GOOD NEWS!

For the People of Nebraska

Every Farmer Wants It—
Every Builder Wants It—

WANTS WHAT?

The right to use *B. S. FOREMAN'S*

Timber Preserving Composition,

Which will harden and effectually prevent from decay any structure built of wooden material, either hard or soft, lasting it from burning, and makes it proof against the ravages of grubs, worms, and all kinds of insects.

It costs but two cents to preserve a common Fence Post.

The undersigned having purchased the right for that portion of Nebraska south of the Platte river, offers County rights for sale at reasonable prices. Farmers and capitalists are buying County rights, and selling out in Farm rights, thereby realizing large profits, frequently making from

$3 000 to 6 000 Net Profits

On a county within a short time.

Call at CIN IN ATI HOUSE, Nebraska City, and examine specimens of preserved timber, or send for circular giving full particulars, with names of prominent men who testify to its value. It is but pleasant to show these specimens and explain the nature of this process, which is destined to be of the greatest value to the people of this section of country, when the scarcity of timber makes its preservation so important.

J. W. BRADLEY'S

CELEBRATED PATENT

DUPLEX ELLIPTIC

(OR DOUBLE SPRING)

SKIRT

The Wonderful Flexibility and great Comfort and Pleasure to any lady wearing the Duplex Elliptic will be experienced particularly in attending assemblies, Operas, Carriages, Railroad Cars, Church pews, Arm Chairs, for Promenade and House Dress the Skirt can be folded when in use in compact small space as easily and conveniently as a Silk or Muslin Dress, and is as much the quality in crinoline, and in any thing a Spring Skirt.

A Lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day, will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

They will not bend or break like the Single Springs but will preserve their perfect and graceful shape when three of four ordinary Skirts will have been broken and rendered useless. The Hoops are covered with double and twisted thread, and the bottom rod is not only double springs but twice of double covered; preventing them from wearing out when dragging down stairs, &c.

The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion editresses as the *Standard Skirt of the Fashionable World!*

To enjoy the following inestimable advantages in crinoline, viz: superior quality, perfect manufacture, stylish shape and finish, flexibility, durability, comfort and economy, enquire for J. W. Bradley's Duplex Elliptic or Double spring Skirt, and be sure to get the genuine article.

CAUTION—To guard against imposition be particular to notice that skirts offered as "Duplex" have the red ink stamp, viz: "J. W. Bradley's Duplex Elliptic Steel Springs," upon the waist-band—none others are genuine. Also notice that every Hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together there, which is the secret of their flexibility and strength, and a combination not to be found in any other skirt.

For sale in all Stores where first-class skirts are sold throughout the United States and elsewhere.

HARPER'S

New Monthly Magazine

Critical Notices of the Press.

It is the foremost Magazine of the day. The field never had a more delightful companion, more faithful to a more enterprising friend, than Harper's Magazine.—*Methodist Protestant* (Baltimore.)

The most popular Monthly in the world.—*New York Observer.*

We must refer (in terms of eulogy to the high tone and varied excellence of Harper's Magazine—a journal with a monthly circulation of about 17,000 copies—in whose pages are to be found some of the choicest light and general reading of the day. We speak of this work as an evidence of the culture of the American people; and the popularity it has acquired is merited. Each number contains fully 144 pages of reading-matter, appropriately illustrated with good wood-cuts, and it combines in itself the gacy monthly and the more philosophical quarterly, blended with the best features of the daily journal. It has great power in the dissemination of a love of pure literature.—*Trubner's Guide to American Literature, London.*

The volumes bound constitute of themselves a library of miscellaneous reading such as cannot be found in the same compass in any other publication that has come under our notice.—*Boston Courier.*
