CASTORIA

for Infants and Children.

THIRTY years' observation of Castoria with the patronage of millions of persons, permit us to speak of it without guessing.

It is unquestionably the best remedy for Infants and Children the world has ever known. It is harmless. Children like it. It gives them health. It will save their lives. In it Mothers have something which is absolutely safe and practically perfect as a child's medicine.

Castoria destroys Worms.
Castoria allays Feverishness.
Castoria prevents vomiting Sour Curd.
Castoria cures Diarrhœa and Wind Colic.
Castoria relieves Teething Troubles.
Castoria cures Constipation and Flatulency.
Castoria neutralizes the effects of carbonic acid gas or poisonous air.
Castoria does not contain morphine, opium, or other narcotic property.
Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep.
Castoria is put up in one-size bottles only. It is not sold in bulk.
Don't allow any one to sell you anything else on the plea or promise that it is "just as good" and "will answer every purpose."
See that you get C-A-S-T-O-R-I-A.

The fac-simile signature of Chas. H. Fletcher is on every wrapper.

Children Cry for Pitcher's Castoria.

Supervisors' Proceedings.

A PICTURE OF HEALTH TODAY.

MRS. MOORE WAS SINKING---- PAINE'S CELERY COMPOUND MADE HER WELL.

The people have given their verdict! Every state, county and most humble village has had a voice in it.

There is a consensus of testimony from all America to the fact that Paine's celery compound is making sick, tired-out, nervous men and women well and strong again.

There have been published by thousands in every state in the country, this spring, testimonials from people in every station of life in those states telling of the many, many cases where this greatest of all remedies has made people well.

The Chief has published the unsolicited testimony of well-known and highly esteemed people in Red Cloud who have found health and strength in the remedy that was first prescribed by Prof. Edward Phelps, M. D., LL. D., of Dartmouth college.

Men and women of national reputation have written thankful letters on the same subject, which have been published the world over, and have called forth unasked for responsive letters from equally prominent men and women in other lands.

Below is a letter that commends itself in this spring month of May to every women in Red Cloud. It was voluntarily written to Well, Richardson & Co., by a lady whose portrait, given above, is assurance of her high character and honests disposition. She is Mrs. Robert M. Moore of Laporte, Ind., and she writes:

"Please accept my heartfelt thanks for the great good Paine's celery compound has done me. I do think that there cannot be too much said in its favor. I was completely run down a year ago, and had the advise and attendance of two of the best physicians in the town, who pronounced my sickness nervous prostration. I was treated by one for two weeks, and then went to another and at first he seemed to help me, but after a while instead of getting better I went from bad to worse.

"At the earnest solicitation of two of my children and a dear friend, who was very much interested in my case I commenced to take Paine's celery compound and took seven bottles, and am thankful to say that I am a well woman today. Considering the low state of health in which I was, my cure has been pronounced wonderful. You can use this communication as you see fit."

For recovery from the effects of too constant indoor work, worry, over-exertion of body or mind, and for the general depressed state of health that is so apt to result from a sedentary life of hard work and routine, Paine's celery compound is the one strictly accurate relief. It refreshes and restores the worn-out tissues, disposes the body to take on new flesh, and rapidly clears the system of the used-up elements that clog its healthy working.

Drudging indoor workers who seldom get a long breath of fresh air—and there are many such both men and women—recover viger of the nerves and vital organs through the use of Paine's celery compound.
