DO YOU WANT A CALENDAR.

The biggest—and best—calendar ever issued by any American railroad is now being distributed by the Burlington Route.

It has twelve sheets, one for each month of the year. On each sheet is a striking illustration of some feature of of the Burlington's service or of the teritory reached by its lines—the governments fast mail running at full speed; a tourest car on its way to California; engine 1591, the largest passenger engine in the world; a library car; a compartment sleeper; the Burlington station at Omaha; a dining car; a monster freight train; Estes Park, Colo; the plunge bath at Hot Springs, S. D., Yellowstone Falls, etc.

The drawings from which the pictures were made are by Louis Braunhold, of Chicago, and cost several hundred dollars.

The size of the callendar is 22x28.

The dates are in big type which can be read at a distance of 50 feet. For business offices the Burlington calendar is simply invaluable.

Purchased in large quantities, the calendars cost the Burlington Route 27 cents apiece. With postage, packing, etc., they represent an investment of about 35 cents. Our price is 25 cents—10 cents less than cost. Write for one; stamps will do. If it is not satisfactory, send it back and your money will be promptly refunded.

There is no better medicine for the babies than Chamberlain's Cough Remedy. Its pleasant taste and prompt and effectual cures make it a favorite with mothers and small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tens of thousands of cases without a single failure so far as we have been able to learn. It not only cures croup, put when given as soon as the croupy cough appears, will prevent the attack. In cases of whooping cough it liquifies the tough mucus, making it easier to expectorate, and lessens the severity and frequency of the paroxysms of coughing, thus depriving that disease of all dangerous consequences.
