BAND OF HOPE meets every two weeks on alternate Thursday evenings at 6:30 o'clock.

Subscribers who do not receive their papers regularly, will confer a favor by notifying us of the fact at once.

X Subscribers who find a red cross marked on the margin of their papers, will know their subscription expires with the number following, and they are requested to renew at once. Those who find a blue cross on their paper will know that they are in arrears, and a little money would be acceptable to us. X

TOWN AND COUNTRY.

Locals scarce this week.

A very interesting law suit before Judge Warner last week.

We are glad to see Ed Smith, convalescent, and on the streets again.

H. S. Kaley went to Nuckolls Co., Art Tuesday.

The Board of County Commissioners will meet next Monday, Feb 5th

John A. Barber called this week and added two dollars to our financial budget, for the CHIEF a year.

The young folks had a gay time at the La Clede House last night, and the boys say it was quite a "surprise".

Mr. Vance remembered the CHIEF in a substantial manner while we were absent last week.

We have received Vol. 1, No. 1 of the Fairfield *News*. It is a very creditable sheet, and we gladly place it on our exchange list.

Nebraska will be eight years old, as a State, on the first day of March, next. She is quite a lively young offspring, too.

The railroad survey is completed to the mouth of Elm Creek. We understand the party of surveyors will now go up and survey through Franklin county.

There is quite a duck pond in front of the school house, which makes it very inconvenient for those not used to "pontoon bridges." We would recommend a few hours work with the plow and spade, as a remedy.

John Linton is running a ranch near the Brewery for the accommodation of freighters. He has stabling enough to accommodate 20 teams. Give him a call.

Mr. and Mrs. Robinson, manufactures of all kinds of hair goods, are now in Hastings and have rooms at Mr. Noyes' hotel They will visit Red Cloud soon.

Mitchel & Mohart have just received a large and complete stock of farming implements. They mean business. Notice their advertisement in another column.

There will be a Farmer's Institute held at the Walnut Creek School House on Saturday, February 3d, at 10 a. m All those interested in promoting the cause of agriculture are respectfully invited. G. W. Knight. President.

$1,000 greenbacks are said to be in circulation This bit of information may be of service to some of our readers, but it does not interest us. We are not afraid of getting hold of any of them.

While in Hastings a few days ago, we called on Mr. Noyes who has got his hotel in running order, and is dishing it up lively to the hungry of that burg. Call on him when you visit that place.

We owe an apology to the Juniata Herald for our carelessness in neglecting to place it on our exchange list. The slight was unintentional, Bro. Bro.

Job work of all kinds neatly executed at this office.

Sherer has some "Bull-dozer" Cigarettes.

James Baily the renowned Danbury News man, will lecture in Lincoln this month.

We feel proud of the way our subscription list is increasing. Still room for a few more.

If the warm weather continues for a few days longer the ice will go out of the river, and fears are entertained that the bridge will go too.

Gov. Garber will please accept our thanks for a copy of his message to the legislature, gotten up in a neat pamphlet form.

We are in receipt of a blank petition to Congress asking for cheap telegraphy. What do we care for cheap telegraphy? Forty miles from a telegraph line

LADIES—You will find Hats, Ribbons, Laces, Ties, Veils, Belts, and everything in that line at Mrs McBride's, cheap for cash. 27-2t

The "Devil's" cry of "cozy" is more annoying to us this week than anything else we can think of,

Judging from the frequency of Dr. Head's trips to the country, we should say that business was lively with him.

Delightful weather for the past two weeks. Some of the "oldest inhabitants" give as their opinion that the "heft" of the bad weather is past.

The proprietor of the cheese manufactory up on the Little Blue, at Gilson, treated ye editor to a "chunk" of cheese, a little smaller than a peck measure.

Mr. C W Springer of this place has been appointed corresponding Editor for Nebraska, of the New England Journal of Education, published at Boston Mass.

We wish to return our sincere thanks to the citizens of Red Cloud, one and all, for their assistance financially, and the gentlemanly manner in which they have treated us.

Several of our exchanges return thanks to Mr. Slaughter Clerk of the house, for copies of bills presented, we have no occasion for thanks, as we have received no copies. Why slight us, "Gad."

S. McMain of Indian Creek informs us that he has a two story frame house on his Homestead The time will soon come when frame houses will take the place of dugouts and sod shanties, and this Valley will "blossom like the rose." The first important step towards this desirable end is to get a Railroad in the Valley.

RUN AWAY—'bout the 25th of September, from his home, 7 miles North-west of Seward Nebraska, a boy 10 years old, light complexion, has a bright intelligent look, blue eyes and slightly freckled. Any information concerning him will be thankfully received by his father. C. A. Payne, State papers please copy.

Holloway's Ointment.—Sore Legs, Wounds, Ulcers, &c. can be cured. The rational treatment as indicated by nature, is to reduce the local inflammation, soothe the neighboring nerves, cool the heated blood and render the watery inchorous discharge consistent and healthy. Aapily, Holloway's Ointment accomplishes these ends with unfailing certainty. 25 cents per box or pot. 189

The well of Mr. Bennett of Willow Creek, of which mention was made some time ago in the CHIEF, continues to give forth its unearthly sounds. We understand that Mr. W. Thompson's well has lately commenced to give forth sounds similar to that of Mr. Bennetts. No causes are assigned for these strange noises. It must be caused by the rushing of the water at the bottom of the wells.

We recently had occasion to look through the wagon and blacksmith establishment of Messrs Hampton & Ralston. They have recently moved into their new shop which is a good buildinng 24 by 42 feet.

The "boys" have built up a good business by industry and the quality of work turned out. We would advise all wishing work in their line to give them a trial All work waranted.

We would again respectfully call the attention of the citizens and business men of Red Cloud to the necessity of having street crossings and side walks put down in this town. The cost would be trifling when compared to the value such improvements would add to property on the streets that are sorly in need of this improvement. We hope there will be move in this direction at at an early day.

Red Cloud has a great many fine promising boys, young men almost, who, if properly cared for, looked after, educated, disciplined, subjected to proper restraint, taught what constitutes a GENTLEMAN, disabused of some of their impudence and often spanked and sent early to bed—we say if all this was done to these aforementioned young men, they might be made to be somebody when they arrive at manhood's middle age, so to speak. Let their parents try that a little. Also try keeping them at their books in the evenings. Loafing in stores will never make statesmen, politicians, good farmers or mechanics of them.

VALENTINES.

About half of Sherer's Valentines were "cabbaged" while they were en route for Red Cloud. He will sell the remainder very cheap. Call at the City Drug Store. 27

What is our agricultural board doing preparatory to holding a creditable County Fair next fall?

NEW MUSIC.—We find upon our table a copy of "Don't Drink to-night, Boys," a new temperance Song and Chorus, by the popular song writer, A. J. Abbey, just published by W. W. Whitney, No. 111 Summit St., Toledo, Ohio. This piece consists of four stanzas, and each one rich in sentiment and advice to young men. The following is the first stanza:

I left my mother at the door,
My sister by her side;
Their clasped hands and loving looks
Forbade their doubts to hide;
I left and met with comrades gay,
When the moon brought out her light
And my loving mother whispered me,
Don't drink, my boy, to-night.
CHORUS—Don't drink to-night, boys,
Don' drink to-night,
A mother's friendly warning heed,
Don't drink to-night, boys,
No, no, no;
Don't drink to-night.

The music is in keeping with the words, and should be in every household. We understand that Temperance Lodges are ordering it from all quarters. The publisher will mail this song to any address on the receipt of 25 cts. only.

A CARD TO THE PUBLIC.

For many years we have made two medacines suited to the ailments of a vast class of sufferers. Thousands of cures have been made by them, and in fact, the word failure could not be coupled with them. But within the last two years counterfeits of our medicines have sprung up, dangerous in their close imitation of ou trade mark. To secure the people we have placed upon each genuine box of Holloway's Ointment the fac simile of the signature of our agent, Mr. Jos. Haydock. To counterfeit is felony. We shall relentlessly pursue any one who imitates this with the utmost vigor of the law. We most earnestly beg that the great mass of the American people will aid us in our efforts to protect their health, and help us in our task of bringing these most unprincipaled men to the bar of justice. Uniformly refuse to purchase Medicines purporting to be ours unless Mr. Jos. Haydock's signature is attached to each box of Pills or pot of Ointment and the end will soon be reached.

The public's obedient servants.
