VEGETABLE SICILIAN
HAIR RENEWER
As the name indicates, it not only RENEWS the growth of the hair when thin and falling off, but it positively RENEWS THE COLOR to its original hue when it is turning grey or white, whether caused by disease, grief or old age.
It will certainly do what is claimed for it, a fact which hundreds, nay, thousands who have used it are ready and willing to testify. When one bottle is fairly used, in any community, its reputation spreads like wild fire," and is the best advertisement and recommendation we desire. In the Eastern States, where the "RENEWER" originated, it is used by all Young ladies as a Dressing, and is to be found on the toilet tables of Young Men, (about their barbers;) while Older Men and Women will not be without it, as a renewer and restorative for their grey locks and bald heads, which it changes to their entire satisfaction.
We are selling in the city of Boston alone, upwards of 16,000 bottles per month, the dealers giving the RENEWER the preference over all other Hair Preparations.
If not sold by Druggists in your town, a *Trial Bottle* will be sent you by Express, upon receipt of one dollar by mail—thus giving you an opportunity at once for testing its excellent virtues.
Orders for Trial Bottles, must be addressed to our General Agent for the Northwestern States, C. A. COOK, Box 6524, Chicago, Ill. All such orders will receive prompt attention.

ROOFING
Suitable for Steep or flat roofs.
ROOFING
Not injured by heat or cold
ROOFING
Easily and rapidly applied.
The most of the materials employed in the construction of this Roofing, have been used in various ways for roofing purposes for over fifteen years and our manner of combining them into one firm, impermeable, uniform fabric, secured by Patent, increases their durability, while at the same time being manufactured by machinery on a large scale, the cost is lessened. Our Roofing is adopted to buildings of all descriptions, and in all climates, and can be applied to steep or flat roofs, old or new and by ordinary workmen at a trifling expense. For uniformity of quality, completeness of finish, facility of application, cheapness and durability, we invite a thorough trial. We also manufacture
LIQUID CEMENT.
For Leaky Tin and Iron Roofs.
Much cheaper and more durable than oil paint, as it forms a much heavier body and will not crack run or flake off.

THE AUTOMATIC ORGANS.
In presenting the Automatic Organ, we boldly announce the greatest triumph in musical instruments of the age. During the past half century, the French and Germans have manufactured reed instruments with double bellows, and two pedals for the feet to operate, but the wall of the reversed or Exhaustion Bellows, (which is the only bellows used in our instruments), made it impossible for them to produce the mellow, rich and musical tone, for which our instruments are celebrated.
Another objection to this method of blowing was that, both feet being occupied, no opportunity was offered for the management of the swell. Within the past two years, instruments constructed on this European plan of "double blowers," have been manufactured in this country, and to counteract this difficulty (want of a swell) it has been proposed to place the centre of the instrument, to act upon the swell, and operated by the knee. The inconvenience and contortion necessary to effect this object are disagreeable enough to a gentleman, but to a lady the use of such an appendage is nearly impossible.
Our Automatic device obviates this difficulty entirely, the simple act of blowing with more or less force giving the desired increase or decrease in the volume of tone.
For seventeen years the superior excellence of our Melodeons has not been questioned, and for two years past the enormous demand has made it impossible for us to meet our orders promptly. With our increased facilities, we feel warranted in assuring our patrons that their orders will be promptly met, and solicit a continuance of their patronage.
GEO. A. PRINCE & CO.

Caution to Purchasers.
All our instruments have upon the name board, in full, "GEO. A. PRINCE & CO." When a dealer represents any other instruments as "the same as ours," it is usually a mere attempt to sell an inferior instrument, on which he can make a large profit.
P. S.—A liberal discount to Churches, Clergymen and Schools.
