RADIO LICENSES TO STOP

Washington, May 27.—The federal radio commission today ordered the licenses of 162 radio broadcast stations terminated effective Aug. 1. The commission fixed Monday, July 9, in its offices at Washington for a hearing for each of the applicants whose station would be discontinued by the order.

The commission said it "has not been satisfied that public interest, convenience or necessity" will be served by granting a continuation of the licenses.

Most of the stations which will be abolished by the order are in the smaller cities and have a comparatively short service range. Ninety-one are in the fourth zone, composed of middle western states.

Among the stations whose licenses will be discontinued are:

KFOX and WNAL, Omaha.
KGBY, Columbus, Neb.
KGCH, Wayne, Neb.
KGDW, Humbolt, Neb.
KGBZ, York, Neb.
KGES, Central City, Neb.
KGFW, Ravenna, Neb.
KGEO, Grand Island, Neb.

The radio board will draw salaries for another year, by which time it is hoped adjustments may be made. These are to be made on basis of population in the several states, with wave lengths to be regulated.
