FOR RENT OR SALE.

The Valley House in this place owned by J. C. Warner, is offered for rent or sale, as he wishes to go out of the business. This hotel receives the patronage of nearly all the commercial men that travel through this country, also all the stage lines that come into this place. It has one of the best stables west of Lincoln. Terms, easy.

—Mr. Jacobs of Lincoln, dropped in Tuesday. He reports everything lovely at the Capital.

—Judge Mason was in town during court, acting as attorney for Kansed & Jacobs Bros., in their case vs Penny & Perry.

—Of all the strangers that we have had the pleasure of talking with this week, we found none but what spoke of our town in the highest terms.

—Judge Moulton of Bloomington, is in town attending court. He reports business lively up the valley.

—M. C. Sherman called Monday and paid his subscription in gold. Something unusual in this country.

—Bro. Hill, of the Bloomington *Guard* gave us a pleasant call last Tuesday.

—Hon. James Laird and Judge Smith of Juniata, dropped in to see us this week.

—We were pleased to meet Mr. Colby of Beatrice, Monday. He was here attending a case for A. J. Armstrong.

—Bro. Wells, of the *Crete Post*, has been in town a few days this week, and while here gave us a call.

—We went hunting Saturday, but don't want to go again, at least not until we take a rest.

—Jno. F. Montgomery, of Hastings, called Saturday. We were glad to place his name on our books for a copy of the CHIEF.

—There was quite a large fire across the river Saturday night.

—This country beats the world on drying up mud. Last week, Monday night, there was about three inches of snow on the ground and in some places where it had drifted considerable more. Wednesday night the snow was all gone and the prairie was dry enough so that prairie fires were seen in different directions.

—We are pleased to see the genial countenance of our old friend C. W. Kaley, once more among us, after spending the winter in Ohio, where they had rain and snow and mud all the time. He thinks he prefers our dry roads and pleasant weather. This is only another proof that a person after living here once, is never contented to live anywhere else.

—Gov. Garber and lady are here on a short visit. We are always pleased to see the Governor, and wish his visits were more frequent.

—There will be Communion Service of the Congregational Church of Red Cloud April 16th at 10 o'clock a. m., to which Christians of all denominations are invited.

There will be a meeting at the School House on Saturday, April 15th at 2 o'clock p. m., to give an opportunity to join the Church by letter or profession.

A. MAXWELL, Pastor

—The spring term of school in District No. 2, will commence on Monday April 17th, 1876.

By order of School Board.
I. W. TULLEYS, Director.

—We had the pleasure of a call from Mr. Evan Worthing of the U. S. Land Office at Bloomington, yesterday.

—We were very much surprised to have Bro. McMillan of the Republican City *News*, drop in upon us Tuesday. He seems as happy and jovial as ever. "Mac" gets up the spiciest paper in the valley, and will make a success of the business if any one can.

—We were happy to make the acquaintance of Mr. Dorsey of Bloomington who came down with others from that place Tuesday.

—J. T. Martin wishes to inform the public that he intends to keep a herd the coming summer, and all who have cattle they want herded can be accommodated. He has an extensive range, the best of good clear running water, and charges reasonable.

—This has been a very busy week so far—court, a dance and to-night the festival.

One of the nicest little dances of the season came off Tuesday night at the Stone School House. Every one seemed to enjoy themselves "hugely". The supper was served at the residence of Mrs Lowe and was a perfect success.

—Remember the Festival to night. The ladies have made ample preparations to entertain all who may come.

—Judge Gaslin has been in town this week, holding court.

—A word to the wise ought to be sufficient. So let that young [illegible] remember what we told him about loafing, and try to improve his actions accordingly.

—Every farmer, merchant, mechanic, or any one else will find it to their interest if they wish anything in the harness line in the shape of harness, saddles, whips, blankets, rings, buckles, brushes, combs, or repairing done, to call at Wm. McBride's shop, for he does his work in the best of style and is very reasonable in all his charges.

—We must take it for granted that we have a very moral and upright set of people in this county from the fact that the Grand Jury have not found anyone guilty of a single misdemeanor in the last two years.

—The indications this morning are very favorable toward an easter storm. When it begins to snow and blow it is invariably a sign of a storm.

—David Hellabower started for the railroad Monday after the new County Safe.

—The farmers think spring is opening more favorable this year for crops than it has before for some time, and are anticipating a large yield as the product of their labors this season.

FESTIVAL.

At a meeting held Tuesday last by the citizens of the town, it was decided to hold a social festival at the stone school house, on Thursday April 13th, for the purpose of raising funds to meet the next payment on the organ. Misses Dixon, Allen, and Noyes were appointed a committee to solicit eatables. The following named persons were invited to act as table committee. Mr. and Mrs. J.Q. Potter, Mr. and Mrs. Mosher, Mr. and Mrs. Pupka, Mr. and Mrs. Maxwell, Mr. and Mrs. Moore, Mr. and Mrs. Mitchell, Mr. and Mrs. Mick, Misses Munsell and Leavitt, Misses Minick and Gilham.

A table provided with candies popcorn, and other nice things, will be presided over by Misses Dixon and Allen.

Arrangements have been made to provide lemonade and ice cream for the occasion.

Let every body come eat, drink, and be merry. For further particulars see bills.

Trees Trees.

If there ever was an honest "tree man" his name is "Minick" and we are glad to learn that he has gone East for a supply of trees which he intends to deliver at this place. He states that he is going to have on hand, and in season for planting, a large and well selected stock of fruit, shrubberies and forest trees. Those wishing trees for timber claims can get all they may need of him.

Webster County Condensed.

Webster Co., Neb., lies in the Valley of the Republican, is 150 miles west of the Missouri River and touches the State line on the South. Winters are mild and dry; very little rain or snow falls in that season so little in fact that cattle live all winter with no hay or grain. Plenty of rain falls in the spring and summer. The summers are not disagreeably warm, as there is always a cool breeze especially in the evenings. The county first began to settle in 1870. In 1871 the county was organized with a population of 17. Its population is now between 2500 and 3000 and is rapidly increasing. There are at present 28 organized school districts within its boundaries and school facilities are therefore ample—better than those in some Eastern States. The apportionable school fund enables nearly enough money to pay teachers' wages. Farmers can buy R. R. land from $1.50 to $6 per acre—with ten years time. There is yet a considerable amount of government lands for homesteads and preemptions. As a stock raising country it is hard to excel. Cattle do well, and for sheep it cannot be beaten. It is just suited to that. Fortunes can be easily made by raising sheep as the expense of feeding is very small. That corn, oats, barley, potatoes, buckwheat and all kinds of roots and vegetables, are grown here with little labor. 25 bushels of sod corn to the acre is nothing new. Wheat averages about 25 bushels to the acre. Fruit does extremely well. Every farmer has his orchard growing. Forest trees grow rapidly. Cottonwood, boxalder, whitewood, soft maple, and many other kinds of trees grow into timber large enough for fuel in about three years. Osage orange plants do finely, and in a few years your live fences can be made. Mechanics find employment and fair wages. The very best and purest water is obtained by going from 5 to 100 feet. The cost is very small when the well is bored—These wells never go dry. The streams of this county are the Republican and its tributaries which are as follows on the south side of the river, Walnut, Dry, Buffalo, State, Penny, Cedar, Hicks, Ash, and Guide Rock creeks. On the north side are Willow, Elm, Cottonwood, Crooked, Indian, and Farmers creeks. In the north part of the county is the Blue river and its tributaries.

The soil of Webster county is a dark, rich vegetable loam. The wild grasses are nutritious and abundant, and make most excellent hay. Timothy, clover, Hungarian and millet will undoubtedly prove a profitable production. Those who have tried them so decide at least.

Our railroad prospects are good, and we will have a road as soon as we really need one. But the farmers for years will find ready sale for surplus productions in the newer counties west and to new settlers. By the time these markets are closed roads for cheaper transportation east will be opened.

Our climate is healthful, the air pure and bracing, and sickness of any kind is almost a stranger to the people here.

The county seat, RED CLOUD on the Republican river, near the center east and west and a little south of the center north and south. In it are chances for business men of every branch of trade. The country around is such as to warrant a good business in every kind of merchandise. Red Cloud and Guide Rock are the only two laid out towns. For further information can be obtained from any land agent who advertises in this paper, or at this office.
