HOW TO PREPARE THE GROUND.

To all who wish me to do their Fencing prepare you ground in the following manner: If it is Prairie plew a strip one rod wide leaving a dead furrow in the centre, plow from one and a half to two inches deep; in the Fall harrow it, then back furrow it; again in the Spring harrow and your ground is ready for the Plants. In old ground back furrow in August before the weeds go to seed.

His Solid and Fluid Extracts embody the full strength of the ingredients of which they are named. They are left to the inspection of all. A ready and conclusive test of their properties will be a comparison with those set forth in the United States Dispensatory. These remedies are prepared by H. T. Helmbold, a druggist of sixteen yeaes' experience in this city, and we believe them to be reliable; in fact, we have never known an article lacking merit to meet with a permanent success, and Mr. Helmbold's success is certainly prima facie evidente.
