OFFICIAL PAPER OF SIOUX COUNTY.

Geo. D. Canon, - - - Editor.

Entered at the Harrison post office as second class matter.

Corbett got whipped and then cried about it..

Geo. D. Canon has purchased THE SIOUX COUNTY JOURNAL and says he will make some improvements. He starts out like a man of his word.—*World-Herald.*

It would seem to us that the sporting class of the United States had made a special effort to insult the Irish in this country by bringing off the Corbitt-Fitzsimmons prize fight on St. Patric's day.

Ex-president Cleveland and a few of his bosom friends will cruise in Cuban waters during the coming spring, whether on a fillibustring expedition or not we cannot tell, but it might be well for the Spanish government to keep a look out for them.

THE SIOUX COUNTY JOURNAL has changed hands, Mr. Geo. Canon taking charge last week. The new proprietor will manage the paper in the interest of democracy and free silver and from all indications will make things lively for the hide-bound gold stanadrd advocates in the north-west corner. Success to him.—*Crawford Bulliten.*

THE SIOUX COUNTY JOURNAL has passed from the ownership of L. J. Simmons and into that of Geo. D. Canon, and at the same time went democratic by a large majority.—*Alliance Guide.*

Your are correct Colonel, so long as democracy stands on the platform of sound principles enunciated at the last Chicago convention, in our opinion, was the true platform of principles.

The bill proposing to repeal the law defining what shall constitute a legal newspaper was defeated in the House last week. It failed to get the number of votes necessary to pass it with an emergency clause attached. That clause was eliminated and then the bill was killed outright. An attempt was made to so amend the law that a paper might fail of publication a few weeks during the year and still be a legal paper, but the lawmakers evidently believe that a paper should be published once each week for at least fifty-two consecutive weeks before it should be considered established well enough to be a legal paper.

Judge Westover when asked for his opinion as to whether or not the populist should abandon free silver, expressed himself very fully and vigorously. He said he was unalterably opposed to such a conclusion and believed after mature deliberation the party as a whole would decide that the money question was the principal issue before the American people and that the abandonment of the silver issue at this time would be a fatal mistake.—*World-Herald.*

The above is a good representation of how one of the leaders of the populist party in Nebraska feel in regard to the silver issue for the next campaign or until silver is restored to its former place in our monetary system, as it surely will be.

Sioux County,

A new county with schools, churches, railroads, etc.,

AND 800,000 ACRES YET OPEN.

NO BONDS, NO DEBITS, LOW TAXES.

Contains over forty-five miles of rail oad and has no county bonds.

Fuel, Posts, Logs and Lumber Cheaper Than at any Other Place in Nebraska.

Good Location for Stock Growers.

Sioux county is the northwest county of Nebraska. It is about thirty miles east and west by about seventy miles north and south and contains

OVER 1,300,000 ACRES

of land. There are more bright, sparkling, small streams in the county than can be found in the same area elsewhere in the state. It has more pine timber in it than all the rest of the state combined Its grasses are the richest and most nutritious known so that for stock-growing it is unexcelled.

The water is pure and refreshing and is found in abundance in all parts of the county.

The county is practically out of debt and has over forty-five miles of railroad within its borders, has a good brick court house and the necessary fixtures for running the county and there has never been one dollar of county bonds issued and hence taxes will be low.

The Fremont, Elkhorn & Missouri Valley railroad crosses Sioux county from east to west and the B. & M. has about fifteen miles of its line in the northeast part of the county.

The climate is more pleasant than that of the eastern portion of Nebraska.

There is still

Good deeded land can be purchased at reasonable rates with government land adjoining so that a person who wants more than one quarter section can obtain it if he has a little means.

There are about 1,500 people in the county and there is room for thousands more.

Harrison is the county seat and is situated on the F. E. & M. V. railroad, and is as good a town as the thinly settled country demands.

School houses and churches are provided in almost every settlement and are kept up with the times.

All who desire to get locations suitable for stock raising and buy cheap land are invited to come and see the country for themselves and judge of its merits.

STOCK BRANDS.

THE JOURNAL will publish your brand, like the following, for $2.00, per year. Each additional brand 75 cents. Every farmer or ranchmen in Sioux and adjoining counties should advertise their brands in THE JOURNAL as it circulates all over the state. It may be the means of saving money for you.

Interests You.

Offer of cheap reading matter you can't afford to miss.

During the great campaign people want newspapers and want them while they are fresh and newsy. The Semi-Weekly State Journal, Lincoln, Neb., supplies the demand, as it will be mailed twice a week from now until January 1, 1897, for 25 cents, or from now until January 1, 1898, for one dollar. The twenty-five-cent proposition takes you all through the campaign, gives you the election returns, and through the balance of this year. A dollar for the great twice-a-week paper from now until January 1, 1898, is the biggest offer ever made to readers. All through the campaign, all through the Nebraska legislature, the congresses and the inauguration of a new president. Never since the war has so many incidents of vital interest to the masses been crowded into sixteen months, as there will be during this period. The Semi-Weekly Journal is almost as good as a daily. Send your order direct or give it to your postmaster.
