Yuletide Dessert is Treat Says Owen Parkinson

When you bake a custard-type dessert, it becomes a perishable treat and must be refrigerated, if not served at once. So it is with this unusual egg nog cottage cheese dessert sent to us by Owen Parkinson, retail salesman of the Meadow Gold Dairy.

Beatrice Cooke, director of the company's Chicago test kitchens recommends it highly for those who want a light, refreshing dessert for Christmas dinner. It can be baked in individual custard cups and stored safely in the refrigerator until serving time.

Yuletide Dessert
(Six servings)

3 eggs, beaten
1/3 cup brown sugar, firmly packed
½ teaspoon salt
1 teaspoon rum flavoring
1 teaspoon vanilla
1 tablespoon lemon juice
1½ cups egg nog
2 cups cottage cheese, sieved
Whipped cream
Nutmeg

Gradually add brown sugar to eggs; beat until well mixed. Add salt, flavorings, lemon juice and egg nog; mix well. Stir in cottage cheese. Spoon into buttered custard cups or a 1½ quart casserole. Set in baking pan and pour hot water into pan 1 inch deep. Bake at 325 degrees for about 45 minutes for custard cups and 1 hour for casserole, or until silver knife inserted near edge comes out clean. Serve warm or chill before serving. Serve with whipped cream and sprinkle of nutmeg.
