Civic Welfare

Recently the editor had the editor had the honor and privilege to attend a very inspiring meeting of Negro men. This group seems to be anxious to personify the ideal: "Where there is unity, there is strength."

As a grace, we have been the victims of a "divide 'em, rule 'em" policy. We have made many efforts to rid ourselves of this influence Now, in Omaha, there seems to be an "awakening" and a desire for civic unity and solidarity. We have several organizations such as the Negro Chamber of Commerce, Omaha Branch of the National Negro Congress, NAACP and the 4-C Club. The 4-C Club seems to be an original and local enterprise and many of our men are pledgig themselves to the principles of this organization.

So many movements have begun in Omaha (Religious and Civic) until the average layman is pessimistic e.g. doubtful as to our motives and success. But fellow citizens, let us look away from "the cross to the glittering crown."

We ask of you leaders of these new movements: Be true—be of good courage, "like men be strong." If this is done, then we laymen shall stand by you to the end and ever march forward to a glorious future in our community life.

A Child Health Day Feature On How New York Schools Are Teaching Dental Hygiene

This unenthusiastic young lady typifies thousands of New York school children who visit Guggenheim dental clinic regularly for lessons in oral hygiene and practical instructions in correct care of the teeth. Objecting at first, they soon find careful attention to the teeth obviates painful dental sessions in the future.

Each youngster's toothbrush is kept in a sterilized rack container at Guggenheim clinic, to be used regularly for "drill" purposes. These students are going, through their "daily dental dozen" with vim and vigor.

Off stride, they're being shown the correct brushing movement under supervision of a graduate dentist and nurse. Rubber aprons protect clothing.

Open wide! Youngsters with teeth in bad need of cleaning first undergo a thorough dental scouring, then move to the brushing room where they are taught to keep them spotless.

On the first visit to the clinic, the child's teeth receive a thorough examination Cavities are filled and, as a last resort, bad teeth extracted. The little patient may decide whether the anesthetic be local or general. This child is taking gas.

ARE YOU ONLY A THREE-QUARTER WIFE?

MEN, because they are men, can never understand a three-quarter wife—a wife who is all love and kindness three weeks in a month and a hell cat the rest of the time.

No matter how your back aches—how your nerves scream—don't take it out on your husband.

For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three ordeals of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."

Don't be a three-quarter wife, take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and Go "Smiling Through."
