If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherrybark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. H. of Cincinnati; Prof. John M. Scudder M. D., of Cincinnati; Prof. Edwin M. Hate, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

thers equally eminent in their several shops of practice.

The "Golden Medical Discovery" is the ally medicine put up for sale through ringuists for like purposes, that has any uch processional endorsement worth lore than any number of ordinary testionals. Open publicity of its formula sithe best possible guaranty of its merits.

this," etc., ending with the gentle request for a dime to assist a poor widow to buy a little home, or an ambitious girl to continue her education, Having just refused one's own child a coveted nickel with which to purchase chewing gum, and being at the

moment trying to divide 50 cents in such a manner as to get 60 cents' worth of groceries, one cannot at once get "in touch" with the chain letter. Being of a somewhat iconoclastic turn myself, I do not find it at all difficult to break the chain without ceremony; but there are soft-hearted people

who hesitate to do so, and rob themselves of much needed dimes, not to mention the matter of inflicting upon six defenseless friends the six "copies" of the chain letter.

JULIET V. STRAUSS. I am a regular skinflint when it comes to giving. There is never a moment when I am not in need of forty or fifty things that I can't have, and if I should have a dime to invest for the general welfare, I would need only to glance around my immediate neighborhood to find a place to apply it. If I had the power to give for the benefit of people less fortunate than myself I should like to be allowed to follow my own inclination, and there would never be anything vague in my giving. But the chain letter would never receive my patronage. I am with chain letters exactly as I am with tramps. It is a matter of principle. I believe they should not be encouraged. So, if any obliging person is engaged in lengthening a chain, let him avoid me as an Inveterate chain-breaker,

The begging chain letter is, however, respectable beside the chain of prayer. Lately I received half a dozen chain prayer letters, all of which I have instantly broken, considering them, as I do, not only silly and utterly unworthy of notice, but in fact sacrilegious and partaking of a superstition which, as rational beings, we ought to be rid of .- Juliet V. Strauss, in Chicago Journal.

Popular Gience.

The life of the mercury are lamp in anode is either mercury alone, graphite and iron, or nickel.

A bill is before the New York Legislature to make the existing laws governing telephone and telegraph companies organized for the distribution of music by electrical means.

At a mild red heat good steel can be drawn out under the haurener to a fine point; at a bright red heat it will crumble under the hammer, and at a white heat it will fall to pieces.

American tunnel projects have attracted attention abroad. The French government will build a tunnel for railroad purposes under the Seine from Havre to Ronen and has retained the services of Charles M. Jacobs, designer of the Pennsylvania railroad tunnels under the North and East rivers at New York.

Pennsylvania still leads in the number of her cokemaking plants. She has 112, and their product in 1905 was 70 per cent of the country's total output of coke. Fifteen years before the percentage was over 84. The capital represented in the establishments of this country is \$90,712,877, and the total

iting the northern and western parts of that great island, and observed that a large river proved an effectual barrier In separating two distinct races.

One of the reasons why pneumatic tires gradually become exhausted, even when unpunctured, is that the compressed air some cases amounts to 3,000 hours and within slowly escapes through the rubmore. The conducting material of the ber, and this process is hastened by the oxidation of the rubber, which causes it to crack. As at least a partial remedy for this, it as been proposed to inflate tires not with ordinary air, but with nitrogen, an inert gas which does not affect the rubber. Tests of nitrogeninflated tires for automobiles have been made in France, and the results are said to be encouraging.

Knew Him Too Well,

The late President Chester A. Arthur. although be was a man of warm friendships, had a high sense of personal dignity that would brook no undue familiarities. A lifelong friend of Mr. Arthur, who had accompanied him on one of his bunting trips, was telling an acquaintance some of the incidents of the bunt.

"I know it's the go "il impression," he said, "that Mr. are is a cold, self-centered sort of man, but it isn't true. He is one of the most genial and companionable of men when you be come well acquainted with him. thought I already knew him pretty well, but I came to understand him better while on that trip than ever before.

"I suppose you know him well enough now to call him by his first name," ventured the other.

"On the contrary," was the rejoinder, "I know him well enough not to call him by his first name."

No one "owes" you a letter until they

dent may catch a glimpse of blue overalls on the veranda at the back of the house, if they happen to look out the windows; the little boy in blue is probably Quentin, very busy about his own affairs. He does not wear a "real lace" collar or a velvet doublet; he has on just the kind of "jumpers" that thousands of little American boys wear when they make their daily mud-ples or play tag or ride their bicycles,-St.

A TERRIBLE EXPERIENCE.

weteran Was Saved the Amputation of a Limb.

tered out of the army. but in all my life I never suffered as in 1897. Headaches, dizziness and sleeplessness, first, and then dropsy. I was weak and helpless, having run down from 180 to 125 pounds.

I was having terrible pain in the kidneys, and the secretions passed almost involuntarily. My left leg swelled until it was 34 inches around, and the doctor tapped it night and morning until I could no longer stand it, and then he advised amputation. I refused, and began using Doan's Kidney Pills. The swelling subsided gradually, the urine became natural, and all my pains and aches disappeared. I have been well now for nine years since using Doan's Kidney Pills." For sale by all dealers, 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

Christmas Grief.

Senator Platt, discussing a black mailing scheme that had failed, said; "The blackmailers' grief reminded me of that of the Oswego boy last Christmas.

"A gentleman found this boy crying bitterly.

'Why, son, what's the matter?' h anid.

"'Oh,' wept the boy, 'I've gone and joined two Sunday schools, and here it turns out that they're both goln' to have their Christmas treats on the same night."

Sarsaparilla Time.

Make your own Sarsaparilla or Spring Blood Medicine by mixing one-half ounce Fluid Extract Dandellon, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Shake well in a bottle and take one teaspoonful after meals and again at bedtime. Any good druggist can sup-ply these ingredients.

This is said to be a splendid Spring Blood Tonic and system renovator be cause of its gentle action in restoring the Kidneys to normal activity, forcing them to filter from the blood all impure matter and acids, destroying micro-organisms which produce ill health and sour blood.

Every one should take something to cleanse the blood at this time of year, and the above simple prescription is the most highly indersed of the hundreds of home remedles generally used. Mix this yourself, then you will know what you are taking.

The multiplication of electric car lines and the rapid increase in the use of automobiles do not warrant the conclusion that horses are going out of use or growing scarcer. From an investigation by the government it appears that the aggregate of horses in the United States the first of the year stood at 18,718,578, against 14,364,367 on the corresponding date of 1897. The upply of mules has also been growing. for whereas there was record in 1897 of 2,215,654 there were 3,404,061 in 1906.

NERVOUS PROSTRATION CURED BY DR. WILLIAMS' PINK PILLS.

By Toning up the Blood and Nerves Patient Recovered Weight, Strength and Good Spirits.

When the nervous system is broken down from overwork or whatever cause, life loses its joys. Not only is the ner-vous victim a sufferer himself but he is usually a trial to the whole family. Nervous breakdown is often gradual, appearing at first to be merely an unufretfulness. Dr. Williams' Pink Pills tone up the nerves in the most direct way and not only cure minor troubles but serious disorders as well. Mr. W. W. Munroe, of 16 Hazel Park, Everett, Mass., says: "About four years

ago this September I became all run down from overwork and from confinement to work during warm weather. For two months I grew steadily I lost in weight and strength and had no appetite. My memory failed me quite rapidly and I became in a very low state, both physically and mentally. It took no interest in life, neither in busi ness nor recreation. In my position, as foreman in a large manufacturing chemist's establishment in Boston, a good memory is absolutely essential to success because of the immense amoun of detail that must be carried in the head

"I grew very despairing, could not bear to have people meet me and my friends remarked on my condition. About the middle of December a friend told me one day that he had tried Dr. Williams' Pink Pills and found them reliable. I commenced taking them and at the end of two weeks the change for the better was remarked by friends. I continued using the pills until I was thoroughly recovered. I regard them as a fine remedy and make this statement voluntarily in gratitude for the benefit I received from them."

These pills actually make new blood and have cured such diseases as rheu-matism, nervous and general debility, indigestion, nervous headache, neuralgia and even partial paralysis and locomotor ataxia. As a tonic for the blood and nerves they are unequalled.

If you are a sufferer from any disor-der of the blood and nerves write for proof of what Dr. Williams' Pink Pills have accomplished in cases similar to yours. Every testimonial used by this company is carefully investigated before being published and is authentic. Dr. Williams' Pink Pills are sold by all druggists, or direct by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

S. C. N. U. - - No. 16-1907.

BACKACHE AND DESPONDENCY

Are both symptoms of organic derangement, and nature's warning to
women of a trouble which will sooner or later declare itself.

How often do we hear women say,
"It seems as though my back would
break." Yet they continue to drag
along and suffer with aches in the
small of the back, pain low down in
the side, dragging sensations, nervousness and no autition.

They do not realize that the back
is the main-spring of woman's organism and quickly indicates by aching
a diseased condition of the feminine organs or kidneys, and that aches
and pains will continue until the cause is removed.

Lydia E. Pinkham's Vegetable Compound made from native roots and herbs has been for many years the most successful remedy in such cases. No other medicine has such a record

of cures of feminine ills.

Miss Lena Nagel, of 117 Morgan St., Buffalo, N. Y., writes:— "I was completely worn out and on the verge of nervous prostration. My back ached all the time. I had dreadful periods of pain, was subject to fits of crying and extreme nervousness, and was always weak and thred. Lydia E. Pinkham's Vegetable Compound completely cured me."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Falling and Displacements, and all Organic Diseases. Dissolves and expels Tumors at an early stage. It strengthens and tones the Stomach. Cures Headache and Indigestion and invigorates the whole feminine system.

Mrs. Pinkham's Standing Invitation to Women Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. Her advice is free

Nothing Too Good For the

American People

There is NOTHING TOO GOOD for the American people—that's why we started to make Cascarets Candy Cathartic. The first box made its appearance in 1896, and the enthusiastic endorsement of the people has been bestowed upon Cascarets ever since.

The sale today is at the rate of OVER A MILLION BOXES A MONTH, proving that the American people recognize, that what is BEST FOR THEM is none too good.

Why this enormous patronage? The answer is simple: Cascarets are pure, clean, sweet, mild, fragrant, harmless but effective little tablets for the treatment and cure of Constipation and all Bowel Troubles. They are put up in neat little enamel boxes, easy to buy, easy to carry (in vest-pocket or purse), easy to take and easy of action, always reliable, always the same, they "work while you sleep"

They not only regulate the movement and stimulate the muscular walls of the bowels, but they keep the ENTIRE CANAL CLEAN and antiseptic, forcing out and destroying all disease germs that breed in the accumulated filth unless promptly and regularly discharged. Therefore, they are a great preventive of disease, and may be taken continuously as a precautionary measure.

and wake you up feeling fine in the morning.

The new Pure Drugs Act, adopted by Congress on June 30, 1906, and in effect January 1, 1907, is a GOOD LAW and means better and PURER drugs for the American People. We endorse it and will live up to it in SPIRIT and LETTER,—an easy task, as we have always been actuated by the same principles and no changes are required in our formula or pack-

We adopted OUR OWN PURE DRUG LAW in 1896 when the first box of Cascarets came on the market and have lived and worked and pro-

To-day, after a record of nearly 100,000,000 boxes sold, Cascarets STAND the greater in PURITY, QUALITY and MEDICINAL MERIT than any other preparation for Bowel trouble in all the world.

This should be a great argument for any one, to try Cascarets AT ONCE, and be healthier and happier for it. Some people have CHRONIC CONSTIPATION with all the horrors derived from it; others have HAB-ITUAL CONSTIPATION from carelessness and neglect, but nearly EVERYBODY has OCCASIONAL CONSTIPATION, which, if not promptly taken care of is liable to result in its degeneration into the worse forms and cause great suffering and perhaps death.

Cascarets, if taken patiently and regularly, will remedy all of these awful troubles, but if taken promptly at the very first sign of an irregularity of the Boweis, will act as the FINEST PREVENTIVE ever discovered and will keep all the machinery running in good order.

We advise you to get a little 10c box of Cascarets TO-DAY and carry it in your purse or vest pocket. Take one when you feel anything unusual about your bowels. Your own druggist will sell you the little box, under GUARANTY of satisfaction or money refunded. All druggists, 10c, 25c, 50c.

PUTNAM FADELESS DYES

is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as broughtal threat and lung affections. There we had been affections. in the cure of all stomach as well as bronchial, throat and lung affections. There
is the highest medical authority for its
use in all such cases. The "Discovery "is
a concentrated glyceric extract of native,
medicinal roots and is safe and reliable.
A booklet of extracts from eminent,
medical authorities, endorsing its ingredients mailed free on request. Address
Dr. R. V. Pierce, Buffalo, N. Y.
