If people only knew what we know about Kodol Dyspepsia Cure, it would be used in nearly every household, as there are few people who do not suffer from a feeling of fullness after eating, belching, flatulence, sour stomach or waterbrash, caused by indigestion or dyspepsia. A preparation, such as Kodol Dyspepsia Cure, which, with no aid from the stomach, will digest your food, certainly can't help but do you good.—J. E PHINNEY.
