THE CITY.

The city clerk has issued 900 dog tags.

Superintendent Cook and Shaw will probably visit the hospital today and examine the wards of Ryan & Walsh relative to nurses.

Ben S. Baker, who is at present at Hastings at the session of the United States court, there, and is undergoing his first experience as United States district attorney.

The Nebraska benevolent society at its annual meeting received a report showing that upwards of $1,000 has been disbursed in the last year for the relief of the destitute. Officers were elected as follows: S. Cate, president; S. Belsley, first vice president; H. Newman, secretary; M. Hellman, treasurer; I. Adler, trustee, three years; Morris Meyer, trustee, two years; H. Kohn, trustee, one year.

Personal Paragraphs.

T. T. Maloney of Greeley is at the Casey.

A. D. Powley of Sutton is a guest at the Paxton.

G. W. Fanshaw of Kearney is at the Paxton.

John T. Wiseman of Lincoln is at the Millard.

C. T. Harris of Ashland is registered at the Casey.

W. R. Thomas of Tekamah is stopping at the Casey.

W. C. Catherwood of Hull is a guest at the Casey.

J. W. Love of Fremont is registered at the Paxton.

C. D. Middleton of Fullerton is a guest at the Millard.

Charles C. Wilson of Sterling is a guest at the Millard.

Thomas L. Sexton of Seward is stopping at the Millard.

George H. Thomas of Schuyler is stopping at the Millard.

Henry Crossman of Sutton is registered at the Millard.

J. M. Marsh of Grand Island is registered at the Millard.

John E. Wescand wife of Lincoln are stopping at the Paxton.

George R. Sherwood and wife of Hastings are guests at the Paxton.

Mr. and Mrs. C. T. Barnes of Florence left last night for Denver.

G. W. Irving and F. E. Calvert of Lincoln are stopping at the Murray.

E. H. Pomeroy and wife of Sidney are among the guests at the Paxton.

A. M. Dyer of Omaha was registered at the Palmer in Chicago yesterday.

Frank Sherre and wife of Battle Creek are among the arrivals at the Millard.

C. A. Leary, who is superintending the construction of the new Union Pacific shops at Cheyenne, is spending a few days at home.

T. L. Shafer, master in chancery of the federal court, has returned from Nuckolls county.

J. A. Tessman, J. W. Pelt, H. Smith and Robert Dales of Wisner are among the guests at the Millard.

E. W. Sherman, the popular clerk at the Paxton, has returned from Erie, Pa., where he was called by the sudden death of his sister.

M. D. C. Brooks has just returned from a two months' pleasure trip throughout Washington, Idaho, Montana and the Dakotas.

J. A. Skinner, superintendent of the Caledonia mining company, and A. A. Chouteau, capitalists of Deadwood, S. D., are registered at the Paxton.

C. H. Stransbury, the head clerk at the Casey, has returned from Marshalltown, Ia., where he has been spending a few days visiting friends and relatives.

Lieutenant Rosecrans of the Twenty-first infantry, stationed at Niobrara, with headquarters at Fort Omaha, is in the city for a few days.

J. Charles Davis, manager of the Kansas City Opera company, was in the city yesterday, and announced some of its attractions. He was accompanied by representatives from Kansas City, New York and Chicago, coming to Trans-Missouri, the west in Afghanistan, Egypt, the Transvaal and the South.

To Be Buried in Omaha.

Rev. P. V. McGinty, pastor of the St. Philomena's cathedral, said that he had received information which prepared him to hear, at any moment, of the death of Bishop O'Connor.

He also stated that the bishop had expressed a strong desire to be buried in Omaha.

Wild Fowl.

Fred Shafer, master in chancery, returned yesterday from Nuckolls county, whither he went to attend to the appraisement preliminary to foreclosure of a farm. While on this trip he sold at foreclosure sale another 160 acre farm in the same county for $5,000. Mr. Shafer reports that the Platte river is full of geese and even within five or six miles of Omaha he saw this splendid wild fowl in multitudes.

Still Under Ice.

The report current Monday that the Missouri river was rising is a mistake. The swift current is securely locked under thirteen inches of ice, and there is at present no likelihood of its breaking.

The United States signal officer looks after the rise and fall of the river from April 1 to October 1, but the remainder of the year United States Engineer Potter of the Missouri river commission, is the sole public observer of the changes in the stream.

Announcements.

Those famous artists, Sarasate & D'Albert, will give a farewell concert at the Grand opera house Monday evening, March 17. The programme selected for their return includes some of the best known compositions and is an entire change from their last concert. Special trains will be run from Lincoln and Sioux City, and a crowded house is anticipated. The sale of seats begins Thursday morning, March 13, at 9 o'clocks. Numbers will be given at 8 o'clock.

Seymour Blindfolded.

At 8 o'clock Seymour, the mind reader who is playing an engagement this week at the Eden Musee, gave his driving test, which proved very successful. A committee of men, hid a lead pencil in a safe at the Caulfield house, then returned to the Musee where Seymour was waiting for them. They got into a hack. Seymour mounted the driver's seat and blindfolded drove direct to the place where the article was concealed. Before designating the spot in which the pencil was located he described to them the object they had hidden. A large crowd witnessed and applauded the performance.

Francis Murphy in Omaha.

Francis Murphy, the eminent temperance orator, inspected Tun Bee building yesterday. Mr. Murphy is suffering from a severe cold and sore throat, which is hampering him considerably in his work. He will speak in Grand Island at an early date, but engagements will prevent his addressing an Omaha audience. He spoke enthusiastically of the results of his efforts in Iowa. Many drunkards signed the pledge and are now wearing the blue ribbon.

Mr. Murphy has lost none of the magnetism and kindly presence which has always drawn to him men of every degree. His hair and moustache, which was to be jet black, have grown quite gray, and he has added dignity to his bearing.

[illegible] Presbyterian, under the auspices of Omaha Relief Corps, Department of Nebraska, G. A. R., [illegible] evening, March 14, [illegible] Prof. Swing will deliver a lecture on "Lincoln," for the benefit of the Omaha Relief Corps. Tickets, 25 cents. Reserved seats can be secured at Kiplinger's music store on and after Thursday morning.

Cured After Years.

[illegible] Thousands of people have been cured by Dr. Miles' Nervine of nervous prostration, nervous headache, sleeplessness, nervous chills, fits, dizziness, etc. Free samples at Kuhn & Co.'s drug store, 15th and Douglas.

BLACK HILLS MEN.

They Want Their Railroad Facilities Improved.

A dozen men of business and business affairs from Rapid City, Dak., reached Omaha Monday night on business connected with that section and its development. R. C. Lake, H. S. Hall, V. T. McGillycuddy (formerly Sioux Indian agent), James I. Grigsby (secretary Rapid City board of trade), J. R. Brennan and C. E. Price compose the party.

While here they remain to consult wholesale merchants and officials of the Elkhorn road with a view to having their transportation and shipping facilities to and from the Black Hills improved, also to establish more commercial relations with Omaha.

That country, according to the statement of these gentlemen, is rich in undeveloped resources, for which Omaha is the natural market and would be greatly benefited by could the railroads be induced to give the territory a fair show in rates and train service. They make personal bids up there going to the famous St. Louis lead, have sandstone, marble, fire clay, plaster, decorating tile and gem plants of Paris in great quantities, which, if developed, would be the source of great industry and give employment to large numbers of men. The Elkhorn and Burlington roads have shown a friendly disposition towards the Black Hills region, but the situation demands still larger and better facilities.

LIFE INSURANCE MEN.

A State Association Nearly Thirty Millions Carried in Nebraska.

The managers of the various regular life insurance companies, authorized to do business in Nebraska, are rejoicing over the fact that they have perfected a state underwriters' association, the object of which is to advance and protect the interests of life insurance and also promote friendly business relationship among the various representatives. The managers of the leading companies who were present were: Messrs. N. L. Roehr, N. Y. Life; W. J. Parker, New England Mutual; H. D. Neeley, Etna; O. H. Jeffers, Massachusetts Mutual; John Steel, Northwestern Mutual; W. J. Crowell, Home; H. A. Lyman, Pennsylvania Mutual; C. W. Johnson, Mutual Benefit; O. H. P. Hale, Equitable; W. J. Hayes, Travelers; Mayhew & Sherwood, Pacific Mutual; C. L. Meshler, of Lincoln, National.

Nearly thirty millions of life insurance was carried, it is said, in Nebraska in 1889, and the companies have, during the last decade, assisted Nebraska with nearly ten million dollars. The aim of the association is to strengthen the confidence between the policy holders and the companies, to assist in the fields of investments, promote more friendly competition between agents and protect the public against unworthy companies and dishonest agents.

The following gentlemen were elected officers for the ensuing year: W. J. Parker, president; H. D. Neeley, first vice president; O. H. Jeffers, second vice president; E. H. Mahew, secretary; M. A. Roeder, treasurer; executive committee, John Steel, W. J. Parker, E. H. Johnson, O. H. P. Hale, M. A. Roeder, chairman; press committee, H. O. Lyman, W. J. Crowell, N. Sherwood, A. R. Roeder, chairman.

COUNCIL BLUFFS DEPOT.

The Attempt of that City to Secure a Large One.

A strong delegation of the leading business men from Council Bluffs, who are trying to have the railroads build a fine union depot in that town, was in Union Pacific headquarters yesterday on business having reference to the subject under consideration. Among them were W. A. James, W. H. M. Pusey, Samuel Hess, T. L. Evans, Horace Everett, N. S. Dodge, John Churchill, C. J. Wright and William Moore, representatives of some of the various corporations who would probably be interested in the creation of such building, were also present.

[illegible] appeared for the Union Pacific. The conference was held in Vice President Holmes's office, and behind doors so well guarded that reporters failed to gain admission.

The Buccaneers of Old

Paented the skull and cross-bones, their emblem, defiantly at the masthead. Your modern pirate, not on the high seas, but upon the high reputation of standard remedies, skulks under various disguises. His success in crime (?) has never to any degree effected Hostetter's Stomach Bitters, although that standard invigorant and preservative has long been the shining mark at which his sniffs have been directed. Check local bitters, composed of fiery, unrectified stimulants, with an infusion, or extract possibly, of some tonic bark, are still sometimes recommended as identical with, or similar to, or possessing virtues kindred to those of America's chosen family medicine. These penal spendthrifts, while the great sufferer and preventive of disease pursues its successful career, overcoming malaria, dyspepsia, nervousness, kidney troubles, constipation and rheumatic ailments, not only on this, but on many continents.

PARNAM STREET PAVEMENT.

Mr. Squires Says There is a Movement to Change It.

C. L. Squires, agent for the Barber Paving company, was seen yesterday, and in reply to a question by the reporter said:

"Yes, I have heard of a proposed change of the pavement material of Parnam street from granite to asphaltum, in fact it is no new thing. For several years the leading property holders and tenants along that street, such men as Dr. George L. Miller, Kitchen Bros., Paxton hotel, Milton Rogers & Sons, B. E. Smith, A. L. Straus, Dewey & Stone, Max Meyer and Bro., John Lotz, Charles Beloudorff, S. P. Morse, S. A. Orchard and others have realized that the rough granite pavement was a detriment to travel on the street, and consequently an injury to their business. Dr. Miller has predicted time and again that the pavement would be changed to asphaltum, and Mr. Morse, though only owning a lease on his building, has twice offered to pay all the expense of paving opposite his building and would get his money back for it. It is only necessary to walk down the street to see how it is going down. Thompson & Belden have taken the old Barr store, which will leave Parnam below Fifteenth without a single dry goods store, whereas a few years ago all the business was done there.

"In regard to bogus certificates and petitions I have this to say: Some ten days ago Max Meyer came to me stating that he and Paxton were moving in the matter of changing Parnam street to asphaltum and asked for a proposition from our company as to the cost of making the change. I gave them my figures and they must have been satisfied since the petition is now in circulation and has the signatures of some of the leading property holders on the street.

"As to the talk about the cost of Sixteenth street, which was paved with asphaltum in 1888, it is claimed in Tun Bee that the street has been repaved, in whole or in part, three times. This is how that happened. In the original work, by consent of city officials, the stone toothing along the street car tracks was omitted, and the asphaltum in jacking the support gave way. Then we put in a strip along the tracks of asphaltum several inches thick, at the suggestion of the board of public works, as a substitute, that was one experiment. This also failed and we put in the blocks, that was the second time, and the third time was when we thoroughly overhauled the street just before our guarantee expired.

"In conclusion I would like to call attention to the fact that the traffic of the street since our pavement has been used has increased from almost nothing to 7,000 vehicles a day, while Parnam from a traffic of 1,000 teams a day in 1886 has fallen off to 600 or 700 daily. That's what troubles the Parnam street people."

In another column of Tun Bee is an item headed "Strong Language." It is an advertisement worth reading. Those who have spent $5 or $10 curing a cold and perhaps still feel the effects of it or have been annoyed by one for two or three weeks will appreciate what Mayor Coughlan has to say. Chamberlain's Cough Remedy, of which it seems has made just friends in Omaha during the past few months.

A BAD SPELL.

A merchant's clerk wrote a check for forty dollars, and spelled the numerical adjective "f-o-r-t-y-." His employer directed his attention to the error, with the remark, "You seem to have had a bad spell this morning." To which the clerk replied, "Sure enough; I've left out the 'G-h.'" Let us hope the clerk will still further amend his orography, meanwhile, if anybody is suffering from a "bad spell" of headache, unpleasantness by constipation, overeating, or other indiscretion, let that person ask his druggist for Dr. Pierce's Pleasant Purgative Pellets. They are entirely vegetable in composition, and act promptly and effective in action. They are *specific* in all derangement of the liver, stomach, and bowels. They are strongly cathartic in mildly laxative according to size of dose. Unequaled as a Liver Pill. Smallest, cheapest, easiest to take. One fruit, Sugar-coated Pellet a dose.

WHAT AILS YOU?

Do you feel dull, languid, low-spirited, listless, and indescribably miserable, both physically and mentally, experiencing a sense of fullness, or bloating after eating, or a "goneness," or emptiness of stomach in the morning, tongue coated, bitter, or bad taste in mouth, loss of appetite, dizziness, frequent headaches, blurred eyesight, "floating specks" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flushes, alternating with chilly sensations, sharp, biting, transient pains here and there, cold feet, drowsiness after meals, weakness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity.

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, Dr. Pierce's Golden Medical Discovery will subdue it if taken according to directions for a reasonable length of time. One or two of Dr. Pierce's Pellets taken daily with the "Discovery" will add to its efficacy in cases where liver is very torpid and the bowels constipated.

"Golden Medical Discovery" is the only medicine of its class guaranteed to do all it is represented to accomplish, or money paid for it will be refunded. World's Dispensary Medical Association, Proprietors, 663 Main Street, Buffalo, N. Y.

DRS. BETTS & BETTS

1405 Farnam Street, Omaha, Neb.
(Opposite Paxton Hotel.)

Office hours, 9 a. m., 4 p. m. Sunday, 10 a. m. to 1 p. m.

Specialists in Chronic, Nervous, Skin and Blood Diseases.

Consultation at office or by mail free. Medicines sent by mail or express, securely packed, free from observation. Guarantees to cure quickly, safely and permanently.

NERVOUS DEBILITY Spermatorrhœa, seminal losses, Night Emissions. Impotency, arising from indiscretion, excess or indulgence, products, sleeplessness, despondency, pimples on the face, aversion to society, easily discouraged, lack of confidence, dull, dull, forgetfulness, and finds life a burden. Safely, permanently and privately cured. Consult Drs. Betts & Betts, 1405 Farnam Street, Omaha, Neb.
