FRENCH ARMIES PAUSE IN STRONG FIELD POSITIONS

Hold Vantage Points From Which to Push Forward at Opportune Time.

In Five Weeks of Fighting They Capture 32,000 Prisoners at Small Loss.

London, June 1. — "Our troops gained ground slightly during the night west of Cherisy (Arras front)" says today's official announcement. "Patrol encounters resulted in our favor last night in the neighborhood of Gouzeacourt. Successful raids were made by us northeast of Loos and near Poegsteert wood."

French troops last night captured a German post south of Chevreaux, taking a number of prisoners.. Raids by Germans and an attack on the Casque were repulsed.

On the French front in France, Thursday, May 31.—(From a Staff Correspondent of the Associated Press.)—Between April 15 and May 24 the number of German prisoners falling into French hands reached a total of 31,829, of whom 28,045 were unwounded. This period covers three phases of the general attack now temporarily abated, which the French undoubtedly will continue when the proper moment arrives.

As a result of the successful attacks the French now possess the initiative and occupy more important positions than when they begun the forward movement in April. Artillery duels continues unceasingly at all points on the front, occasionally intermingled with local infantry combats in which short stretches of trench sometimes change hands. Thus far the French always have regained any positions taken from them and at some places have bitten further into the German lines.

The Germans are showing great nervousness as to what is about to happen and the slightest movement in the French lines calls for that hurricane of artillery and machine gun fire. The absolute confidence of the French in their superiority is seen in the manner in which they move over intervening ground between lines when ordered to attack. The tactics now employed permit them to attack with minimum losses.

MEDICINE VS. FOOD.

Do not buy something which you already have. You have food which you feed your horses, cattle and sheep, but when you want medicine, buy only medicine. That is what you get in B. A. Thomas' Stock Remedy. We sell it and guarantee it to be medicine. We tell you that it will tone up the entire system of your stock and aids digestion, thereby causing them to get all the food value out of the grain that you feed them.

STATE WOULD MAKE IT A FELONY FOR ONE TO HOARD UP FOOD

Washington, June 1. — Hoarding, storage or destruction of food, fuel, or other necessaries of life would be a felony under the amendment to the government's first food bill adopted in the senate without a record vote. Several senators protested that the provision would prevent legitimate storing to equalize markets.

Violation of the section would be punishable by imprisonment for not less than six months nor more than three years. Holding by farmers or others of the products of land cultivated by them is exempted.

An amendment which would promote more general use of fish to relieve the food stringency was offered by Senator Fletcher. It would permit the secretary of commerce to catch and market fish. The amendment will be discussed today.

CONSERVATION OF TRAFFIC BY ASSOCIATED RAILROADS

The executive committee of the American Railway association, Messrs. Fairfax Harrison, Howard Elliott, Hale Holden, Julius Kruttschnitt and Samuel Rea, at one of their meetings has advised against the holding of conventions that would bring large bodies of persons to one point should be discouraged in the interest of conservation of fuel, to avoid congestion, to prevent interruption to necessary freight traffic and to conserve equipment and energies which must be applied to accomplish the transportation required by the country. This is one step in the program of conservation throughout the country to secure the greatest efficiency and result from the resources of the nation.

STATE COUNCIL CALLS ON CLERGY FOR DRAFT SERMONS

Lincoln, Neb., June 1.—Nebraska pastors are urged to deliver sermons on the importance of registration under the draft law next Sunday by the state council for defense.

A statement containing the appeal to the ministers was given out by the council today as follows:

"The state council of defense wishes to enlist the co-operation of the ministers and clergy of the state in presenting to their several congregations next Sunday the question of registration by those of military age on June 5, by urging a hearty and loyal response to the president's call.

"Ministers would do well to make their congregations familiar with the fact that while boys between the ages of 21 and 31 who fail to register are subject to a prison sentence and the draft afterward, yet to comply with the law should they enter the army, they would be carried on the army rolls as volunteers."

LUMBER FOR SALE.

Some native dimension lumber for sale. Inquire of John Hobson, Plattsmouth. 5-31

U. S. EXPECTS RUSH JUNE 5 DESPITE PLOT

But Few More Arrests to Be Made for Alleged Conspiracy Against Draft.

THIRTY ALREADY ARE TAKEN INTO CUSTODY

Government Does Not Think More Than One of Hundred Will Be Slackers.

Washington, D. C., June 1.—Department of Justice officials are of the opinion that the situation with respect to the draft army registration Tuesday is well in hand, that there will be no really serious disturbances.

Attorney General Gregory's orders had caused the arrest of about thirty persons up to today, in connection with the anti-draft propaganda. Only a few more, probably less than a half a dozen, are expected before Tuesday.

Showing Extraordinary.

Such a showing is looked upon as extraordinary and as a convincing indication that despite oratory against registration and the few conspiracies discovered to interfere with it or to prevent the response of the men of the draft age, there has been no substantial movement to defeat the purpose of the law.

The department expects that there may be a number of evasions of the registration provision that will look large in total, but not when the great number subject to the law is considered. Many even of those who do evade Tuesday are counted upon eventually to come forward to make good without prosecution. It was asserted tonight that out of 10,000,000, the slackers would not number one in 100.

More Arrests Coming.

Chicago, Ill., June 1.—Additional arrests of alleged anti-conscription plotters were expected today after Hinton G. Clabaugh, divisional chief of the bureau of investigation of the department of justice had questioned one of the persons under arrest.

It was said that the suspected plotter had given information involving not only the other five men and four women detained in connection with the government investigation of anti-draft conspirators, but several not yet in custody.

Duck Alleged Disloyal Doctor.

Wabeno, Wis., June 1.—Following alleged remarks in which he attempted to discourage enlistments, Dr. Hugo Miller of Laona, Wis., a government physician on an Indian reservation, was seized by citizens of Wabeno last night, thrown into the river and later made to kneel, kiss the flag and retract his alleged utterances.

Two Arrests.

Charleston, W. Va., June 1.—Isom Elkins and "Babe" Means, young farmers, were arrested today by deputy United States marshals, charged with distributing seditious literature tending to discourage military regulaton.

Held Without Bail.

New York, June 1.—Under guard of a squad of soldiers, four men and one woman, arrested last night by the police at Madison Square Garden charged with attempting to obstruct conscription, were taken before United States commissioner here and held without bail for examination tomorrow.

They became federal prisoners when they were released from a city court on writs of habeas corpus. All pleaded not guilty to the federal complaint. The bail of the men was increased to $5,000 and of the women to $1,500. The prisoners are Mrs. Jennie Dimer, Louis Kramer, Louis Sternberg, Joseph Walker and Morris Becker.

Arrest Dozen at Border.

San Antonio, Tex., June 1.—Federal agents yesterday and today arrested more than a dozen young men who were seeking to cross into Mexico. The charge was "seeking to evade military regulation."

OUR GRANDFATHERS

drenched horses for colic. That was the old way, which was uncertain and unsafe. Farirs' Colic Remedy does away with drenching—is applied on the horse's tongue with a dropper which comes packed in each bottle. Get it today. We guarantee it.

MUNICIPAL CARNIVAL IS PLANNED TO RAISE FUND FOR FIRE ENGINE

The members of the municipal government, comprising the mayor, clerk, councilmen and chief of police, met last evening at the office of Mayor Sattler with Mr. Sydney Landcraft, special agent of the Tom W. Allen Shows, to discuss with the agent the plans for the forthcoming municipal carnival which is to be held in Plattsmouth June 11 to 16.

It was decided to hold the carnival on the main street of the city and the circulation of the petition this morning among the business men resulted in all signing it with but one exception and assuring that the shows will be stationed along the principal street of the city, where they will be of easy access and aid the business men of the city in their different lines, while permitting the shoppers to attend to the shopping and at the same time enjoy the carnival.

It is the purpose of holding the carnival at this time to raise the funds for the purchase of a chemical fire engine which is needed very much for the fire protection of the city, and it is hoped that it can be secured without placing an unnecessary burden upon the taxpayers of the city, and give the city the benefit of more and better protection from fire.

The committees in charge of the event will get busy at once and have all arrangements made for a most successful carnival.

TORNADO KILLS SCORE OVER THE SOUTHWEST

Windstorm Sweeps Parts of Southern Kansas, Oklahoma and Missouri.

Hundred Persons Injured and Heavy Property Damage Reported Over Region.

Kansas City, Mo., June 1.—Twenty-one known deaths, injuries to more than 100 persons and large property damage resulted from a series of tornadoes in southeastern Kansas, north central Oklahoma and southern Missouri, late today.

Coalgate, Okla., the county seat of Coal county, a town of 3,500 inhabitants, reported thirteen deaths, 100 persons injured and the entire western portion of the town blown away. It was in the mining section of the town the tornado struck, where the buildings largely were miners' cabins. The names of the dead were unobtainable, but it was said half of them were negro miners.

Many Deaths Feared.

The extent of the tornado's work at Coffeyville, Kan., was not known tonight. The only report of any substance gotten out of there before all communication was cut off was that 200 houses had been demolished. It is feared that numerous deaths had occurred.

Drake, Okla., suffered five deaths and the destruction of two residences and the school house. A school teacher marshalled her charges into a storm cellar when she heard the tornado coming, and probably saved many lives, for the building was razed over their heads.

Morse, Kan., twenty-five miles from Kansas City, was seriously damaged by a twister that took three lives.

Several Reported Injured.

From Ottawa, Kan., came a report that many farm houses in Franklin county had been wrecked and a number of persons injured.

Lehigh, Okla., near Colgate, was hit by the same tornado that struck the latter town. Several persons were injured, and extensive property damage done.

Buffalo, Mo., reported a tornado whirled through the section between that place and Lebanon, Mo., late today, tearing down farm houses and doing other damage.

Another storm was reported to have passed between Buffalo and Lebanon.

MORE ELECTIONS FOR PARLIAMENT

Believe Hungarian Crisis Will Result in Dissolution of Parliament.

Copenhagen, June 1. — Austrian dispatches to the German papers give the impression that the Hungarian crisis is gradually working in the direction of a dissolution of parliament and new elections. In the interim a minority ministry would hold office and Count Andrassy is mentioned as possible head for such a cabinet. Unless the Hungarian electoral practices are changed the cabinet in power during the elections would probably emerge with a majority.

The address of the Budapest municipality to the king, thanking him for his stand in the franchise question, reveals the fact that King Charles desires a universal secret ballot. Count Tisza advocates a restricted and involved suffrage, perpetuating Magyar dominance. Under royal pressure, however, he has dropped from his program some of the limitations on the labor vote, such as requiring the qualification of a year's residence and the retention of the same employment.

Count Tisza professes to be weary of the parliamentary struggle and tells his friends that he wants to go to the front and fight. However, it is safe to assume that when parliament opens the former premier will be vigorously leading the opposition.

FLAG SHOULD BE RESPECTED

The flag that has been waving over the Cass county court house the last week is certainly a very poor advertisement for the patriotic spirit of the county, as the glorious flag of the republic has for the last three days been wrapped around the flagstaff, and this does not appeal in the least to a large majority of those who honor and love Old Glory. Since the flag was hoisted it has been flying at practically half-mast owing to a deefctive pulley on the flagstaff, and now the flag is allowed to go in a very neglected condition. If the national emblem is not hoisted and cared for properly, according to rules, it had better not be hoisted at all.

BUGS ON VEGETABLES.
