NEW YORK STOCK MARKET

Heaviness, Mostly Due to Foreign Situation, Marks Day's Session.

PRICES MOVE UP AND DOWN

NEW YORK, May 13.—Heaviness, resulting almost wholly from latest aspects in international affairs, attended today's unusually dull stock market. Prices moved up and down, according to the caprices of the trading element, which had sole command of the day's operations.

Numerous losses, mostly fractional, were registered at the outset, followed by moderate recoveries, with another decline by midday, when the financial district was once more agog with rumors affecting negotiations between Washington and Berlin. The loss of another British warship in the Dardanelles furnished the bears with additional ammunition.

For the balance of the session the list drifted without definite aim, prices rising and falling within a narrow range. The net result disclosed a number of losses, which comprehended virtually every division of the list. On the whole, war specialties fared better than other issues, being helped in a measure by reports of more large contracts for supplies to the allies.

Total sales of stocks amounted to 450,000 shares.

General news was of a mixed character, the resumption of dividends, even though in the form of scrip, on Virginia-Carolina Chemicals preferred being regarded as an indication of better industrial conditions in the south.

There was also increased inquiries for copper metal at the highest prices recently recorded, while the placing of a small loan by the Bolivian government bore directly upon this country's steady advance as a center of finance.

New low quotations for francs and lires were the feature of the foreign exchange market, this being partly offset by a better tendency for remittances to London. An increase of about $36,000,000 in gold holdings and of almost 3 per cent in liability reserves made the Bank of England's weekly statement noteworthy. Americans were in light demand in London, that center making some moderate sales here.

New flotations were somewhat heavy in the bond list and other speculative issues went lower in sympathy. Total sales, par value, were 2,317,000. United States bonds were unchanged on call.

DREXEL GIVES HIS BROTHER A PLACE

Brother Herman to Succeed John Lund and Gus Dworak Gets Clara Callahan's Job.

M'DONALD WANTS POSITION

Commissioner Drexel of the street cleaning department has placed his brother, Herman Drexel, in his office, to succeed John Lund, who will remain a few weeks. Gus Dworak has succeeded Miss Clara Callahan as bookkeeper, Miss Callahan resigning as soon as told she might remain until June 1. Goodley Brucker, former councilman, will have a position in this department.

J. W. McDonald, formerly in the park department and who resigned when he became a candidate at the April primary, is after a position in the public improvement department. He worked assiduously for the Big Six in the campaign. Commissioner Jardine announces he is not ready to make any more new appointments.

County Clerk Frank Dewey is canvassing the city commissioners, but would not disclose the nature of his mission. He spent considerable time in the various offices.

Attorney H. B. Fleharty appears to be a strong possibility in connection with a place in the city legal department. The mayor expects to make these appointments next Tuesday morning.

Several Are Mentioned.

In connection with the managership of the Auditorium, the names of J. J. Ryder, Dick Grottee, J. M. Gillan and Charles Franke are mentioned. Employes of the Baker Ice Machine company have sent the commissioners a communication in which it is suggested that they "let well enough alone" by retaining Manager Gillan in charge of the Auditorium.

Charles Stephens, well-known as a piano tuner, is also mentioned as manager of the Auditorium. It is reported that friends are working in behalf of Mr. Stephens.

New Problems to Work Out.

Commissioner Hummel, who probably will have charge of the Auditorium, and Mayor Dahlman realize that the municipal management of this property will present now problems which must be worked out. They are not ready to announce any definite policy, but the mayor said he favors a policy which will permit of the widest possible use of the Auditorium, consistent with business judgment.

Joe Stecher Proves Master of Freberg

FREMONT, Neb., May 13.—(Special Telegram.)—Fifteen hundred people crowded into the Larson theater last evening to see Joe Stecher, the Dodge phenom, wrestle John Freberg, the Chicago heavyweight. Stecher won in straight falls, the first in one minute and ten seconds and the second in three minutes and thirty-six seconds.

The first fall was gained with an arm roll hold, a hold very seldom seen. In the second round Stecher used his famous scissors and half Nelson. In both falls Freberg went behind first, but was unable to follow up the advantage. Freberg was clearly no match for the Dodge youth, although he outweighed him.

Charles Sherman of Lincoln refereed the bout. Two preliminaries provided some interesting sport for the fans.
