railway bonds show a decline. Sales were $2,521,000. The largest trading was in Erie 2d consols ex-June coupon, Northern Pacific 2ds and Oregon Transcontinental 1sts. Declines were not large. What, with the strike on the southwestern system of roads and rumors of similar strikes elsewhere, the continuation of the fight among the Transcontinental lines with lower rates reported, and rumors about a Western Union dividend being passed, Wall street did not take a very roseate view of the stock situation. First prices were generally ⅛@⅜ per cent lower, and there was a drooping tendency until 1 o'clock, with only slight reactions. The lowest prices were generally made at about 1 o'clock. Changes this evening, as compared with yesterday, are about equally divided between small gains and losses. A notable exception is Canadian Pacific, which lost 1⅜ per cent. The market closed about steady.

OMAHA WHOLESALE MARKETS.

Wednesday Evening, March 10.

General Markets.

EGGS—The receipts were not as heavy as yesterday. It is not safe to quote above 10@10½.

BUTTER—No new features have been developed in the market, and values remain about steady at former quotations. Very choice country rolls sell fairly well, but the demand for the medium and poorer grades is exceedingly light. A greater portion of the receipts of medium and inferior grades is turned over to the butter packers where it is reworked and shipped to eastern markets. The city trade will take nothing except the best grade, only the very choicest grades of table butter will bring top prices. Choice rollsare quoted at 13@16c; fair to good, 8@10c; inferior, 4@6c; creamery, in 1 lb bricks, 30c. Country shippers by handling their butter with more care so that it will present a better appearance on its arrival to market, would realize better prices in many instances.
