Lpilepsy Fits St. Vitus Dance

Are nerve diseases, and unless checked, lead to destruction of both mind and body. The weak, shattered nerves must have something to strengthen and build them back to health. Dr. Miles' Restorative Nervine is a remarkable nerve tonic and stimulant. It strengthens the nerves, relieves the nervous strain, and influences refreshing body-building sleep and rest, Persistent use seldom fails to relieve these afflictions.

"I was taken with epileptic fits; had eleven in less than 12 hours. My father sent for our family physician, but he could do very little for me, and I grew worse every day, and at last they had three doctors with me, and I still got worse. My father heard of Dr. Miles' medicines and bought a bottle of Nervine and a box of Nerve and Liver Pills. I had taken only a few doses until I began to feel better. I took 12 bottles, and it cured me sound and well. It has been worth all the world to me. I recommend it wherever I go. You may use this as a life-long testimonial to the merits of your medicine, for I am enjoying the best of health, and feel that my life and health is due to this wonderful medicine."
