J. W. Pierce Has a Close Call.

J. W. Pierce came to town Tuesday and reported that on Monday Victor Johnson fired three shots from a Winchester rifle at him at close range. Mr. Pierce says that he heard the bullets whiz past him and one bullet passed under the mule he was riding. It is also reported that Johnson held up Clayton Reed for three hours the same day. Johnson has been herding sheep for H. Hall for some time. He has been acting strange lately and the indications are that he is losing his mind. We are informed that after the shooting Victor declared he had "won the first battle". Mr. Pierce, who by the way is in his sixties, says that this is the first time he has been used for a target and he would rather go to scrap the Spaniards than be placed in the same position again. Johnson will be taken before tha board of insanity at Chadron.
