The people up the river are very enthusiastic on the subject and disposed to do their utmost to secure some means of transportation.

—We received a communication from Bloomington last Tuesday the 7th inst. stating that a railroad meeting had taken place at Bloomington and measures adopted to secure a general conference of the citizens of the valley. A Representative meeting was called for the eighth at Bloomington. Delegates were to be chosen from all the river counties. Notices were sent to the various towns along the river. We regret that our notice came so late as to render it impossible for this county to be represented.

ED. CHIEF:—The world still seems to move on in its usual way and winter is again staring us in the face. The farmers around here are somewhat behind with their work. A small part of the plowing done and only about one-half of the corn husked. The Riley Bro's have threshed with their Vibrator threshing machine about 9,000 bushels of wheat this fall, making an average of ten bushels per acre. Corn is turning out well. E. H. Hawley has five acres that was not cultivated that will go fifty bushels per acre. How is that for Nebraska? J. E. H.
