Some of the Leading Delegates.

From the lists of delegates so far received by Secretary Stine it will be seen that the different states have chosen some of their brightest and ablest young republican leaders. Edward Collins, an Oakland newspaper man, and San Francisco will be represented by Thomas D. Riordan, the well known attorney for the Chinese Six Companies, County Clerk Charles F. Louisiana Favors the Empire.

The Louisiana league adopted resolutions favoring the annexation of the Hawaiian islands, the independence of Cuba and the conquest and retention of the Philippine islands and Porto Rico. Among the sons she is proud of who are preparing for their trip to Omaha are: A. H. Leonard, W. S. and Andrew Hero, H. H. Blount, H. H. Johnson, William Voelker, Thomas McCormick, William P. Kellogg, C. W. Boothby, W. S. Posey, P. F. Herwig and J. N. Pharr—names known far and wide along the Mexican gulf.

Ten of the hardest fighters from Maryland who are going to make the effort of their lives to have a Maryland man, J. Cookman Boyd, elected president of the national league will be Colonel William J. Vannert of Chestertown, Leander Fareman of Govanstown and Lewis Shaefer, J. C. Smith, Benjamin Hiss, Charles H. Heultzman, Nathan Bachrach, Thomas Skinner, J. Parry of Heinesport and A. S. Letherman of Clinton.

The Cincinnati delegation from Ohio is a pretty good-sized one, consisting of G. G. Little, H. E. Stagman, Charles Pryor, Amos Smith, N. Paul Fenner, Scott Bonham, Herbert D. Dye and William E. McCully, and Cleveland by W. B. Gould, W. H. Freisman, J. W. Hencke, H. A. Bryan, L. T. Ellsworth and F. L. Taft.

More Police Stupidity.

Willie Ray, 12 years old, was arrested by an ignorant policeman last night for taking the part of a smaller boy who was being beaten by a Swede named Beelander. Ray is a stable boy in the employ of A. L. Patrick, 924 North Forty-second street, and the occurrence took place in the alley in the rear. Ray was attending to the horses, when he observed Beelander choking and striking John Helperson, who lives in the neighborhood. The boy called to Beelander to take somebody his size and this transferred the man's wrath toward Ray. He picked up a hatchet and hurled it at Ray, narrowly missing his body. The boy responded with an ear of corn, which took effect on Beelander's chin, causing blood to flow. Beelander then summoned a policeman, who sent the boy to the station. As soon as the facts were given to the night captain Ray was set at liberty.

Roberts Loses a Watch.

George Roberts, solicitor for Klopp & Bartlett, was robbed of his watch, valued at $150, on a South Omaha car while returning to the city yesterday from South Omaha.

The car was crowded and Roberts had to hang onto the straps. Just after the car left South Omaha Roberts was crowded by a young man, who shortly after left the car. Mr. Roberts did not discover his loss until the car had almost reached Omaha.

LIST OF MEMBERS IS WANTED

President Winter Tries to Get a Roll of Republican Leaguers.

ALL STATE CLUBS URGED TO REPORT

Circular Letter Sent Out Gives the Reasons for Desiring the Data and Some Information as to the Convention.

In the circular letter sent out by President Charles E. Winter to all the republican clubs of the state particular attention is called to the efforts which have been made for the last two years to get a complete and satisfactory list of members of all the clubs, and blanks have, therefore, been sent to each club for the convenience of making up the lists to be certified to.

After stating the main obect of the state convention, namely, the selection of thirty national delegates, six for the state at large and four for each congressional district (the president, vice president, secretary and treasurer of the state league being delegates, ex-officio, in addition) the circular makes clear the basis of representation and other matters in the following:

Each republican league club is entitled to representation in the state convention as follows: One delegate for each fifty members or major fraction thereof and the president, secretary and treasurer of the club, who are members ex-officio. All credentials must reach the state secretary on or before July 9.

The executive committee of the league will be at their headquarters, room 5, Millard hotel, July 12, where credentials will be received, tickets to delegates issued, and where all contests, if any, must be presented for determination before convention meets. The state convention of the league directed the executive committee to devise and put in operation a new basis of representation for future conventions, based upon the membership of the various clubs.

By order of the executive committee you are therefore requested to forward to the state league secretary, Ed J. Mock, at Hastings, Neb., the name of your club, and a complete list of your members and officers.

If there are other clubs in your city or vicinity please notify the secretary or any member, who will make application for blanks and fill them out as requested.

Each club having a representation of four delegates in the state convention must forward $1 to the state secretary, plus 50 cents for each additional delegate, before the credentials will be recognized or tickets to the convention be issued. This is an important matter, inasmuch as the Nebraska league entertains the National league convention this year, and we must be thoroughly organized and have our full representation.

The hour of the state convention will be 8 o'clock on Tuesday evening, the 12th, and place, Boyd's opera house.

WELCOME FOR THE SOLDIERS

Mayor Moores Urges the Citizens to Assist the New York Volunteers on Their Way.

To the Citizens of Omaha: At some time after 2 o'clock this afternoon a regiment of New York troops will arrive in the city on its way to the Philippine islands and I know every citizen of Omaha will want to assist in giving them a royal welcome. They come over the Northwestern railroad, their train running in four sections. They have been delayed in getting into Chicago and it will be impossible to tell just when their trains will arrive in Omaha until their time of leaving Chicago is known. If this cannot be ascertained in time for the morning papers it will be published in the noon extra editions. In order to give further notice it has been arranged that the Union Pacific railway whistles and the Bemis Omaha Bag company's siren whistle will be blown for ten minutes, one hour before the trains will arrive in Omaha. This will give ample time for all to reach the depot.

A royal welcome is not appreciated by hungry soldiers unless it is accompanied by something good to eat and so we have decided to give the boys a lunch. There are 1,305 men in the regiment and it will take 4,000 or 5,000 sandwiches, besides pies, cookies, etc., to feed them. I have already secured promises from our patriotic hotel men and others for 3,000 of these sandwiches and the generous proprietors of the Boston Store have offered to supply the regiment with pies. Arrangements have also been made for a plentiful supply of ice cold lemonade.

Other cities have given our own Nebraska boys a hearty welcome and Omaha must show that it is not behind its sister cities in patriotism. There will be no speakng, but the time will be taken up in giving the New York boys a practical welcome. It is hoped that all patriotic citizens will contribute something to make this affair a success. Sandwiches, cookies, fruit and anything which would be palatable for a cold lunch will be thankfully received. No intoxicants will be taken. All persons desiring to assist can send their contributions to the city hall, where arrangements have been made to receive them.

It is desired that as many of our citizens as can do so will be at the train to welcome the soldiers. This refers especially to the young ladies, who are wanted to assist in serving the refreshments. For the credit of ourselves and of our city let us make this reception a magnificent success. Let us all turn out and give the soldier boys an enthusiastic welcome and send them on their journey with a godspeed. Respectfully,

FRANK E. MOORES, Mayor.

Wants Her Ring Back.

During the Nashville exposition Freda Bishop, proprietress of the beauty show at Sixteenth and Cass streets, entrusted a valuable ring to a friend named Hugo to have repaired for her. She never saw Hugo from that day until Thursday, when she met him on Sixteenth street. She demanded her ring of Hugo, and upon his refusal to turn it over to her had him arrested. His case was continued for a week.

NEW COUNTERFEIT $5 BILL

Photographic Reproduction of the Genuine Finds Circulation and Is Discovered in Omaha.

A counterfeit silver certificate of the $5 denomination has made its appearance in Omaha.

It is of the kind known as the "photographic phony." It is a dangerous counterfeit and derives its name from the fact that it is a photographic reproduction of the genuine bill. It differs little from the genuine bill except as to the paper used and the color, which is a trifle "off." It is believed to be the work of Albert Skoog, a Swedish counterfeiter, who is one of the few spurious money utterers who can do this sort of work.

Skoog and two of his gang were arrested a year ago last month in Chicago and his complete outfit of cameras and colors was confiscated. The trials resulted in their receiving penitentiary sentences. One month after they entered Joliet they escaped. Two of them were recaptured, but Skoog got away altogether and is still at liberty, with a heavy reward hanging over his head. Skoog is considered the most dangerous counterfeiter in the country. He has been in America two years, coming here a fugitive from Sweden.

MOSHER MAKES A TEST CASE

Annoys a Midway Manager Who Declines to Employ His Vaudeville "Attractions."

Manager Willard of Pabst-on-the-Midway was arrested last night about midnight on a charge of selling liquor without license. The arrest was made by Constable Hardy from Justice Pritchett's court. The case is set for hearing for Tuesday.

The information on which the warrant was based was sworn to by one George Mosher. Mosher says he intends to make a test case.

Mosher is a partner of Harry Gallagher, son of Chief Gallagher, in the business of "booking" vaudeville performers. The firm has tried to do business with Manager Willard, but he has refused to have any of their "attractions." The analogy between this and Mr. Mosher's "test case" is easily apparent.

The business of selling liquor on the grounds is covered under the blanket license issued to the Exposition association.

OMAHA PEOPLE BUYING BONDS

Local Subscriptions to the War Loan Are Being Hurried Forward in Great Numbers.

The demand at the postoffice for the blanks used in applying for the government bonds has been quite great. Most of the bonds applied for through the postal authorities were for small amounts, ranging from $20 up. In many cases persons who have been buying postal orders as a means for keeping their money have cashed the orders and applied for the bonds, which yield 3 per cent, while the money orders bear no interest. All applications for bonds must reach Washington by 3 o'clock of the afternoon of July 14, so Monday will be the latest an application can be mailed in Omaha with the assurance that it will reach the treasury on time.
