OMAHA MARKETS,

OFFICE OF THE OMAHA BEE, Saturday evening, March 14.

TRADE REVIEW.

The general produce markets with the exception of eggs continue about the same as last week. The fine weather has brought the egg market down to about its normal basis. To-day's quotations are 15c, and commission men state that they will be down to 12½c in a few days.

The grocers report only few changes in their commodities, and say that trade is excellent.

The flour and feed dealers report a good trade and in some instances lower prices.

The lumber trade as is usual at this season of the year is now beginning to boom.

In the drug trade prices are about the same.

The dry goods merchants report many changes, all for the benefit of the purchasers, i. e. lower prices—and a brisk trade.

The hardware dealers also are handling lots of seasonable goods in their line. Some of the leading staples are lower. A brisk trade is also announced.

The paint and oil dealers report that prices have reached the bottom point and trade is beginning to be quite brisk.

The receipts of grain during the past week were about the average and the prices paid were a little better than the previous week.

The live stock market is not quite as brisk since the cold weather but enough have been received to keep the packing houses busy, and prices were very fair.
