What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
Dr. G. C. Osgood, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
Dr. J. F. Kincheloe, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. Archer, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
United Hospital and Dispensary, Boston, Mass.

That New Bridge.

Some months ago The Chief was among the first of the city papers to favor the building of a new iron bridge at Inavale, from the fact that those people up in that vicinity were entitled to a more substantial structure than the old rookery that has been staying there only by virtue of there not being enough water in the river the last two years to wash it away. The facts are that the bridge committee composed of Alfred McCall, chairman, and Messrs. Crary, and Laird, did good service in selecting the bridge most suitable, and it took them parts of two days and night in selecting their plans before they would submit their report to the board, and out of about sixteen applications the plans and specifications of the Chicago Bridge and Iron Co. were taken, the bridge complete to cost $6,100, the same to be placed on iron piers, the center pieces to be five feet in diameter in the river and those on the end to be four feet. The road-way will be sixteen feet wide and the whole bridge to be made up of the very best material. Through the recommendation of the board the bids were all made public, the responsibility of adopting the bridge being placed upon the entire board as a committee of the whole. The people of Walnut creek have to thank Supervisor McCall for his earnest and never ceasing efforts to procure the bridge, and to his work is to be placed largely the credit of the new iron bridge just recently contracted for to span the river between Walnut township and Inavale. However he was promptly seconded by most of the board and the people of Inavale and Walnut townships, who saw the necessity of a new bridge at that place. The Chief is always glad to see such improvements go forward as the public demands require them, and it was certainly a necessity at that place.

The New Teachers.

The following are the new teachers selected to take charge of our city schools.

Superintendent—G. M. Caster.

First Asst. Principal 2d ward—Miss F. A. Caldwell.

Second Assistant—Miss Ellen B. Atwater.

Principal in First Ward—Miss Mattie Kelley.

The following are the teachers aside from the principals, but who have not been assigned to rooms.

Miss Carrie Trobee, Miss Emma Brown, Mary Nye, Ada Howard, H. M. Outsen, Miss Lula Warner, Miss Addie Reigle, Miss Mamie Beal.

Suburban school—Miss Jessie Sherman

The salaries of the teachers have all been raised, $40 being the maximum price paid for teachers in the grades below the high school department, and for the high school department $50, $55 and $60 will be paid.

That is right, the prices heretofore paid have been too small to expect efficient work. The teachers selected as far as we are acquainted with them are fully prepared to cope with the problems that will come before them during the school year, and The Chief is pleased to note that as far as possible they were selected from Red Cloud's young ladies who, we feel confident will prove faithful and competent in the school work. The unassigned teachers will be given ther rooms later on.

W. C. T. U. Notes.

The Union will meet during the remainder of the summer at the Presbyterian church, every Thursday afternoon at 2 o'clock.

The Loyal Temperance Legion meets on Thursday afternoons immediately following the Union, at the Presbyterian church, at half past four o'clock.

One line of work the ladies are taking up is to see that the law against selling tobacco to miners is thoroughly circulated. The following has been printed on placards and hung in all places where tobacco is sold:

Section 1.—[Sale prohibited]....

That hereafter no person or persons in this state shall SELL, GIVE, or FURNISH any cigarette or cigarettes, or tobacco in any of its forms, to any minor under fifteen years of age.

[1885, chap 105.]

Section 2.—[Penalty.].....

That if any person or persons in this state shall violate the provisions of this act, he, she, or they shall, on conviction, pay for each and every offence the sum of twenty-five dollars.

The board of public lands and buildings has been thoroughly investigating the Hastings Insane Asylum robberies. It has become altogether too frequent in these latter days for public officials to appropriate public money to their own interests, and in many instances on relinquishing their offices to be able to live in affluence with a monthly income that would make one of the common herd bung his eyes out so that they could be knocked off with a club, and that too with a very small salary. If the officers are guilty, and there seems to be no doubt, they should be severely punished so that their successors will fully understand that they must do right with the public funds or take the consequence.

During last fall's election, the republican party was handicapped by such men as John M. Waltson, Walt Seeley, E. Rosewater and numerous other supposed republicans, who instead of working for the sure election of the entire republican ticket did everything they could to elect Boyd as governor. The Chief is tired of that kind of republicans. To them can be laid the defeat of Mr. Richards, the republican candidate, and an almost defeat for the balance of the ticket. If those men are considered the "war horses" of the republican party, excuse us. To-day men are holding state appointments who have and are known to have worked to defeat the republican party and yet they are held up as shining lights. No wonder that the "tried and true" republicans become sick and wonder into strange paths, it is enough to make them. The facts are that Chairman Watson and his cohorts are still doing dirt and should be fired off of the state central committee and some good, honest, straightforward and unswerving republicans put in their places. Watson's latest pronunciamento that an election should be held to elect a successor to Gov. Thayer is all foll-de-roll and very silly, inasmuch as it is considered mowe taffy for Boyd and an attempt to make him (Watson) friends in the independent ranks. Gov. Thayer will hold on to the governor's office until '92 or we shall miss our guess.

Mr. Frank Baily, who lives just over the line in Nuckolls county, was in town Monday with a bottle of chinch bugs that he was sending by mail to Prof. Snow, of the Kansas State University to have impregnated with the chinch bug disease. There is no particular damage being done by chinch bugs in his vicinity, but there are some about for all that, and Mr. Bailey and his neighbors think the present a good time to destroy them. Prof. Snow's method is said to do the work quickly and effectually.—Signal.

John Patmor was 17 years of age last Thursday, and in honor of the event his parents gave him a birthday party and invited in numerous friends of the young man, for the purpose of warning him that time flies and that he would soon arrive at his majority. The occasion was one of much pleasure to all present. He was the recipient of many fine presents, among which was a fine cake from Mrs. Julia A. Knox and Miss Nora Butcher with his name and age thereon in bold relief; also a gold badge which is the emblem of the order known as the Sons of Veteran's, of which he is a charter member.

On passing a fine residence the other day one of our reporters noticed that the window curtains were down. Thinking perhaps that the people had gone away, he, ever in search of news accosted the devil, something like this: "Say, Sancho, I wonder what's the matter, the blinds have been down all day?"

"Sancho—looked around, smiled, and said he guessed they'd failed."

Our reporter inwardly smiled and passed on, giving the devil proper credit for the assertion.

Prof. Daum returned this week from North Bend, Kansas, where he has secured the superintendency of the public schools of that place. The people of that enterprising city will find him a good man for the place, and an educated gentleman. He and his family will move there some time next week.

The board of supervisors have done well in deciding to build an iron bridge over the river at Inavale. The people in that part of the county are entitled to a good bridge.

The people of this city should not forget that the reunion is coming on very fast and arrangements should be made to entertain the largest crowd that Red Cloud ever saw.

Those of our patrons who have claims against the Red Cloud National bank or the First National bank of Red Cloud, must file them within 90 days, so it would be wise to file them at once.

Andy Berg received word from Norway, this week, that his aged father had departed this life, on June 27th, and was buried July 4th. Andy has the sympathy of his many friends in this country.

On the 25th of June, a son came to gladden the hearts and brighten the home of Mr. and Mrs. H. M. Garlick of Chicago (nee Mrs. Adella L. Hurlburt of Morris, N. Y.) Her old and many friends of Red Cloud extend congratulations.

Don't forget to make your every arrangement to attend the old soldier's reunion to be held in Red Cloud, in September. It will be the grandest time ever seen in the Republican valley, thousands of old soldiers and their friends will be present on that occasion.

Sam Lindsey, was quite unfortunate on Saturday night, during the windstorm in which his barn was blown down. Several other farmers sustained losses in the way of having their windmills and corn blown over. The damage is said to be quite heavy but not altogether serious.

It is rumored that O. C. Bell of Lincoln has received the appointment of receiver of the First National bank If there is to be a receiver appointed for that bank, Mr. Bell would be received cordially as he is one of the most prominent gentlemen of Lincoln and a man who fully understands the business.

The old soldiers' camp-fire last Monday night in the G. A. R. Hall, was a grand affair and a season of much pleasure for the "Boys in blue" and their many friends. Noted speakers were present form abroad, and the ladies of the W. R. C., entertained them in royal style. The evening was enjoyed by all present especially by the old soldiers who love to gather to gether and recount the trials, vicisitudes and pleasure of the campaign of '61 to '65. It is a pleasure to see them and The Chief never tires of hearing them relate their experiences during that bloody strife. To the old soldier boys of that period the country owes its existence today. We would gladly give the event more space but we are too crowded to do so.

Progressive hammock parties are the latest craze, and it is said to knock the spots off progressive pedro or eucher. Any progressive young gentleman or lady can play it. The game can be enjoyed anywhere provided always there are plenty of shaded locations for the hammocks so that the fair occupants shall in no case be moonstruck When the hostess strikes the gong every young man must march to the next hammock. Prizes are awarded to the most entertaining conversationalist, of either sex. The young gentleman vote for the young ladies and vice versa. Any young man found with a long hair on his shoulder or complexion powder on his coat sleve is subject to a heavy fine.

O. C. Bell, of Lincoln, has been appointed receiver of the First National Bank of this city, and has assumed the duties of his office. Mr. Bell is a gentleman of wide experience and has a state reputation. There could not have been a better appointment made for the benefit of the bank and its depositors than Mr. Bell, as all can be assured of courtesy and fair treatment, and promptness in ajudicating their claims as far as it lays in his power to do so.

Died.

Miss Eva M. Lewis, July 18, after a long illness she passed away in peace. The deceased was born in Keokuk county, Iowa, December 11, 1869, aged 21 years, 7 months, and 7 days. She moved to this county with her mother and five brothers about six years ago. She was well esteemed and respected by all who knew her. Funeral services took place at Plesant Hill, in the presence of large concourse of relatives and friends, Rev. E. J. Randall officiating. The entire community extends their heartfelt sympathy to the mourners in their sad bereavement.

"'Tis hard to break the tender cord,
When love has bound the heart,
'Tis hard, as hard to speak the words,
'We must forever part.'"

Dearest loved one we must lay thee,
In the peaceful grave's embrace,
But thy memory will be cherished,
'Till we see thy heavenly face."

Petition Elias Lockhart, Wm. McCallum and others for an appropriation of $200.00 to build bridges, culverts and repairing road between Sec. 32 and 33, 20 and 21, 16 and 17, 8 and 9, and 28 and 29 being five miles of road, laid over till next meeting.

Adjourned to one o'clock p. m. July 16, 1891.

Board convened one p. m. July 16, Members present 18.

The road petition signed by F. E. Payne and others praying for a road between Sections 27 and 28, 21 and 22, 15 and 16, 9 and 10 and 3 and 4 in Town 3, Range 12, and the remonstrance against the same signed by Jno. Sorenson, Otto Skjelver and others came up.

The petitioners were represented by Randolph McNitt and J. R. Wilcox and the remonstrance was defended by J. S. Gilham.

It was shown that the special commissioner, W. E. Thorne, had reported in favor of opening the road, that notice of the same had been advertised as provided by law, and appraisers appointed to assess damages, who had made their report according to law. Whereupon G. P. Cather moved that the road be granted as prayed for, which was seconded and carried by the following vote: Yeas—Cary, Laird, Zimmerman, Thomas, Rasser, Ayles, Kesler, Hoffman, Fish, Patterson, G. P. Cather, McCall and Hummel. Nays—Kindscher, Miller, Coon, C. F. Cather and Irons. Therefore the road was declared established on the line established by W. E. Thorne in a Township survey made in the Spring of 1890, between Sections 27 and 28, 21 and 22, 15 and 16, 9 and 10 and 3 and 4, in Town 3, Range 12, and ordered platted.

Perrie Bondreau was allowed $15.00 and Otto Skjelver $10.00 for damages sustained by them on account of the location of the above named road.

Moved and carried that the bids received by clerk for building iron bridge across the Republican river opened and read.

Committee on bridges made the following report:

We the bridge committee recommend that the contract for building an iron bridge across the Republican river near Inavale be let to the Chicago Bridge & Iron Co. of Chicago, Ills., at their bid marked C. for $6,100.00 reserving the right to change any of the iron which the Board of Supervisors or their bridge committee may think should be made from said bridge company's heavier eight or larger steel material, by simply paying the difference of the market price of said material and where different sized material is mentioned in said bid for the same thing the board or bridge committee shall have their choice.

Respectfully submitted. A. McCall, A. H. Crary, Wm. C. Laird, committee. Moved and carried that the report of committee be received.

Motion by Irons that the contract to build the Inavale bridge be awarded to the Chicago Bridge & Iron Co., for the sum of $6,100.00 to be built as per plans and specifications now on file marked C. as recommended by report of committee.

Ayes—Crary, Laird, Zimmerman, Thomas, Coon, Kesler, Fish, Cather, Irons, McCall, Hummel—11.

Nays—Kindscher, Miller, Rasser, C. F. Cather, Hoffman, Patterson—6

Motion was declared carried and committee on bridges was ordered to proceed to close up said contract.

Adjourned to July 30, 1891, at 10 o'clock a. m. H. D. Ranney, County Clerk.
