THE U. S. Navy is today composed of the finest body of picked men in the world. It has no place for the never-do-well or the failure.
More than 1,000 men apply for positions in the Navy each week. Only 20 per cent of these pass the examination and are accepted. This shows that the Navy picks its men with rigorous care and pains.
The Navy does not urge any man to enlist. But it does urge both parents and sons to investigate the opportunities the Navy offers young men (17 to 35), either as a four years' training or as a life's work.
The life is healthful, the work agreeable, environment wholesome and helpful, and the man who wishes to learn by study and travel or to earn a trade will find ample opportunity, as will the man who desires to save money and win promotion and retirement on three-fourths pay.
The nearest Navy Recruiting Station is at the Postoffice Building, Omaha, Neb. The officer in charge will be glad to see parents and sons and explain everything you wish to know about work, pay, promotion, retirement, recreation, etc. Or send for "The Making of a Man-o'-Warsman," it is free. Address Bureau of Navigation, Box 209, Navy Department, Washington, D. C.*
