It is rumored that the Chadron *Citizen* will return to Crawford next month.

—One dozen full-blooded Poland China pigs four weeks old. FOR SALE BY—WM. NORBECH.

—No celebration has been arranged for the fourth-of-July this year at this place.

When the hair begins to fall out or turn gray, the scalp needs doctoring, and we know of no better specific than Hall's Vegetable Sicilian Hair Renewer.

—Casper is making great preparations to celebrate the 4th, and is offering a very good race program. Purses to the amount of $176.50 have been made up.

—L. J. Simmons is expected home in time to edit next week's JOURNAL, therefore we ask our readers to overlook the mistakes in the "makeup" by the "devil" this week.

—W. H. Evans will be at Harrison from Monday, June 24, until Saturday, June 29, after which he will be in Saturdays of each week. If you have any watches jewelry etc., in need of repair give him a call, satisfaction guaranteed. Located at the harness shop.

—Not many business houses in these United States can boast of fifty years' standing. The business of Dr. J. C. Ayer & Co., Lowell, Mass., whose incomparable Sarsaparilla is known and everywhere has passed to its half-centennial and was never so vigorous as at present.

The Chadron *Citizen* came out two weeks ago on white paper instead of the yellow paper that it has been printed on since its initial number and therefore it was overlooked at this office during our absence. We also notice that Frank Wingfield is now sole owner. Success to you Bro. Wingfield.

—One week from today is the great national holiday, the 4th of July. It is not necessary to instruct the American citizen what to do on this day for the grown up man will make a speech if he gets an opportunity and the boy will "blow in" his accumulated coins for material to shoot his fingers off. And one and will try to gain as much pleasure as possible on the day that commemorates our nation's freedom.

Grasshoppers are becoming very numerous and destructive. They are said to cover the railroad tracks to a depth of from two to six inches and to form no small hindrance to travel. And reports from Oklahoma confirm previous statements concerning the grasshoppers which are sweeping over the territory in such vast numbers that they are destroying the corn crops and the farmers are unable to cope with them.

—Thursday evening Mr. and Mrs. W. B. Wright gave a surprise party on her sister, Mrs. Barber, who is on her way to Sioux City, Iowa, and Mr. and Mrs. Wright, parents of Mrs. W. B. Wright, who are spending the summer with them. After the guests were assembled a song of greeting was very nicely rendered by a quartette composed of Mrs. Barber, Mr. Wright, Mr. and Mrs. W. B. Wright. After devoting the evening to social intercourse and charades refreshments were served in the form of delicious ice cream, cake, fruit etc. Those present were Messrs and Mesdames Con[illegible], Griswold, Hough, Marsteller, P[illegible]tius, Davis, Smuck, Williams, Wright, and W. B. Wright, and Mesdames Barber, Davis, Griswold, Guthrie and Simmons, and Misses Van Buskirk, DeBoer, Lindeman, Pontius and Wright.

Marvelous Results.

From a letter by Rev. J. Gunderson, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with pneumonia succeeding la grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and satisfactory in results." Trial bottles free at the Pioneer Pharmacy. Regular size 50c. and $1.00.

Omaha is putting forth all her energies in preparing a treat for the people of Nebraska at the State Fair, to be held Sept. 13 to 20. The premiums for the county collective exhibits for 1895 have been enlarged, which should encourage Sioux county to work and win a larger premium that was won last year. The first county to make application for space in which to make a county collective exhibit was Richardson, the extreme southeastern county in the state. Judd, the president, says: "We were beaten last year, but this year we want that $500.00 as we need it in our business." The next to ask for similar space was Sioux county the extreme northwestern county that will make a grand effort to secure the first premium this year spurred on by the success achieved last year. One of the interesting features of the fair will be a model one-acre irrigated farm in working order with all modern modes of obtaining, applying and using water, attached. Water lifting power machinery—pumps, elevators and [illegible]—will be exemplified on the state fair grounds this fall, on a scale never before witnessed.

—Excursion tickets at one and one-third fare for the round trip will be sold over the F. E. & M. V. on July 3 and 4 good returning until July 5, to all points within 200 miles, in Nebraska, Wyoming, and South Dakota.

The annual school meeting for the district was held according to call at the school house last Monday afternoon. The reports of the treasurer and director showed a balance of nearly $1,200.00 on hand unappropriated, so a sufficient amount to pay the balance of the school bonds was ordered paid over to the county treasurer so they will now probably be retired. B. L. Smuck was elected moderator to succeed J. H. Marsteller and a five mill levy was voted for general purposes. No other business of importance was transacted.
