The Most Desirable Bargains in Omaha Real Estate

have been collected and published in the real estate columns of today's Sunday Bee. The offerings today are unusually attractive and care has been taken to make it as easy as possible for interested people to get the latest information on values and conditions.

It is doubtful if any other city approximating the size of Omaha can offer such splendid opportunities in real estate investments. Its position in the world of commerce, stability of business and steady and consistent growth are almost incomparable.

Real Estate is consequently worth while studying and intensely interesting to the man who wants to make money on his investment with a minimum of risk.

These real estate announcements may be found in the Classified Section of today's Bee.
