Omaha, Neb. Sept. 20.—A report of work done by the railroads of the country since the declaration of war against Germany, that sounds like the story of Alladin and his lamp, was received here today by Ballard Dunn, chairman of the Omaha branch of the railroads' war board.

The report covers six full pages. Condensed for the reading of the busy men here is what the railroads have accomplished within four months.

1. Organized the 250,000 miles of railroad, owned by nearly 700 separate companies into one national system under the absolute direction of a committee of five men—the railroads' war board.

2. Pooled for the uses of the government and the extraordinary needs of general business, 72,636 locomotives 49,329 passenger cars and 2,535,911 freight cars, all of which is made use of regardless of individual ownership.

3. Welded into a mighty force, the railroad army of the country, composed of 1,750,000 railroad employees, from engine wipers to presidents.

4. Reduced one of the greatest car shortages in history from 148,627 on May 1st to 33,776 on August 1st.

5. Increased the total amount of business handled 16.1 per cent over 1916—and 24 per cent over 1915, thus adding to the freight service rendered the national an amount equal to the entire freight traffic of Great Britian, France, Russia, Germany and Austria combined.

6. Accomplished this huge extra service with an increase in equipment of approximately 3 per cent.

7. Eliminated approximately 20,000,000 miles of competitive passenger train service, thus saving equipment and motive power for war purposes.

8. Averted freight congestion by promptly moving 112,420 empty freight cars from roads that could spare them to other roads where they were urgently needed.

9. Took hold of the lake and tidewater coal carrying problem and through pooling of equipment handled more coal to these points than was ever handled before with 185,000 fewer cars than had been needed in previous years.

10. Punched up the movement of coal so that during the month of July alone 197,429 more cars of coal, or 16,316,990 more tons, were handled on the principal coal carrying lines than during the same month last year.

11. Organized the handling of grain for shipment to the allies so as to deliver the enormous total of 75,687,240 bushels of wheat, corn, barley and oats at the sea board, within a period of ten weeks, May 1st to July 14th.

12. Filled the shippers of the country with such a degree of enthusiasm, as a result of a nation-wide appeal to their patriotism, that they are now loading cars more nearly to capacity than ever before and are loading and unloading cars more promptly than in the entire history of American railroading.

13. Delivered 50,000 cars of freight to the 14 army cantonments, including among other things 450,000,000 feet of lumber, and have perfected all arrangements for handling the 1,000,000 men of the national army and the National Guard.

14. Demonstrated the possibilities of railroad efficiency if freed from hampering restrictions and given the enthusiastic co-operation of the shippers and the general public.

Many perplexing problems are constantly arising but the railroads feel they will be able to handle the unusual situation, and the strain of war conditions, if the public will continue its co-operation, which is being given with ever more hearty accord.

After the ceremony they returned to the bride's home where a bounteous dinner was awaiting them. The day was spent very pleasantly by a host of relatives and friends. In the evening a dance was held. They will go to housekeeping near St. Paul. The Northwestern joins in wishing them a happy married life.

Telephone Traffic in Peace and War

Purchase of army supplies, the mobilization of troops and the gigantic war preparations have necessitated an unusually large number of local and long distance telephone calls.

We are handling 30 per cent more long distance calls than we did before the war began, and heavy demands have been made upon us by the government for telephone equipment, and for trained men for the army signal corps.

DOING OUR BIT

In this time of the nation's greatest need you can "do your bit" by asking only for equipment you must have and by making only such local and long distance calls as are absolutely necessary.

PRESBYTERIAN CHURCH

The subject for the sermon Sunday morning will be: "The promise to the Church at Thyatira" and in the evening, the subject will be: "The Two Paths."

The subject for Christian Endeavor at 6:30 will be: "How We Should Work Together." Miss Lois Steen will be the leader.

The L. L. L. Class of the Sunday School met Tuesday evening a tthe home of Mrs. C. H. Ryan and organized a Westminster Guild, with twenty members. The following officers were elected: Mrs. Elizabeth Owen, President; Mrs. Lamont Stephens, vice president; Mrs. C. H. Ryan, Secretary; and Mrs. R. H. Mathew Treasurer. Mrs. J. I. Depew and Mrs. E. M. Steen were elected as sponsors. We predict that asplendid work will done by this organization.

We want to keep before you the fact that the first sabbath in October is our regular rally day,and we want to make it a real rally day for every department of the church. Watch for further announcements.

A word to the non-church goer: the man who does not attend any church virtually votes to do away with all Christians.

We extend a cordial invitation to all who have no regular church home to come and worshipwith us.

A MERCILESS JUDGE.

One Who Shows no Favor.

A merciless judge is Father Time. Be ore him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a St. Paul resident has withstood this sternest of all tests.

A. L. Warne, retired farmer, St. Paul, Neb., says: Besides suffering from lumbago I had to get up frequently at night, often as many as seven and eight times, to pass the kidney secretions. I finally used Doan's Kidney Pills and my kidneys were quickly strengthened. The lumbago left me and I felt generally better." (Statement given May 8, 1912.)

Lasting Results.

On April 10, 1916, Mr. Warne said: "The cure Doan's Kidney Pills made for me has remained permanent."

Price 60 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—tht same that Mr. Warne has twice publicly recommended. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.
