Creamery 22@25; fair to good, 12@15, choice dairy, 16@18; inferior grades, 8@10.

Eggs—The cold weather of the last few days has given eggs a little boom. Prices are now firmer at 23@24c.

Poultry—Is greatly improved and the old prices re-established and expected to remain firm from now until the holidays, providing the weather does not go back on us again. As it is an old experience that the last day or two preceeding the holidays generally bring a glut of poultry and often reduced prices instead of advanced, we would advise shippers not to hold off any longer than necessary but to ship right along while prices are fair.
