MANY PATRONS AT NEW LUNCH SHOP

Hundreds attended the opening at Northrup-Jones buttermilk shop Tuesday.

Lovers of a light quick lunch have made possible the success of the store at Sixteenth and Farnam streets. Forced to seek new quarters, the shop has opened at 316 South Sixteenth street.

A little business such as serving sandwiches and buttermilk for lunch, and the sale of butter, eggs, cakes and pastries, was a wonder to Omaha at the time the first buttermilk shop was opened. The continued success of the little store is evidenced by the fact that two of them will be operated until building is begun at the older location.

IF BACK HURTS FLUSH KIDNEYS

Drink Plenty Water and Take Glass of Salts Before Breakfast Occasionally

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulate them to their normal activity.

The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.
