THE PLATTSMOUTH HOTEL PUTTING ON MANY EXTENSIVE IMPROVEMENTS

From Wednesday's Daily.

The interior of the Plattsmouth hotel is being subjected to some very extensive improvements on the interior of the building, as a number of the rooms and the halls in the upper portion of the building are being repapered and repainted in a manner that will place them in first-class condition and make them as neat and clean as could possibly be asked for by anyone. The work is being carried out by Louie Thomas and his assistants, and he is making the interior of the hotel loom up in fine shape and it will be one of the neatest buildings in the city when the work is completed on the structure. The proprietor of the Plattsmouth hotel proposes to get in line with the other progressive property owners of the city and see that his building is placed in first-class shape without delay.

YOUR FRECKLES

Need Attention in February and March or Face Will Stay Covered.

Now is the time to take special care of the complexion if you wish it to look well the rest of the year. The February and March winds have a strong tendency to bring out freckles that may stay all summer unless removed. Now is the time to use othine—double strength.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful that it is sold by druggists under guarantee to refund the money if it fails. Get an ounce of othine—double strength, and even a few applications should show a wonderful improvement, some of the smaller freckles even vanishing entirely.
