Mr Bickel already has a fine lot of farm buildings on his farm and these new additions will furnish every needed convenience.

### A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S.D. "Was taken with a bad cold which settled on my lungs: cough set in and finally terminated in Consumption. Four Doctors gave me up, saying I could not live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God, I am saved and now a well and healthy woman." Trial bottles free at Odendahl Bro's Drug Store. Regular size 50c. and $1.00 Guaranteed or price refunded.

Anthony Thoma, of Lincoln and general agent of the United Mutual Hail Insurance Association of Nebraska is in the city and expects to remain a few weeks to canvass this county for the purpose of securing membership and writing hail insurance for the farmers of this county. The association which he represents is organized under the laws of 1897 by 118 farmers from thirteen counties of this state. Hail insurance is something our farmers need Too often crops are destroyed and the owner suffers a total loss. This association proposes to issue a membership policy, through its agent who is authorized to collect a fee of $2.00 for same. Any person wishing to become a member of the association must sign an application containing an agreement to pay not to exceed four per cent of the amount insured. The association will insure its members against loss or damage by hail to growing crops to an amount not less than $2. or more than $8. per acre. Mr. Thoma is a very plesent gentleman and we believe the company which he represents, to be reliable as the articles of incorporation have been duly filed with the state auditor. Those interested in hail insurance should see Mr. Thoma and learn more fully of his plan of insurance and average cost to the insured.

The subject selected by Rev. W. E. Matthews last Sunday evening, viz: "How can we Methodists help the saloons of Loup City in their business," brought out a large audience. Mr. Matthews handled the subject in a very able manner. In short he told his brethren that they could help the saloons in their business by not taking interest in Young People's organizations, Sunday Schools, or Church matters, but allow the young folks to spend their time when and where they choose. During the course of his remarks he quoted the NORTHWESTERN as saying that "Arcadia was booming," and then sighted that Arcadia was a temperance town. He also followed this statement with the remark that Loup City with its two saloons was running down.

Now we don't wish to be understood as taking any active measures against the cause of temperance, but we do stand up for Loup City and we do object to being misquoted. What the NORTHWESTERN said was that its "senior editor took a drive up to Arcadia last Monday and found that town alive with teams and people and the merchants having a good trade." We might have added that the Monday in question was the first pleasant day after the long cold spell that the people could get out, and naturally enough the streets would be thronged with people. It was so at Loup City. It was doubtless so in all towns. We might have also added that we visited the temperance saloon several times looking for men with whom we had business, and it also was doing a good business. Both pool and card tables were running full blast. A large round card table sat out in one corner of the spacious room, and was occupied on all sides with shufflers and with a large circle of onlookers around the outside. If these conditions make a town "boom" Arcadia was certainly booming. As for Loup City running down we have only to remark that there is'nt a dwelling house in town fit to live in but what is occupied, and our merchants are all on a solid footing. Go on with your GOOD WORK but stand up for Loup City.

### How To Find Out.

Fill a bottle or glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

### WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best Sold by druggists in fifty cent and one dollar sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention that you read this generous offer in the LOUP CITY NORTHWESTERN.
