OMAHA INDIAN LANDS.

Letter From the Interior Department to Senator Manderson.

No Proclamation for Settlement Until the Appraisement is Completed.

In response to numerous inquiries made to him, Senator Manderson lately wrote to the interior department requesting information in regard to the disposition of the Omaha Indian lands, and received the following in reply, which we are permitted to publish:

DEPARTMENT OF THE INTERIOR, GENERAL LAND OFFICE, WASHINGTON, D. C., August 14, 1883.

HON. CHAS. F. MANDERSON, OMAHA,

SIR:—I have the honor to acknowledge the receipt of your letter of the 7th inst., asking when the Omaha Indian lands will be offered for sale? What will be the course of settlement and sale? In reply you are advised that the act of August 7, 1882, provides for the sale of the unallotted lands lying west of the right of way granted by said Indians to the Sioux City & Nebraska railroad company. After the survey (if necessary) and appraisement of these lands the secretary of the interior is authorized to

ISSUE PROCLAMATION

to the effect that the same are open for settlement, under such rules as he may prescribe.

At any time within one year after the date of such proclamation, each settler, occupying any portion of said lands, and having valuable improvements thereon, who is a citizen of the United States or who has declared his intention to become such, shall be entitled to purchase, for cash, the lands so occupied and improved by him, not to exceed one hundred and sixty acres in each case. The secretary may dispose of these lands on the

FOLLOWING TERMS

as to payments; that is to say, one-third to become payable one year from date of entry, one-third in two years and one-third in three years from said date, with interest at the rate of 5 per centum per annum; but no portion of said land shall be sold at less than the appraised value thereof, and in no case at less than two dollars and fifty cents per acre.

The commissioners provided for by the above act, have been appointed and are at present engaged in appraising these lands, but I am unable to say when their labors will be completed, and no action can be taken in the matter of issuing proclamation and instructions until the list of appraisement is received and approved by the department.

Very respectfully, L. HARRISON, Acting Commissioner.

THE SUPREME COURT.

The R. D. Silver Mandamus Suit Not Granted—Other Matters.

Lincoln Democrat, 23d inst.

The state supreme court this morning, in the matter of the application for a writ of mandamus made by D. R. Silver, to restrain the board of public lands and buildings from giving the contract for the erection of the main body of the new capitol building to W. B. Stout, refused to grant the same. Judge Lake delivered a short argument, stating that it was the opinion of the courts that it had no power to interfere with the action of the board. This was the opinion of two members of the court, Judge Maxwell dissenting.

The court this morning affirmed the judgment of the lower courts and refused to grant a rehearing in the cases of Polin and Hart, who are under sentence of death for murder. Both will be hanged the same day, November 9th, Polin at Plattsmouth and Hart at Grand Island.

The court adjourned this afternoon to October 9th, for the purpose of handing down decisions.

WEDDING BELLS.

The Selden-Hoye Nuptial Ceremonies.

A very interesting event took place at St. Mark's church at 3 p. m. Thursday afternoon, being the wedding ceremony of Charles Selden and Amelia Hoye, daughter of the well known contractor, Mr. John Hoye.

A pleasant and enjoyable reception was given in the evening at the residence of the bride, No. 1222 South 13th street, at which quite a large assembly gathered and "tripped the light fantastic" to the stirring strains of music furnished by Messrs. Vamplo & Fox.

Recurring to the details of the wedding, it may be mentioned that the bride's attendants were Misses Nora A. Lininger and Emma Hoye, and the groomsmen Messrs. Frank Pugh and Al. Selden.

Among the elegant presents received were the following: Elegant stand lamp, Mr. and Mrs. Wm. Mack; toilet set, Miss Amy Coyle; set silver knives, Mrs. Oscar Brown and son; silver butter dish, Henry Dietzen; set silver forks and chamber set, South Omaha social club; set of mats, Mrs. J. W. Morrison; hanging lamp, Mrs. S. M. Swoboda; bureau, Mr. and Mrs. Selden; reclining chair, Mr. S M. Hoge; wash bowl and pitcher, Miss Coyle; set of towels, Mrs Dr. Gray; set of tidies, Mrs. Selden. The wedding was a most delightful and auspicious one and THE BEE joins with many friends in wishing the happy couple long life and prosperity.

WHITE-CRAIG.

A Marriage in North Omaha Which Occurred Wednesday.

The marriage of Mr. J. A. White to Miss Laura Craig took place Wednesday evening, August 24th. The marriage ceremony was performed at the Holy Family church, after which the bridal party repaired to the groom's residence. Mr. J. Gannon acted as groomsman, and Miss Lou Krenzer as bridesmaid. At the residence a collation was spread for the company, friends of the bride and groom, who partook heartily of the same, and the evening was spent in congratulations to the happy couple. Mr. White is an employe in the Union Pacific car shops, where he has made many friends, and Miss Craig is well known in the north part of the city, where she has resided for a number of years. The presents were costly and numerous, and seemed to have been selected with great care We wish the happy a pleasant journey through life.

GAS IS "ESCAPING."

And It Is Hoped That a Communication May Stop It.

Editor of the Bee.

If you are good at answering conundrums please inform your readers why it is that the gas lamps at the corner of Cass and Davenport streets, on Sixteenth, (Jefferson Square) are never lighted. Does the gas company draw pay for these two lamps that have not been lit a half a dozen times this summer? And why is it the councilman from this part of the city never notices this wilful neglect on the part of the gas company to fill its contract with the city?

Now that 16th street is torn up and in a very dangerous condition, people who are compelled to go north on that street, want all the light they can get these dark nights, especially if the city pays for light. Suppose a serious accident should occur to a person passing on that street of a dark and slippery night, and no lights from the gas works, who would be responsible for the damages, the city or the gas company? Gas is "escaping" somewhere, and we hope this item may stop the "leak."

SIXTEENTH STREET RESIDENT.

A GOOD INVESTMENT.—One of our prominent business men said to us the other day: "In the spring my wife got all run down and could not eat anything; passing your store I saw a pile of Hood's Sarsaparilla in the window, and I got a bottle. After she had taken it a week she had a rousing appetite, and did her everything. She took three bottles, and it was the best three dollars I ever invested. C. I. Hood & Co., Lowell, Mass.

BOUND TO LINCOLN.

The J. M. Thurston Hose Company Roster of Men.

On next Tuesday the members of the J. M. Thurston hose company, who have been in practice for several weeks past with their cart, will go to Lincoln, to take part in the fir men's tournament. They take with them the running cart which has done such good service in winning the championship of Iowa, and which they have been using on Douglas street. They will have another run up Douglas to-morrow evening.

The following are members of the team who will run: Wm. Webb, Wm. Coots, John Curry, Samuel Crowley, John Roach, James Traynor, Patrick Norman, John Lacy, George Kott, Tim Collins, J. C. Pentzel, Jos. Donnelly, George M. Steele, Chas. A. Salter, Jos. Vanderford, Tony Herold, John Simpson, Jas. Cormick, Wm. Kott, Jas. Houck, George Blake.

This evening a grand ball is to be given at Crounse's hall by the hose company, the Omaha Musical Union orchestra being in attendance. Tickets admitting gentlemen and ladies are one dollar.

THE GARFIELD MONUMENT.

Laying the Corner Stone of the Memorial Shaft at the Golden Gate.

A Magnificent and Impressive Scene—Seven Thousand in Line.

SAN FRANCISCO, August 24.—The corner stone of the Garfield monument was laid to-day. The procession was divided into four divisions, comprising United States troops, National Guards of California, Grand Army of the Republic, Knights Templar and members of California Masonic lodges. Over 8,000 were in line, the largest procession ever witnessed on the Pacific coast. It extended one mile and a half, occupying an hour and three-quarters in passing. The day being a public holiday visitors from interior towns were greater than on any day during the week. The streets along the line of procession was jammed for a number of miles. The scene presented in the park was a magnificent one. On three sides the surrounding hills were covered with a dense mass of spectators. On the other the Pacific ocean. The valley between was occupied by glittering uniforms. As the procession arrived, the members drew up in the form of a circle around the base of the monument, close to which the grand stand was erected for the Grand Masonic officers, whose privilege it was to perform the ceremony of laying the cornerstone. When all had fallen into place, prayer was offered by the general chaplain, followed by a Masonic ode, chanted by all present. Hon. Horace Davis, ex-member of congress, in a short speech, invited the Grand Master of California Masons to lay the corner stone of the monument to the second martyred president of the United States. A casket containing the gold, silver and nickel coinage of the present year, together with a printed account of the assault, and the obsequies of President Garfield were deposited within the stone, after which the Grand Master, pouring in the corn and wine and oil, and tapping the stone, pronounced it well and truly laid. An oration on Garfield's life and services, followed by a benediction, closed the services of the day. Salutes were fired from the forts on the signal of the termination of the ceremony.

The Cut-Throat Pool.

CHICAGO, August 24.—Published assertions are made here that the east and west bound freight rates are being freely and openly cut. It is specifically stated that a rebate of 10 cents per hundred pounds is being offered grain shippers from western points, and that a rebate of 30 cents per hundred is being allowed on butterine It is also intimated that the Delaware, Lackawanna & Western road is cutting west bound rates, and an instance is given of tea shipments where a shaving of 30 cents per hundred had been allowed between New York and Chicago. It is further declared that Joint Agent Moore has gone to New York to consult Commissioner Fink on the situation.

Fallen Women.

ZANESVILLE, O., August 24.—Shortly after midnight last night the superintendent of the county infirmary found Lottie and Emily Littlefield, sisters, who had been admitted the day before, on the ground beneath their window, the first named dead, the other perhaps fatally injured. They had attempted to escape by means of a rope made of bed clothing, but could not hold fast and feel thirty feet. It is said the women have been in good circumstances till recently, and when the only remaining relative refused to care for them, they had to be sent to the infirmary.

Successful Suit Against the W. U.

NEW YORK, August 24.—On July 26. Thomas Marvin, manufacturer of straw hats, presented two dispatches for Oil City at the office of the Western Union Telegraph company. The receiving clerk refused to take the dispatches unless Marvin agreed to send them "subject to delay." Marvin brought suit against the company for $200 damages in the first district court The case was tried, and Justice Angel to-day rendered a decision in favor of the plaintiff. He held, however, that the refusal of the two dispatches was one act, and gave judgment for $100 with costs.

Marine Disasters.

WASHINGTON, August 24.—The supervising inspector general of steam vessels reports that during the fiscal year ending June 30, 1883, the total number of accidents resulting in loss of life was 34, of which 12 were from explosion, 5 from fire, 11 from collisions. Total loss of lives by accident from various causes during the year, 284, of which 69 were from explosions, 82 collisions, 45 from fires, 50 from wrecks, 38 accidental drowing. As compared with 1882, the loss of life during the past year was greater than the year by 12.

The Overland Pool.

MINNEAPOLIS, August 24.—A meeting of the Northwestern Traffic association was held here to-day, with a full attendance of members. It was decided to admit the Northern Pacific railroad to the pool, giving them the same rate privileges and divisions as are now accorded to the Union Pacific. The Northern Pacific rates to Portland will be on the same basis as the Union Pacific rates to San Francisco, both from Chicago.

Running Down Texas Steers.

CHICAGO, August 24.—Two patrol wagons, a dozen policemen and about five hundred boys attempted to run down a wild Texas steer which had escaped from the stock yards to the open prairie south of the city this afternoon. Two were recaptured but the third overturned a buggy containing three persons and made a mad rush for a little child, which, however, had a miraculous escape, and created other havoc before it was finally shot by a policemen.

Pounded in a Mash Tub.

NEW YORK, August 24.—Andrew Sanger and Carl Stein, Workmen in Huepfel's brewery, to-day entered a large mash tub to do some work. Ignorant of their presence there the engineer set the machinery in motion and the life was literally pounded out of Sanger. Stein was caught under the machinery and severely injured, but was taken out alive and sent to the hospital.

A Kidney Wort.

BOSTON, August 24.—Prof. Swift, of Rochester, who announced the discovery of the new comet, telegraphs to Harvard observatory that it is not a comet, but a nebula.

The Custer Butchers on Exhibition

DES MOINES, August 24.—The Sioux war chiefs who were concerned in the Custer massacre—Sitting Bull, "Rain in the Face," Crow King, Gall and others, with an interpreter—will be at the Iowa state fair, to be held here from August 31 to September 8. The interior department at Washington has issued the necessary orders, and transportation is arranged.

Collision of Trains.

LOUISVILLE, KY., August 24.—This morning a passenger train on the Louisville & Nashville road, near Lebanon, collided with a freight train. The passenger engine recoiled from the shock, telescoping the tender and baggage car. No passengers were injured The engineer, Clarence B. Gifford, was crushed and will die; Fireman Kidd was seriously injured.

TELEGRAPH NOTES.

Wilson's grain elevator at Gibson, Ill., containing 5,000 bushels of corn and 2,000 bushels of oats, together with the Wabash railway freight and passenger depot burned. Loss, $10,000. The grain was insured.

Paddy Ryan, the Bruiser.

CHICAGO, August 24.—Paddy Ryan, who it was rumored had been concerned in the shooting affray last night, put in an appearance to-day and denied having been concerned in any altercation. He says he was in company with friends during the night, but he certainly was kept so close that detectives and reporters could not locate him.

On the Rocks.

NEW BEDFORD, MASS., August 24.—The friends of Joseph M. Bartlett, of the yacht, Mystery, after conversation with Captain Andrew Snow, who saw a man on one of the hen and chicken rocks on the 12th inst., are confident the man gave a Masonic sign, and he must have been Bartlett, who was the only Freemason in the Mystery party.

A Railroader Retires.

CHICAGO, August 24.—Assistant general freight agent, A. J. McCormie, of the Chicago, Milwaukee & St. Paul railroad, resigns after twenty-three years continuous service, to engage in commercial business, and will be succeeded by C. L. Rising, commercial agent of the Wabash road, with headquarters in this city.

Admiration

OF THE

WORLD.

Mrs. S. A. Allen's

WORLD'S

Hair Restorer

IS PERFECTION!

Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequaled preparation for restoring, invigorating, and beautifying the Hair. Her World's Hair Restorer quickly cleanses the scalp, removing Dandruff, and arrests the fall; the hair, if gray, is changed to its natural color, giving it the same vitality and luxurious quantity as in youth.

COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER.

"One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of MRS. S. A. ALLEN'S WORLD'S HAIR RESTORER. It is not a dye.

THE NECESSITY

FOR THE SPECIALIST,

DR. H. WAGNER,

Has long been acknowledged and more so at this day than any other. The vast field of medical science is ever increasing, and its numerous branches are brought nearer and nearer to perfection, and no one man can any longer grasp them all. Hence the necessity for dividing the labor. And it is true beyond all doubt that disease, affecting the genito-urinary organs need special study more than anything else, if we would understand and know how to treat them properly.

DR. H. WAGNER is fully aware that there are many physicians, and some sensible people, who will condemn him for making this class of diseases a specialty, but he is happy to know that with most persons of refinement and intelligence a more enlightened view is taken of the subject, and that the physician who devotes himself to relieving the afflicted and saving them from worse than death, is no less a philanthropist and benefactor to his race than the surgeon or physician who by close application excels in any other branch of his profession. And fortunately for humanity, the day is dawning when the false philanthrophy that condemned the victims of folly or crime, like the lepers under the Jewish law, to die uncared for has passed away.

A Few Reasons

Why you should try the celebrated Dr. H. Wagner's methods of cure:

1. "Dr. H. Wagner is a natural physician." O. S. FOWLER, The Greatest Living Phrenologist.
2. "Few can excel you as a doctor." DR. J. SIMMS, The World's Greatest Physiognomist.
3. "You are wonderfully proficient in your knowledge of disease and medicines." DR. J. MATTHEWS.
4. "The afflicted find ready relief in your presence." DR. J. SIMMS.
5. "Dr. H. Wagner is a regular graduate from Bellevue Hospital, New York city; has had very extensive hospital practice, and is thoroughly posted on all branches of his beloved science, especially on chronic diseases." DRS. BROWNELL & EWING.
6. "Dr. H. Wagner has immortalized himself by his wonderful discovery of specific remedies for private and sexual diseases."—Virginia City Chronicle.
7. "Thousands of invalids flock to see him."—San Francisco Chronicle.
8. "The Doctor's long experience as a specialist should render him very successful."—Rocky Mountain News.

Plain Facts Plainly Spoken.

At one time a discussion of the secret vice was entirely avoided by the profession, and medical works of but a few years ago would hardly mention it.

To-day the physician is of a different opinion; he is aware that it is his duty—disagreeable though it may be—to handle this matter without gloves and speak plainly about it; and intelligent parents and guardians will thank him for doing so.

The results attending this destructive vice were formerly not understood, or not properly estimated; and no importance being attached to a subject which by its nature does not invite close investigation, it was willingly ignored

The habit is generally contracted by the young while attending school; older companions through their example, may be responsible for it, or it may be acquired through accident. The excitement once experienced, the practice will be repeated again and again, until at last the habit becomes firm and completely enslaves the victim. Mental and nervous afflictions are usually the primary results of self-abuse. Among the injurious effects may be mentioned lassitude, dejection or irritability of temper and general debility. The boy seeks seclusion, and rarely joins in the sports of his companions. If he be a young man he will be little found in company with the other sex, and is troubled with exceeding and annoying bashfulness in their presence. Lascivious dreams, emissions and eruptions on the face, etc., are also prominent symptoms.

If the practice is violently persisted in, more serious disturbances take place. Great palpitation of the heart, or epileptic convulsions, are experienced, and the sufferer may fall into a complete state of idiocy before, finally, death relieves him.

To all those engaged in this dangerous practice, I would say, first of all, stop it at once; make every possible effort to do so; but if you fail, if your nervous system is already too much shattered, and consequently, your will-power broken, take some nerve tonic to aid you in your effort. Having freed yourself from the habit, I would further counsel you to go through a regular course of treatment, for it is a great mistake to suppose that any
