Dr. G. C. Osgood, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
Dr. J. F. Kincheloe, Conway, Ark.

**Castoria.**

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. Archer, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

M. M. Miller made statement to the board that school District No. 37 of which he is treasurer, voted school bonds in 1888 and at the same time they voted a school bond levy. They afterwards reconsidered the matter and did not issue the bond. The levy was spread upon the tax list and collected, and said school district now has a school bond account in the county treasurers office, with a balance of $155 in favor of said school district, which they need for current expenses, and asked the board to instruct the county treasurer to transfer the same to the school district fund. On motion of Cather the county treasurer was instructed to transfer the balance now on hand in the school bond account of said district No 37 of Webster county and to carry all accounts hereafter collected on said school bond levy to said school district account, when the school board of said district, furnishes him with a certificate setting forth that the records of said school district shows that said bonds were not issued. The motion carried.

Upon request of Mr. Hathaway and consent of parties owning the land, the chair appointed a committee of two, W. H. Barcus and A. H. Crary to remove dwelling house of said Hathaway off the ne se of section 2-2-9, said house being the personal property of said Wm. Hathaway and he being dependent upon the county.

Every body is talking abut reciprocity. Canada is having a big fight over it. C Wiener like wise has a word to say on the subject. He claims to have received many favors from the people of this vicinity and now will reciprocate by selling them good goods at a low prices to meet the hard times. To prove this to the public, he asks them to come and see for themselves.

### Card of Thanks.

We hereby express our thanks to the friends and people of Red Cloud for their sympathy and kindly ministrations in our sudden and sad bereavement.

Ira Sleeper,
Mrs. Nellie Sleeper,
Mrs. Martha J. Sleeper.

Last Wednesday John Campbell of Batin township, was taken to the Insane asylum at Lincoln by Sheriff C. A. Teel and Deputy O. C. Teel.

### FRANK SLEEPER.

#### Meets With an Accident at Norcatur, that Terminates His Life.

On last Sunday morning the sad intelligence reached this city that Frank Sleeper, had been thrown from a B. & M. train on the Oberlin branch and mortally injured while in the act of trying to mak a coupling, while the train was trying to shove some cars on the side track. The rumor only proved too true and on investigation it was learned that Frank had given the signal that the cars had been uncoupled, but in some unexplained manner the pin dropped back again and in Frank's endeavor to loosen it he was tumbled from the cars or dragged under the wheels, and his body badly injured from which death must have suddenly ensued, so that he did not know what hurt him. The train waited for another signal, but receiving none they went in search of Frank and met a sad spectacle. They found him laying between two wheels the front one having run over his body, and otherwise mutilating him. The remains were picked up and carefully cared for by the railroad boys, and the Ancient Order of United Workman lodge of Republican City, notified of his death, of which he had only been a member four weeks, along with his wife and parents in Red Cloud, who left on the morning train to bring the remains to Red Cloud for interment. Frank had he lived until March 5th, would have been 30 years of age. He was married some few years ago to Miss Robertson. He was a sober, industrious young man, and his sad death will not only cast a gloom over his family, but over the county as well, as he was universally respected by all who knew him. Some four weeks ago he joined the A. O. U. W. at Republican city, and was also a member of the B. & M. Railway Relief association, and his wife will receive from $700 to $1000, the amount not being exactly known at this writing. The Ancient Order of United Workman will pay him $2000 and the railroad boys the balance that ever amount he was insured for. The death is a very sad one and is to be lamented as Frank was yet a very young man and had bright prospects before him. His wife, parents and friends have the deepest sympathy of this community in their great affliction. The A. O. U. W. of Red Cloud took the remains in charge and buried them according to the ritualistic ceremonies of the order on last Tuesday morning, at ten o'clock, and the remains were followed to their last resting place by a large concourse of loving friends and relatives.

### His Last Reward.

We are called upon this week to record the sudden and painful death of Master Fred A. Day, eldest son of Mr. and Mrs. Sylvester Day at the premature age of sixteen years and six months. Up to within forty-eight hours of his death he was apparently hail and hearty as any boy could be, and had attended school regularly, up to his final sickness. It was at intermission, on Wednesday afternoon of last week, that he was compelled to leave school and take to his bed from which he was never to leave again, until carried from the parental roof to the cold and silent tomb. Death is sad enough under any and all circumstances but when it comes almost without warning it is then that it is doubly sad and hard to bear. This was the case of Fred Day who while yet in the bloom of youth was stricken down and called from loving friends and kindred to "That bourn from whence no traveler returns." Fred was held in great esteem by his schoolmates and teachers, and last Sabbath, class Number five of the high school along with many school children, met at the school building and followed the remains to the church, where Rev. E. A. Randall delivered the funeral address. The blow is a hard one for Mr. Day's family and they certainly have the sympathy of their many friends in Red Cloud, in their hour of grief. The Chief extends its heartfelt sympathy.

### Senator Manderson's Nomination Pleases His Colleagues.

As suggested in these dispatches on Saturday night the senate settled the question as to who would be president protem during the absence of the vice-president by electing Senator Manderson. The action of the republican conference last night in putting Mr. Manderson in nomination gave the greatest satisfaction to the senate this morning, and democrats and republicans eagerly crowded forward to congratulate the Nebraska man upon the honor which has been thrust upon him. Senator Manderson will unboubtedly prove a worthy successor of the many eminent men who have previously filled that position.

### CUT THIS OUT.

If you buy $5 worth of goods of C Wiener for cash and present this slip you will receive in return 25 cents. Not good after July 1st, 1891.

Congress has at last made provision for carring our foreign mails on American vessels, the postal subsidy bill going to the president for his signature yesterday. It provides a certain compensation for this service, all ships subsidized to be built in America and owned and officered by Americans. The result will be a decided increase in the number of first class vessels carrying the stars and stripes, not only upon the Atlantic, but on the Pacific and in southern waters. It is an important step toward the building up of our merchant marine, and will have much to do with the development of the South American nations.—State Journal.

H. C. Beck and family and Mrs. A. P. Howard are in Lincoln. Mr. A. P. Howard will follow in a few days. They will make Lincoln their future home.

### LOCAL DRIFT.

Rev. Randall was in York this week.

Mrs. Sylvester Day is quite sick this writing.

Our future state oil inspector was in Lincoln this week.

Mrs. S. E. Cozad who has been quite sick for some ten days past is convalescing rapidly.

Jno. Earner called this week and fixed the Great Family Weekly with a big cart wheel. Thanks.

Mrs. A. G. Willis, who has been on the sick list for some ten days with lagrippe is fast improving.

Mr. D. J. Andrews, of Lincoln, is in the city. He has taken a position with Boyd and Overing, as marble cutter.

During Station Agent Conover's absence in the east, Mr. C. E. Morgan will have charge of the affairs at the depot.

Lagrippe has taken another hold upon our people and quite a number are complaining of being the worse off for its ravages.

The Chief is somewhat crowded with advertisements but then, it must not be expected that we should live on wind always, therefore the ads.

The members of the Epworth League will give a social at L. P. Albright's, Friday evening March 6th. All members and friends of the League are invited to be present.

Fickle March is again before us, and it does look as if the very elements had conspired to put up a job on poor humanity. We hope that the weather will settle down to business soon.

City politics will soon be astir and then look out for some tall figuring to get some good democrats into office in a republican city. However let's have a good board that will do its duty regardless of the office, emoluments, or party friends.

Mr. Joseph Graves who has lived in Red Cloud for a few years intends moving on to his farm in Catherton township for the coming season. He thinks he can make more money farming than otherwise we presume or he would not move back.

The Masonic society have rented the large lodge room in the Moon block where they have moved their goods also, the A. O. U. W., G. A. R., W. R. C. and other kindred orders. They have a nice lodge room and will make considerable by cheaper rent.

We have made several appeals to those who owe us to come forward and pay up, but so far only a very few have come in. Those who knowingly, owe us will oblige by coming forward we need all that is due us at this time, and an effort on your part to pay will help us maintain our business as it should be. Come.

Messrs Blakeslee & Hatch, the new proprietors of the Cincinnati boot and shoe store are getting in their stock of boots and shoes and will have one of the finest stocks in the city when it is all on the shelves, which will be soon. The Chief wishes them unlimited success in their new business.

Aaron Conover the handsome B. & M. Agent has gone to Danville, Ill., where it is said that he will find his alter ergo and together they will return to the city of Red Cloud. This is only hearsay, but we hope it is a fact never the less. Aaron is a mighty good boy and is worthy of any young lady, whom he may decide to take as his own.

J. H. Bailey, ex-county clerk of Webster county, was happily wedded the other day at Mankato, Kansas, to Miss Bertha Thomas of Ohio. Mr. and Mrs. Bailey arrived in Red Cloud this week where they will remain in the future. The friends of the happy couple will take pleasure in congratulating on the occasion. The Chief takes pleasure in extending the compliments of the season to them and wishes them much joy.

It seems to us that as election of city officers draws near, that it would not be a bad idea to elect a very economical board. The coming municipal year should be looked after carefully. There are no matters of import that are liable to come before us for some months, and therefore we should strive to make the expenses of next year very light. We are sailing under almost too high colors for the condition of our people at the present time. Economy should be the watchword in our next election.

"The Nation" is the name of a new paper that will be published from The Chief office, by O. H. Truman, and will represent the Independent party. Mr. T. is a trenchant writer and we have no doubt will make the paper a success. He is a bold, fearless writer and will carry his points in a ready and forcible manner. While Red Cloud is crowded with newspapers, yet there may be room for "The Nation" as Mr. Truman intends making it more than a local newspaper. As such it ought to have a fair run. Time will tell.

For safe and reliable life insurance, those who are contemplating taking the same should not longer delay in sending in their application to the A. O. U. W. of Red Cloud. It is a duty that every one owes to his family to be prepared to protect them after death has claimed the head of the household for his own. No man knows when he may be called to pass the portal to the other world, and therefore should be prepared to leave a legacy behind that will be a solace to his family after he is gone. This is not idle talk but stubborn facts and the A. O. U. W. is a safe retreat. The death of Mr. Frank Sleeper, is a living example. Only four weeks ago did he conclude to join the order, and today his family while bereft of him, have the consolation that his love for them, prompted him to prepare for their wants, when he should be beyond helping them. It was a noble thing for him to do, and it is only right that every man should do likewise.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.
