only white men in Dakota county. They supplied themselves with provisions from Sergeants Bluffs, a small quantity at a time, crossing the Mis-

They brought with them several ducks and proceeded to cook them over these men's fire and using their camp kottles.

Not being satisfied with this, they proconded to oppropriate their grub, which finished their repast they took the boat pin valued at \$50, Wednesday mornbelonging to these pionoers and pro-
