NOTES AND COMMENT.

[illegible]ETROPOLITAN lodge, No. 326, [illegible] U. W., has passed resolutions de[illegible]ing Dr. John D. Vincil, on ac[illegible] of the latter's connection with [illegible]A P. A. The substance of the [illegible]tion is a declaration that in be[illegible]g a member of the A. P. A. Dr. [illegible]l took vows incompatible with [illegible]he took at the time he joined the [illegible]nt Order of United Workmen.—[illegible] *Dispatch.* Dr. Vincil would a [illegible] deal better be engaged in a more [illegible]lan work than this vile know[illegible]g, radical persecution that is a [illegible]ace to American citizenship and [illegible]ood. We know enough about [illegible]ble order of A. O. U. W. to know [illegible]there is no room in it for a man [illegible]and narrow enough to be an A. P. [illegible]he religious liberties of the peo[illegible]st be preserved and it cannot be [illegible] persecution. Any attempt on [illegible]t of any religious body to invade [illegible]rights would be resented by our [illegible]people, and there is no fear of [illegible]t an attempt to trample on the [illegible]tion and in open violation of it [illegible]ligion a political test is too un[illegible]and too undemocratic for any [illegible]ming to be freemen. There [illegible]t but this vile order the A. [illegible] be destroyed as Knownoth[illegible]as by self-respecting men of [illegible], and the sooner it would be done just as [illegible] possible.—*Macc. Democrat.*

The plan adopted [illegible]en who already had made all [illegible]arations for the slaughter of [illegible]im to throw suspicion of their [illegible] the 'deputies' according to a [illegible]Cronin, was this: "A meeting [illegible]en was called by private noti[illegible]or the ostensible purpose of [illegible]an organization to counteract [illegible] Catholic and anti-Irish ten[illegible] of the nativist organization. Others followed in the same strain and the meeting finally broke up without taking any action. After the meeting the man who had proposed to make Cronin president went to him and asked him to become custodian of the stolen books of the United Order of Deputies, saying that the person at that time holding them was suspected and the books were not safe.' He coupled the proposition with many professions of confidence in the doctor's integrity and courage. Cronin refused to have anything to do with the stolen books and the interview ended. One of the first explanations offered by the friends of the men since convicted of the murder of Cronin was 'Maybe the deputies did it.' Cronin's friends say that the intention of the meeting and of the propositions made to Cronin about the presidency and the books was to make an excuse for throwing suspicion for the murder on the deputies. The United Order of Deputies is a secret society whose objects are similar to those of the A. P. A.'"

OUR friends out at Laramie, Wyo., send a few plain words to Representative Weadock. This is what they say: Whereas, Representative Weadock, of Michigan, of the United States house of representatives: an enemy to American liberty and the free institutions of our country, an hireling of the pope of Rome his jesuits and his emissaries, urged on by Rome and aided in the dark conspiracy by papal council in Washington, D. C., has so far forgot his citizenship, his dignity as a representative of the American people, and his duty he owes to the "laws and institutions" under which he lives as to step down from his exalted station in life into the arena of debate and give a free exhibition of his Romanism and his congressional ignorance by taking sides with the papal pope and priests who keep standing (Hibernian) armies among us in time of peace, by charging an American order, known as the "A. P. A.," that it is unAmerican, illegal, traitorous and already supplied with arms to rise against the United States government and all Roman Catholics within the jurisdiction thereof. Therefore be it

Resolved, By Laramie Council No. 2, A. P. A., that we [illegible] American citi[illegible], and that we first renew our sacred [illegible]ge of loyalty and allegiance to the [illegible] and that we hold n[illegible] mental reservation [illegible] for any foreign pri[illegible]ce, potentate, [illegible] king, emperor, R[illegible]man Catholic [illegible]on? or foreign power, e[illegible]ther civil, military and ec[illegible] or otherwise.

Resolved, further, that we hol[illegible] mental reservation for any other [illegible] but the "stars and stripes" of th[illegible] American union.

Resolved, further, that we believe in only one kind of an educational institution in America, and that is the "free public school system."

Resolved, further, that any attempt by a foreign power, either civil or ecclesiastic to gain a foothold on our shores either directly or indirectly for the purpose of shackling the human mind with the fetters of mental darkness for the purpose of stealing from us the inheritance of liberty given to us by the heroism of Washington, the great civil father of our country, and the undying valor of the citizen soldiers and statesmen of 1776, will be looked upon as an unfriendly act, and we pledge ourselves to the government of the United States of America to take up arms to resist a foreign invasion, whether national or otherwise.

Resolved, further, that the secretary send Representative Weadock a copy of the Declaration of American Independence, also a copy of the United States constitution wrapped up in an American flag, together with a copy of these resolutions, and inform that gentleman that these are our principles and the ones in whose behalf we are ever ready to take up arms.

Resolved, further, that we sympathize with our beloved friends in Michigan, and that we will be to them in the coming conflict what the twelve states were to Massachusetts in the beginning of the American Revolution, and that we will stand by them closer than a brother.

Resolved further, that a copy of these resolutions be transmitted to the *Rocky Mountain American*, Denver, Col.; THE AMERICAN, Omaha, Neb.; Senators Morgan, of Alabama, and Higgins, of Delaware; Representatives Hopkins, of Illinois, and Coffeen, of Wyoming.

THE present board of education is the best and most businesslike Omaha has had for years. It met on Monday night and re-elected Clinton N. Powell as president. B. F. Thomas was elected vice president. President Powell thanked the members and proceeded to call the regular order of business. Col. Akin offered a resolution authorizing the secretary to employ an assistant for a period of two or three months at a salary not to exceed $40 per month.

Mr. Tukey offered three resolutions, which were adopted, calling on the secretary to furnish a list of all the employes of the board, except teachers and janitors, with the amount of salary of each; that the custodian of the supply house be required to file with the board by the next regular meeting a complete report of all supplies received and issued since August 1, and a detailed report of the supplies on hand January 1. He also proposed that the archite[illegible] the [illegible]ion of new buildings erected during the year, and the condition of funds appropriated to each.

A committee of three, consisting of Tukey, Akin and Pierson, was appointed to devise ways and means for reducing the expenditures of the board so far as possible.

The secretary was ordered to draw a warrant for $100, the amount originally appropriated in favor of the stenographer employed by the MacLeod investigating committee. The stenographer's bill is $123.65, and there is an estimated further claim against the board of $25 for witness fees. These claims went over to the next meeting.

The laborers' pay roll for the month December was passed and the secretary ordered to draw warrants for the claims. The president announced the following standing committees:

FRENCH-CANADIANS JUBILANT.

They Rejoice Greatly at the Election of a Catholic Mayor of Chicago.

MONTREAL, Dec. 22.—The French Canadian Catholic press of Montreal and Quebec is very enthusiastic over the election of John Hopkins, the Catholic mayor of Chicago. Prominent French-Canadians in Chicago tele[illegible]graphed Senator Ta[illegible] French-Canadians voted for him [illegible]ssured his election. *La Minerve* a[illegible] has the election of a Catholic in Chi[illegible] there w[illegible] the mayor of Chi[illegible]she k[illegible] equivalent to that of [illegible]dred [illegible] of states, seeing that [illegible]nds $88,000,000 annually, [illegible] the whole of Canada. [illegible]late Mr. Harrison did much [illegible] Catholics their due share of [illegible]uch still remains to be [illegible]ld be a mistake to believe [illegible]ited States is tolerant [illegible] Catholics. They merely [illegible] crumbs of patronage. This is quite evident when we remember that the 10,000,000 Catholics in the United States have not a single representative in the Cleveland cabinet, though it owes its existence to them. We are far from being of the opinion of his lordship, Mgr. Ireland, when he lauds the United States as being the *ne plus ultra* of tolerance and christian civilization; but every time that our neighbors will break down the barriers of prejudice and imitate the example of the Catholics of Maryland, we will always be happy to appreciate their improvement, and we may hope that at not a distant date a new era will dawn for our co-religionists on the other side of the border."

Cossacks Slaughter Catholics.

COLOGNE, Dec. 31.—The *Cologne Zeitung* publishes full details of the attack upon the Catholic church at Kroschc, in the government at Kovno, by the Cossacks last month. This account of the massacre fully confirms the report originally sent out, and which afterward was officially denied.

The correspondent of the *Zeitung* adds that the Cossacks were guilty of incredible barbarity and cruelty. They lanced and knouted the defenseless people whom they drove from the churches. Women as well as men were included among their victims. The dead and mutilated bodies were thrown into a lime pit near the church. The sacred ornaments were taken from the edifice and broken into pieces. The Cossacks, after this sacrilege, were allowed to plunder the village.

Heretics, Beware.

In the Roman Catholic Bible (Rheme's edition), at Matt. XIII. 29, we find the following note: "Heretics may be punished and suppressed, and may, and ought by public authority, either spiritual or temporal, to be chastized or executed." At Gal. I. 8: "Catholics should not spare their own parents, if heretics." At Heb. V. 7: "The translators of the Protestant Bible ought to be abhorred to the depths of hell." At Rev. XVI. 6: "But the blood of Protestants is not called the blood of saints, no more than the blood of thieves, man-kil[illegible] and other malefactors, for the [illegible]g of which, by the order of [illegible] commonwealth [illegible]

The above article was printed in [illegible] week's *Allied American*, of Cleveland, Ohio, and is a complete list of all the church property in that state, together with its valuation. The total amount of property, as shown by that report, which escapes taxation, is $41,965,257. What an enormous sum! How many laborers would have to bunch their property to equal that figure if each one was worth $2,000? You will be surprised at the number. We find it would equal the holdings of 20,997 laboring men. Think of it! Nearly 21,000. If each state equalled the Ohio record there would be nearly $2,000,000,000 worth of untaxed church property in the United States, which would equal the holdings of more than 1,000,000 laboring men; of more than 500,000 merchants or of more than 1,000,000 farmers. While some of the states are not so unfortunate, some of them are even worse off, and from the above figures we believe the people will soon have to cast about for a remedy or awaken some day and find the country in the same condition England was at one time, in the same predicament that Mexico and France were and in the same position every country has found itself which has granted church property immunity from taxation. In such countries the church grew richer and the people poorer until the government found it necessary to confiscate the holdings of the church in order to perpetuate or lengthen its own existence.

True the trouble in those countries was due to the insatiable greed of the Roman Catholic church; and you may say there is no immediate danger from that church in this country. Probably there is not, but we hold to a contrary opinion. Let us review the table published in the *Allied American*.

We find there are seventy-six denominations in the state of Ohio holding $41,965,257 worth of property, and that the Roman Catholic church holds more than one-sixth of the whole amount. In other words the Roman Catholic church holds $7,395,640 or more than the Immanuel Synod (Lutheran), the Presbyterian church (in all its branches), the Salvation Army, the Seventh Day Baptists, the Norwegian Evangelical Lutheran, the Orthodox Jewish, the Primitive Methodist, the Reformed Jewish, the Christian Scientists, the German Augsburg Synod (Lutheran), and the pro[illegible]tes—more than all these combined, the Roman church owns more property than the Wesleyan Methodist, the Reformed Episcopal church, the Congregational churches, the Protestant Episcopal church, the Methodist Protestant, the Methodist, the A. M. E. Zion, the Free Will Baptist, the [illegible]r Baptist (North), the Society of Shakers, the Society of Separatists, and the Reformed church in America. In fact the Roman church has more property in Ohio than sixty-four of the seventy-five denominations reported. The holdings of these sixty-four denominations only aggregate $6,837,280, while the total holdings of the church of Home reach the enormous figure of $7,395,640. Of the ten remaining denominations the church of Home is possessed of more property than one-half of them combined. To be plain, the church of Home owns $7,395,640 worth of property and five of the remaining denominations own but $6,407,817 worth, she has more than three of the five remaining denominations and $138,480 worth more than one-half of the combined holdings of the remaining two denominations, and is excelled by but one.

In the face of these figures what sane man will contend that there is no danger to the country if the hoarding of the Roman Catholic church is allowed to go on unchecked, in fact, if we continue to pay her a premium to accumulate and hold vast and valuable tracts of land? The weaker denominations will not object to their property being assessed, but Rome will fight for immunity from taxation to the end, she will resort to anything in order to defeat men who may be nominated for office who favor the taxation of church property. She will have her repeaters and ballot-box stuffers ready, and if they fail, then she will bring out her boodle, her disreputable women and her libertines to seduce and turn aside the weak and the unwary Americans whom you may have been unfortunate enough to elect. If these fail, she will try to corrupt, to buy, judges or juries in order to have any enactment taxing church property declared null and void.

Knowing this to be so we believe there is danger in this accumulation of church property in the hands of the Roman bishops, archbishops and cardinals, for the ostensible use of the church of Rome, but really for the enrichment of a man who claims to be above and over all rulers and who hopes some day to rule the world, not alone in spiritual but also in temporal matters.

Rome, [illegible] this should be placed to the [illegible] every Protestant that they might be aroused from their fancied security to a full realization of the dangers which have beset this nation [illegible] of Rome, a few years [illegible] They p[illegible] so highly will be a mere [illegible] recollection. Liberty will be defined, OBEDIENCE; religious toleration will be measured by the inquisition; and free speech will mean "that which the church authorizes." Would this suit you? It would not? Then your duty is plain. Take care of your birthright. Be an American. Vote for Americans, and save America.

BISHOP COXE TO MGR. SATOLLI.

Public Schools the Subject of Another Letter to the Ablegate.

BUFFALO, N. Y., Dec. 13.—Bishop Coxe has just made public another letter, the third addressed by him to Monsignor Satolli. The letter, which is under the date of December 8, opens as follows:

"To the Most Rev. Monsignor Satolli, Ablegate, etc., etc.—Monsignor: The American people are beginning to understand that you represent a court and not a religion, and that the court of the vatican is ruled, not by the pious Leo, but by the most formidable political machine that ever disturbed the peace of nations—the Society of Loyola, which it is a sort of sacrilege to call the 'Society of Jesus,' who, grasping the military system of the institution, turned it away from its original design into a society of conspirators for obtaining universal dominion over the monarchies of Europe. All this may be read in the historical works of Roman Catholics, millions of whom have exposed this society as equally the enemy of nations and of the Romish communion, which they never sustain, except as far as they can govern it.

"It was reserved for Leo XIII., the present amiable, but weak and helpless potentate, to restore to them all their gigantic faculties. Never, since 1774, were they armed with such formidable fangs as now. Such is the society of which you are the instrument. Through your nominal autocracy they can control the entire Roman Episcopate and priesthood, and through them the whole illiterate and alien mass of voters, whom we permit to outweigh our intelligent American people. 'Balance of power' is thus placed in the clutch of the jesuits, and they have well-nigh ceased to play with us like kittens with velvet carcasses; already we feel their claws.

"The 'Society' of Jesuits is not a church, but a conspiracy. While this conspiracy is permitted to assail the dearest rights of Americans, there can be no peace or harmony or good neighborhood among us. Subject them to law or expel the whole 'society' and [illegible] can dwell together as fellow chris[illegible]tians. We can discuss our differences as friends, and if the Roman Catholic religion can be propagated among us by force of superior argument and nobler efforts for the common good, be it so. To this no American will object. But I am writing these letters to you, Monsignor, as an American citizen to a political emissary, the instrument of jesuitism to subordinate our entire government to jesuit supremacy in these states.
