From Omaha to Bellevue the train passed over the ground at the rate of a mile a minute. From Ashland to Waverly, twelve miles in seventeen minutes, and from Waverly to Lincoln, seventeen miles in sixteen minutes.—Journal.

—The Episcopal Church Easter Sunday was very handsomely adorned with flowers, the arrangement being principally the taste of Mr. Llewellyn Moore which is a guaranty of their beauty. An exquisite cross stood in the font with a fringe of smilax and fuchsias below it and vines below that. Pink geraniums and English ivy adorned the communion table, smilax and Marechal Niel roses the antependium, and the beautiful smilax wreathed everywhere over the windows and arches. They have also calsomined the walls, newly oiled the seats and fixed things up generally, and whether it was the inspiring influence of the new surroundings or not we cannot tell; but the pastor, Rev. Mr. Burgess, just more than preached a good Sermon on Sunday. He really grew eloquent towards the end. If making needed improvements warmed the cleigyman up so grandly we advise the vestry to keep on improving. The Choir also did their share with some fine music.

—We learn that some ten or a dozen of our high school scholars have obtained situations as teachers throughout the county and are giving general satisfaction, among them Mr. L. Gilmour, son of J. C. Gilmour, who taught for a few days in one of our departments here *ad interim*. This is as it should be, fit our home talent to do duty at home and do it well. It speaks well for our high school.

—Notwithstanding the inclement weather the Ball given by the Liederkranz on Monday evening last was largely attended, carriages having been provided by the managers free of charge. This club know how to enjoy themselves and their pleasures are entered into with a zest which might be very worthily emulated by the Americans, in some points. The HERALD acknowledges with thanks complimentaries to the same.

—Doty's a brick! he crossed the Old Muddy right in the wake of the C. K. DIED.

TUTT—At the residence of J. D. Tutt, Wednesday, April 16th, at 12:30 p. m., JOHN H. TUTT, aged 82 years.

Services will be held at the residence of J. D. Tutt, at 2:30 to-day, Thursday.

Deceased was born in Culpepper Co. Virginia, in 1797, and has resided in this city 16 years. Since the death of his brother, last fall, he has been gradually falling until death at last released him from extreme suffering and the infirmities of age.

WATERMAN—Of Brain Fever, on Thursday night, April 10th, 1879, MARY BELLA, infant daughter of Dr. J. M. and BELLA R. WATERMAN, aged 1 year and 15 days.

Funeral services, conducted by Rev. R. F. Diffenbacher, were held at the First Congregational church at Louisville on Sunday the 13th. A very large concourse of sympathizing friends followed the remains to the Walradt Cemetery, where all that was earthy of darling little "Dottie," was quietly, solemnly and sorrowingly placed in the tomb.

The little darling babe was taken with that dread disease, the scarlet fever three weeks ago. From this she had almost recovered when she took a relapse, caused by cold and teething. From this she grew worse until death finally ended her sufferings.

All that medical aid and affection could do to relieve the little sufferer were lavishly given; but the call had come, and a few minutes before eleven o'clock, she, gently, and without a struggle passed into her eternal sleep. Darling little "Dottie" has come and gone. No purer spirit ever visited this earth. With her little childish prattle she was the happiest of the happy. Her mission on earth was short; but in a short twelve month, this angel spirit had taught the great lesson of Happiness, and then she took her flight away, to dwell in the spirit land. Just as the buds began to burst, she had come; just as the buds, in the next vernal cycle began to burst, this angel spirit went back to its home and its God.

Sorrowing friends gathered around her little bier. Affection's tears fell upon her still cold form; but a placid smile on her sweet infant face told that she was happier than we—happy with the angels in the spirit land. A long farewell to the sunlight of our home—to darling little "Dottie." B. S. R.

A Good Horse.

A. M. Holmes at Rock Bluffs has one of the best horses for farmers' use in the County. Half Norman and half English Coach, he has bone and muscle enough for anybody and yet he is not so heavy and ponderous as the full blooded Norman or Percheron that is usually brought to this country. We need heavier horses, and want to breed out of the pony stock, too common in this country in an early day, but the very heavy draft horse, the overgrown dray horse of France or Normandy is not just the best horse for our farmers; good sizeable horses with a quick lively step and fair road action is what we want. When those very large horses are used they haul immense loads short distances, moving about two miles an hour, or they cultivate two or three acres of ground very carefully with one horse, moving very leisurely. Where a farmer has to market his crops ten to fifteen miles from the farm and plow from forty to one hundred acres of ground he needs a lighter, quicker moving horse, provided they do not run into the other extreme of small pony stock. Take a look at "Young Napoleon" any way. See Bills for terms, &c. *

The Death Rate of

Our country is getting to be fearfully alarming, the average of life being lessened every year, without any reasonable cause, death resulting generally from the most insignificant origin. At this season of the year especially, a cold is such a common thing that in the hurry of everyday life we are apt to overlook the dangers attending it and often find too late that a Fever or Lung trouble has already set in. Thousands loose their lives in this way every winter, while had *Boschee's German Syrup* been taken, a cure would have resulted, and a large bill from a doctor been avoided. For all diseases of the Throat and Lungs, *Boschee's German Syrup* has proven itself to be the greatest discovery of the kind in medicine. Every Druggist in this country will tell you of its wonderful effect. Over 950,000 bottles sold last year without a single failure known.
