovered no irregularities, demonstrates the fact that nothing short of a very thorough examination could be expected to bring them to light.

In 1890 and 1891 many glaring errors occur in the road fund. No receipts are found in many cases during 1890, but on turning the pages to the work of 1891, these identical items occur in the same district, and the receipts are found in the last year. On March 11, 1890, $108.00 were paid to the treasurer of Plattsmouth city and charged as a warrant paid. This same $108.00 is charged again as supervisors' receipts redeemed. In the July settlement of 1891, credit was taken by the treasurer from footings made in red ink of receipts cancelled. In six instances, amounting to $175.00, these footings were included and again taken credit for in the treasurer's final settlement. But perhaps the most condemning discrepancy is that of items being entered for the correct amount and afterward $10.00 or more added to each and the footings increased in these amounts. For example, in district No. 44, for 1891, $2.29, $1.13 and $1.02 were entered and receipts for these amounts were found. But the $2.29 was made to read $22.29; the $1.13 raised to $11.13 and the $1.02 changed to $11.02. No receipts are found for any of these increased items, although every other item in that period has a corresponding receipt. The sum of these raises is $40.00, and the red ink footing is plainly raised from $68.66 to $108.66. In district No. 62, vouchers are found for the following items $12.98, $15.00 and $8.52, the first red ink footing being $36.50, but the $8.52 was made to read $48.52, and the footing raised to $76.50 and credit taken for this increased amount. These cases are only a few of the many, and the irregularities cited are only a part of those found.

The "recapitulation" of ex-Treasurer W. H. Cushing shows the sum of $4,307.86 as the total of his discrepancies.

In the district road fund for '92, '93, '94 and the first part of '95, numerous errors were found in entering supervisors' receipts, and the sum of $1,000 has since been paid in as settlement in full of all deficiencies. This amount has been apportioned to the various funds entitled to receive the same, in a schedule attached hereto. With the exception of this fund, the accounts for the two terms of L. C. Eickhoff were kept with neatness and accuracy.

As shown by the accompanying balance sheet, there should have been the sum of $70,253.30 in the hands of A. R. Eckenberry, treasurer, at the close of office hours February 21, 1898. To cover this balance the state examiner found and reported a total of $71,138.28 to the credit of the treasurer as cash on hand and in the various depositories.

The above amount due the county is $9.51 greater than that reported by the treasurer, which amount represents the debtor balance of all the corrections and changes made by me. It also includes the change in the district road fund, my totals of which agree with the findings of the state examiner.

Many errors were found in the various district school funds during 1896 and the first half of 1897, but these do not appear in the treasurer's settlement, and so did not affect the cash on hand. It required many days of close work to get these funds in balance. This part of the work is now in charge of W. J. Streight and is being very accurately done.

I am indebted to the present treasurer and county clerk, and to their efficient and courteous deputies, for many favors shown me during the examination. Also to your board and to the county attorney for untiring support and actions in full sympathy with my efforts and the best interests of the county, without which these results could not have been secured.

Respectfully submitted.

E. P. HOVEY, Accountant.
