AFTER FIFTEEN YEARS' ABSENCE

Plattsmouth Boy Has Traveled Over Most of America.

Some fifteen years ago Charles Pailing who had made this city his home all his life up to that time departed from home, securing a position as advance man and bill poster for a circus, and in the pursuit of his calling saw service in every state in the union, with the exception of California, besides working over a large portion of Canada, and much of Mexico.

Since leaving Plattsmouth Mr. Pailing was employed, with W. C. Soup Co., Cole Brothers, Barnum & Bailey, Yankee Robinson, Sells-Floto and Sells Brothers, besides a number of others. This has carried him over most all the important portions of the country, and all the principal cities. While in Mexico, at the city of Mexico, a few years since, he was stricken with yellow fever, and for awhile his life was dispaired of. For a long time his health was such that he did not expect to ever be able to return to work again, but a good constitution and a determination to live pulled him through. Mr. Pailing returned to the states nearly a year ago and has during the past summer and fall been making his home with his brother Walter at Greenwood, where hsi father is also living. Mr. Pailing came in yesterday and visited with old friends, and expects to depart for Kansas City this evening or tomorrow where he will engage with some show as advance man.

THE DEATH OF WILLIAM T. COLE

Aged Citizen Passes Away After Long Illness.

William T. Cole, who had been confined to his bed for a number of weeks with creeping paralysis, passed away midst his friends and relatives at his late residence Thursday at ten o'clock.

Mr. Cole, who has been a familiar personage on our streets for a number of years, was born in Shelby county, Ohio, November 18, 1837, and was at the time of his death 72 years, and 22 days old. Mr. Cole's youth was spent in the state of his birth, he going to the civil war from that place, being a member of the 88th Ohio infantry.

After the war was over Mr. Cole returned to Ohio and was married to Miss Harriett Peters in 1865, and removed to this place in 1867 and has since made this his home. He lived south of the city for a number of years farming, and later bought grain in the city, but for the past few years has not been engaged in active business. Unto the union of Mr. and Mrs. Cole was born four children, two daughters and two sons,—Mrs. W. T. Adams living south of the city, Elmer, for a number of years an engineer on the Burlington, getting killed in a wreck a few years since. There remain two daughters at home, Misses Verna and Lillian, who with the wife mourn his death. Orel, a son, died in childhood. Miss Verna is a teacher in the city schools, while Miss Lillian is teaching at Chadron.

The funeral will be held from the late home of Mr. Cole and interment will be made at Oak Hill cemetery.

W. L. Street Resting Easier.

Mrs. Mae Morgan and daughter, Clara Mae, were passengers to Omaha this morning, where they go to visit with Mr. W. L. Street, Mrs. Morgan's father, who is in the hospital at that place taking treatment. Mrs. Morgan reports her father as resting easier and with hopes that he will not be compelled to remain long at the institution. This news will be gladly received by the many friends of Mr. Street.

Ed Schuloff who is an instructor in the institute at Glenwood, Iowa, was an over Sunday visitor in the city, a guest at the home of his mother, and returned to his work this morning.

WILL UNDERGO OPERATION TODAY

Mrs. J. F. Clugey Goes to Omaha Hospital.

Mr. J. F. Clugey who yesterday accompanied his wife to Omaha where she will undergo an operation for the removal of some poisoned glands in her arm, returned last evening and went back this morning. to be present at the operation wihch will be performed today. Mrs. E. M. Godwin was a passenger to Omaha this morning and will also be present at the operation. It is hoped by the many friends of Mrs, Clugey that she will rapidly recover and that she will soon be able to return to her home entirely well.

The trouble was caused by a slight scratch upon one of her fingers some months since, which becoming infected caused blood poisoning, and has been a very bad case to handle. Mrs. Clugey has suffered a great deal with this and it is hoped that the ordeal will shortly be over and she entirely recovered.

Celebrating in Omaha.

This morning Mrs. Thomas Walling, accompanied by her three boys, Robert, Thomas and Maurice, and Mrs. Walling's niece, Miss Katie McHugh, went to Omaha where they will visit for the day at the home of Mrs. Walling's brother, Maurice O'Rourke, who is on the sick list and has neeb confined to his bed for some time. Little Maurice Walling and the namesake of his Uncle Uncle O'Rourke, is celebrating his eighth birthday, and as his uncle could not come to visit him, on account of bad health, they all went to Omaha to make merry with him.

We hope and trust that the visit will encourage our friend, Mr. O'Rourke, and that he will speedily regain his customary health.

Visiting With Sister Here.

J, R. Doane of Whste Lake, S. D. who is visiting in the city the guest at the home of his sister, Mrs. Chas. McBride and family, was a passenger to Omaha this morning where he will see the sights and incidently visit the corn show.

Garden of the World.

Last evening A. S. Will who has just returned from an extended trip in the western states, was in the News office and displayed some apples raised on the farm of his son, Newton, near Kettle Falls, Washington. The apples which are of the Grimes Golden and Northern Spy varieties, are indeed monsters in size and as clear from any blemishes as one could wish. The apples must have measured much more than a foot in circumference. The sample potato which Mr. Will had would easily have measured twenty inches around the long way while the short way around could not have been less than half that disance. The potatoes were raised on ground which did not have a drop of irrigation. The apples were grown upon three year old trees from planting.

Mr. Newton Will went to Washington two years ago and purchased 180 acres for which he paid $50 per acre, and when Mr. A. S. Will, his father, was out, Newton said he could dispose of the land for $500 per acre, which is a very satisfactory advance in price in the time. Mr. Will is very enthusiastic regarding this countryand thinks it is the greatest place on earth. He tells us that the lands willl produce more than the famous California la nds, and are a surer producer, year in and year out.

A number of the citizens here are thinking of making that portion of the domain of your Uncle Samuel theur abiding place in a short time.

IT IS NOW UNDER THE COLD WATER

She Buys a Farm and will Have to Fish to Find It.

LINCOLN, Dec. 9.—Miss Rockafeller who formerly owned a millinery establishment in this city has just sued a trio of Lincoln men for $4,500. She traded her store to them for some land in Harrison county, Iowa, "unsight unseen," and now finds that the same lies under the dark, muddy waters of the Missouri. She therefore wants that store back or its equivalent in coin of the realm.

At the Parmele the moving picture are changed every night and the vaudetwice a week, every Monday and Thursday. The price remains the same.
