HAIR RENEWER

As the name indicates, it not only RENEWS the growth of the hair when thin and falling off, but it will positively RENEW THE COLOR to its original hue when it is turning grey or white, whether caused by disease, grief or old age.

It will certainly do what is claimed for it, a fact which hundreds, nay, thousands who have used it are ready and willing to testify. When one bottle is fairly used, in any community, its reputation "spreads like wild fire," and is the best advertisement and recommendation we desire. In the Eastern States, where the "RENEWER" originated, it is used by all Young Ladies as a Dressing, and is to be found on the toilet tables of Young Men, (also at their barbers;) while Older Men and Women will not be without it, as a renewer and restorative for their grey locks and bald heads, which it changes to their entire satisfaction.

We are selling in the city of Boston alone, upwards of 10,000 bottles per month, the dealers giving the RENEWER the preference over all other Hair Preparations.

If not sold by Druggists in your town, a *Trial Bottle* will be sent you by Express, upon receipt of one dollar by mail—thus giving you an opportunity at once for testing its excellent virtues.

Orders for Trial Bottles, must be addressed to our General Agent for the Northwestern States, C. A. COOK, Box 6524, Chicago, Ill. All such orders will receive prompt attention.

ROOFING

Suitable for Steep or flat roofs.

ROOFING

Not injured by heat or cold

ROOFING

Easily and rapidly applied.

The most of the materials employed in the construction of this Roofing, have been used in various ways for roofing purposes for over fifteen years and our manner of combining them into one firm, impermeable, uniform fabric, secured by Patent, increases their durability, while at the same time being manufactured by machinery on a large scale, the cost is lessened. Our Roofing is adopted to buildings of all descriptions, and in all climates, and can be applied to steep or flat roofs, old or new and by ordinary workmen at a trifling expense. For uniformity of quality, completeness of finish, facility of application, cheapness and durability, we invite a thorough trial. We also manufacture

LIQUID CEMENT.

For Leaky Tin and Iron Roofs.

Much cheaper and more durable than oil paint, as it forms a much heavier body and will not crack run or flake off.

AN ILLUSTRATED CATALOGUE, containing full description of style, and testimonials of the most eminent Musicians, as to the superior excellence of our instruments—will be sent free to any address.

THE AUTOMATIC ORGANS.

In presenting the Automatic Organ, we boldly announce the greatest triumph in musical instruments of the age. During the past half century, the French and Germans have manufactured reed instruments with double bellows, and two pedals for the feet to operate, but the want of the reversed or Exhaustion Bellows, (which is the only bellows used in our instruments), made it impossible for them to produce the mellow, rich and musical tone for which our instruments are celebrated.

Another objection to this method of blowing was that, both feet being occupied, no opportunity was offered for the management of the swell. Within the past two years, instruments constructed on this European plan of "double blowers," have been manufactured in this country, and to counteract this difficulty (want of a swell) a lever has been projected from the centre of the instrument to act upon the swell, and operated by the knee. The inconvenience and contortion necessary to effect this object are disagreeable enough to a gentleman, but to a lady the use of such an appendage is nearly impossible.

Our Automatic device obviates this difficulty entirely, the simple act of blowing with more or less force giving the desired increase or decrease in the volume of tone.

For seventeen years the superior excellence of our Melodeons has not been questioned, and for two years past the enormous demand has made it impossible for us to meet our orders promptly. With our increased facilities, we feel warranted in assuring our patrons that their orders will be promptly met, and solicit a continuance of their patronage.

GEO. A. PRINCE & CO.

Caution to Purchasers.

All our instruments have upon the name board, in full, "GEO. A. PRINCE & CO." When a dealer represents any other instruments as "the same as ours," it is usually a mere attempt to sell an inferior instrument, on which he can make a large profit.

P. S.—A liberal discount to Churches, Clergymen and Schools. Address,

PROSPECTUS

OF THE

For the Year 1864,

DAILY, TRI-WEEKLY & WEEKLY

The war drama is approaching its highest point of interest. This year will probably consumate the Doom of the Rebellion, witness the National Government restored in the fallen States, these regenerated, and Slavery obliterated from the land. The events of will be among the most momentous in the History of the Country, and doubtless will include the return of Peace, and the entrance of America upon a new career of unparalleled greatness and prosperity. With Labor vindicated from the reproach of serfdom, the People will stand upon a higher platform of intelligence and power, and feel a still profounder interest in all the details of the progress of their own and other lands. The old world is entering upon a new series of commotions, to terminate in the triumph of Democracy beyond the Atlantic; while emigration to America will acquire a new and tremendous impetus, augmenting immensely our productive power.

The stirring events of the times will be graphically depicted in the colums of the DEMOCRAT, which we are resolved to render more valuable and attractive than ever as a faithful

Mirror of Passing History.

Inspired by the spirit of Democracy—acknowledging no leader but Truth—The MISSOURI DEMOCRAT will continue to be solely the Organ of the People, and prompt to denounce and repudiate any political or military aspirant who seeks to betray their cause.

In addition to our War News, we shall continue in our Weekly paper, the Weekly News Summary, and also an abstract of the proceedings of Congress and of the Proceedings of Legislatures of Missouri and Illinois.

Our Tri-Weekly, will contain as heretofore all the Important News, Local and Commercial Reports of the Daily.

The stories in "Peterson" are conceded to the best published anywhere. Mrs. Ann S. Stephens, Ella Rodman, Mrs. Denison, Frank Lee Benedict, the author of "Susy L's Dairy," T. S. Arthur, E. L. In its Illustrations also, "Peterson" is unrivaled. The publisher challenges a comparison between its superb Mezzotints and other steel engravings, and those in other Magazines, and one at least is given in every number. Colored fashion plates in advance: It is the only Magazine whose Fashion Plates can be relied on. Each number contains a Fashion Plates, engraved on steel, and colored—from Fashions later than any other Magazine gives also, a dozen or more New Styles, engraved on Wood; also, a Pattern from which a Dress, Mantilla or child's Custome can be cut, without the aid of a manton-maker—so that each number, in this way, will save a year's subscription. The Pris, London, Philadelphia and New York Fashions are described at length each month. Patterns of Caps, Bonnets Head Dresses, &c., given. Its colored patterns in embroidery, crochet, &c.

The Work-Table Department of this Magazine is wholly unrivaled. "Our New Cook-Book."-The Original Household Receipts of "Peterson" are quite famous. For 1864 our "Cook-Book" will be continued: Every one of these receipts has been tested. This alone is well worth the price of "Peterson." Other Receipts for the toillette, sick-room, &c., &c., will be
