WE wish to acquaint the public with the following facts: There are imitation sapphires of quality superior to ordinary glass, but having no relation whatsoever to the natural or Mexican white sapphire, which is appearing in the market. To distinguish these from our Mexican white sapphires, we suggest hydrofluoric acid test. This reacts on glass, but has no effect on Mexican white sapphires. To introduce this gem we are selling for 30 days at $3 per carat, guaranteed 100 years. DeLong Jewelry Co., 203 McCague Bldg.
