WANTED, THE DEAF TO HEAR.
The gold medal awarded the Hutchinson Acoustic company, of New York, manufacturers of the Acousticon, to enable the deaf to hear—the Massacon, for the correction of catarrhal deafness, is a fitting tribute to the exhibition, which has perhaps attracted more attention from the general public than any exhibit in the Electrical Palace.
The inventor of these instruments was presented with a magnificent gold medal, appropriately inscribed, by her majesty, the Queen, in 1902.
A most interesting sight of the Fair has been the deaf and dumb children being taught to speak and hear by means of these wonderful instruments.
