2. If any person orders his paper discontinued, he must pay all arrearages, or the publisher may continue to send it until payment is made, and collect the whole amount, whether the paper is taken from the office or not.

3. The courts have decided that refusing to take newspapers and periodicals from the post-office, or removing and leaving them uncalled for, is *prima facie* evidence of INTENTIONAL FRAUD.

A son of Gen. Totten of Omaha was successful competitor for the West Point Cadet-ship at Omaha last week. Dr. Livingston was one of the examining board.

Fox, the express man, still survives and has stopped the HERALD because we said he looked sheepish, after buying a quarter of mutton at Hatt's. His slate still hangs out at the express office though, where you can leave all orders for town delivery.

Our town looked lively enough Saturday, certainly. We have seldom seen the streets so full of wagons, stock and people, and the hum and rattle and roar rolled up to our office likeunto the surging of a living sea in some vast emporium of the world's greatness.

The Sewing Machine wagons are on the increase and are perfectly gorgeous this spring, every separate firm endeavours to head off its neighbors and get the most astounding and demolishing combination of letters and colors to distinguish or extinguish their champion or victor outfits.

Our subscribers must not feel offended at Duns now and then. We must have money to run this machine, and we advocate all your *real* interests free of charge. Just now our job work is very dull, and all our other resources are comparatively cut off, and we wou'd thank our friends to come forward and settle their subscriptions *now*.

A. W. White, our well known young grocer has "changed his spots" but not his obliging manners, nor the quantity of his goods. He now holds forth in the Brick Store formerly occupied by the Tutt's, and still further back by Frank White, his Father. At this place you will always find Mr. W. ready and willing to attend to your wants.

The *Union* last night suggested that President Dillon take hold of the Trunk Line and build it at once. An excellent sggestion. It will be the most valuable investment the Union Pacific can make.—*Republican.*

Its astonishing how much sense that little *Union* has, can't the R. R. Co. see it through their spectacles?

THE LITTLE BOQUET MAKER.

Our table has been decorated lately with several very pretty boquets brought to us by the little daughter of Mr. S. West. We return her a great many thanks, and assure her they have afforded us much pleasure.

We have been shown lately several very handsome dresses which Mrs. Whitcomb, late of Plattsmouth, has been making for ladies here. Mrs. Whitcomb informs us that she finds more work to do in Omaha than she can accomplish, almost, and from the number of girls busily employed in her work rooms we should judge such to be the fact. The taste displayed in some of the dresses place dressmaking almost among the fine arts. Ladies desirous of having a handsome dress made cannot do better than to visit her.

The greatest irrepressible conflict that this town enjoys, next to the W. W. W. and the saloon men, is the spatting of Joe. Connor and Thatcher, commonly known as "Connor" and "Tatch." From early morn till dewy eve, they keep it up, first one's ahead and then t'other. Now and then they rope an outsider in and make him a victim but as most of Cass County is getting too sharp for them they soon fall back on each other, and the amount of chin music they waste in a day at a dime a word would pay off the national debt in six months or more.

Azro Smith, the Rock Bluffs vegetable man, seems to be the most successful sweet potato culturist we have. He has half a dozen men at work and yet can't supply the demands.

NOTICE.

COMMON COUNCIL PROCEEDINGS.

Monday Morning, May 25th, 1874.

EXTRA SESSION.

Present — Cushing, Johnson, Wayman, Pollock, Newman. The subject of taxes, was the matter in hand, and the meeting being held in the day-time many were absent, and four of the Councilmen were sent for by the President of the Council, and brought in under the sheltering wing of the tall City Marshal. When a quorum were present, and Mr. Cushing in the chair, the business of equalizing the City taxes was entered upon and a lively deal ensued. The Marshal was kept busy; F. J. Clements was sent for, (the Assessor) and the Marshal brought C. J. Cummins; then C. H. Parmele was wanted, and after much talk, and equalizing Parmele way up and then dumping him down again, the honorable Court finally received his sworn statement and called it square. The Bank taxes then came up, and were equitably adjusted. A long, long, "simmer afternoon" those sweating, panting Aldermen, adjusted and re-adjusted, and the HERALD adjusted and re-re-adjusted and equalized, and unequalized, but no way that we could fix it but that convinced us more and more surely, that the hard side of the plank is up in those Council room chairs, and so we leave the board to their fate.

Centaur Liniment.

There is no pain which the Centaur Liniment will not relieve, no swelling it will not subdue, and no lameness which it will not cure. This is strong language, but it is true. Where the parts are not gone, its effects are marvellous. It has produced more cures of rheumatism, neuralgia, lock-jaw, palsy, sprains, swellings, ear-ache, caked-breasts, scalds, burns, salt-rheum, &c., upon the human frame, and of strains, spavin, galls, &c., upon animals in one year than have al other pretended remedies since the world began. It is a counter-irritant, an all-healing pain-reliever. Cripples throw away their crutches, the lame walk, poisonous bites are rendered harmless, and the wounded are healed without a scar. It is no humbug. The recipe is selling as no article ever before sold, and it sells because it does just what it pretends to do. Those who now suffer from rheumatism, pain or swelling deserve to suffer if they will not use Centaur Liniment. more than 1000 certificates of remarkable cures, including frozen limbs, chronic-rheumatism, gout, running tumours, &c., have been received. We will send a circular containing certificates, the recipe, &c., gratis to to any one requesting it. One bottle of the yellow wrapper Centaur Liniment is worth one hundred dollars for foundered or sweenied horses and mules, or for screw-worm in sheep.—Stock-owners—this liniment is worth your attention. No family should be without Centaur Liniment. J. B. ROSE & Co., New York. 46-1y
