GRAIN AND PRODUCE MARKET

Further Depression in Wheat Prices Looked For This Week.

LOOKING FOR LOWER CORN PRICE

Oats Prices Keep Up in Spite of the Recent Crop and Large Receipts—Oats Trade to Make Room for Corn.

OMAHA, Oct. 16, 1912.

There will be further depression in wheat prices this week beyond doubt, as the market of late has depended much on cable news and the Liverpool market is decidedly weak. Foreign advices state that there is less apprehension regarding the Balkan outlook. Grain men have suggested each day that the domestic situation is bearish, considered independent of the foreign political news. If there is no fresh disturbance abroad, it is reasonable to expect that there will be a renewal of bear operations in the wheat trade. The very heavy northwest movement is the chief factor. Cash wheat ½c lower.

Weather conditions all over the corn belt are very fine. This will be on the side of sellers of the new crop months. Some traders advise selling pressure in the December be limited on breaks, while the enormous crop figures suggest heaviness and lower prices in the end. The action of the market will depend largely on the character of the offerings by corn raisers and prospect of the railroads' ability to move the corn to market. Cash corn, ½c to 1½c lower.

The stubbornness in the oats trade is surprising in view of the record breaking crop and large receipts. Receivers say shipping points must move oats to make room for corn. Cash oats, unchanged.

Clearances were 9,000 bushels of corn, 2,000 bushels of oats and wheat and flour equal to 328,000 bushels.

Liverpool closed 1⅛@1¼d lower on wheat and ½@1d lower on corn.

Primary wheat receipts were 2,144,000 bushels and shipments were 1,283,000 bushels, against receipts last year of 1,073,000 bushels and shipments of 735,000 bushels.

Primary corn receipts were 419,000 bushels and shipments were 365,000 bushels, against receipts last year of 716,000 bushels and shipments of 306,000 bushels.

Primary oats receipts were 1,280,000 bushels and shipments were 1,078,000 bushels, against receipts last year of 631,000 bushels and shipments of 359,000 bushels.

CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade.

CHICAGO, Oct. 16.—Wheat prices tumbled today in consequence of Italy and Turkey having made peace and because receipts in the northwest had resulted in a railway blockade. There was a nervous close at 1⅛c to 1¼c under last night.

Huge receipts at primary centers prevented the bulls from bringing about more than a slight rally in wheat. The belt line at Minneapolis was reported to be so choked with loaded cars that traffic was at a standstill, but some buyers here clung to a persistent hope of an upturn on the chance that a series of anti-Turkish victories in the Balkans might yet involve the great powers. December closed at 92⅞c, a loss of 1¼c net.

In corn the fine weather and the wheat weakness had as an offset the prediction of a falling away soon in arrivals. December closed firm, ⅛@¼c up at 53⅝c. Cash grades were easy. No. 2 yellow was quoted at 63¾@64¼c.

Absence of any new export business counted in oats. December closed a shade net lower at 32⅝@33⅜c.

Provisions dragged downward after hogs. Pork led, suffering an all round decline of 25c.
