FINANCE AND COMMERCE.

FINANCIAL

NEW YORK, November 3.

Money—Very easy at 1@1½ per cent, closing at 1½ per cent.

Prime Paper—6@7 per cent.

Exchange Bills—Steady at 4.81½; demand, 4.84.

Government—Lower.

Stocks—The stock market was dull during the forenoon, but strong, and after the announcement of a favorable bank statement there was a general advance, which placed the range of prices ½ to 1 per cent above the closing prices of Friday. In the hour and a half to 2 o'clock the market was very dull, and the net result was a decline of ⅛ to ½ per cent in the general list, the latter on Northwestern to 123, and Oregon and Transcontinental to 48, with ⅝ per cent on Missouri Pacific to 95, Kansas and Texas to 23¾. In the last hour the market was dull and prices declined ⅛ to ½ per cent, but this left the general range of prices ½ to ⅞ per cent higher than last night, the latter on Michigan Central and Burlington and Quincy.

The Evening Post says: "One of the most important factors in the present situation of the market, and one which, we think, is not fully realized by the majority of either speculators or investors, is the great change in the condition of our foreign trade balance as compared with last year."

THE EUROPEAN MARKET.

LONDON, November 3.—The Economist of this week says: "The rate of discount for bank bills, 60 days to three months, is 2⅞ per cent, and for trade bills, 60 days to three months, 2½@3 per cent. In the first half of the week the threatening aspect in Chinese affairs and failures in the cotton trade in Liverpool caused a fall in the leading securities and consols. Prices again receded on Friday on the withdrawal from the bank of England of bullion which was for shipment to America." The Economist also says it is remarkable that with this gloom the actual fall in prices has not been greater.
