NOTICE.

The Third Annual meeting of Webster County Congregational Church, will be held at Red Cloud, Oct. 14th, and 15th beginning on Saturday at ten o'clock, A. M.

The topics for consideration are: 1. Consecration—What is it? 2. Our dependence on Christ that our efforts may be crowned with God's blessings. 3. What can be done to secure a more united effort among Christians to advance the cause of Christ throughout the county.

Christians of all denominations are cordially invited to meet with us and assist with their advice and prayers.

A. MAXWELL, Pastor.

Mrs. F. D. Hutchison, over on Louisa Creek, became the fond mother of two children last Tuesday night. One weighed nine pounds and the other nine and one half. One of them died shortly after its birth. The other is doing well.

Perfect Credit. Gleanings from our correspondence.

HARMONY.

All quiet up here in Harmony. Harmony prevails in this precinct. The farmers have generally been favored with good crops. Some of the corn fields were destroyed. We shall average about half a crop. The men are generally in good spirits. Mnix has been purchasing some railroad land at tax rates. Hoffman and Scott are doing considerable business at their respective stands. The Wells Post-Office difficulty has been settled. The new office, Catherton is doing a good share of the postal business. Had it been generally supposed that Harmony had a chance for the commissioner, the caucus would have been more fully attended. Mr. Mnix would have got considerable support from Red Cloud as he is well known there. School district, No. 20, is not in a shape to have school this winter. Whether they will succeed in getting a school board is a question.

GLENWOOD.

Nothing of general interest has transpired lately in this precinct. Will Thorne has settled down to improving his farm, and his house already shows the improved condition of things. One or two disaffected persons are grumbling because McCallum was not nominated commissioner. Some are even disposed to vote against the republican ticket in consequence. We shall be able to ascertain, at any rate who are republicans. McCallum himself is said to be. He did not want the position and pledged that Red should be returned in the office. Two or three are a little doubtful on the senatorial question. One or two will vote for McIntyre.

BATIN.

There is a good deal of satisfaction over the crops this year. There were no failures from any cause in this precinct. T. Lawler is teaching in Pleasant, 13, he has a large school and is giving of course, the best satisfaction. Mr. Lawler, we understand, justified in for supporting him last year, by the creditable manner in which he performed the duties assigned to him at the Institute, held in Red Cloud on the 5th. Miss Laird is teaching a small school in 23, but is doing a good work. This precinct is republican to a man. There is however a large number about Stockade that never vote, and it will require effort to get them out.

OAK CREEK.

There is little news of general interest from our corner of the county. All the young bachelors are getting married. We have the laurel precinct of the county in our devotion to cupid. Politics are quiet. A few are opposed to Gilham on account of his division of the school district contrary to their wishes. They wanted him to divide it and call the district keeping the school house, the new district, and the other half, the old district. He divided it, but give the old number to the half that kept the school house. The fairer minded ones dont see how he could have done otherwise. Still he will lose some votes by it.
