President Signs Boulder Dam Bill

And has His Picture Ttaken in Group with Proponents of Measure.

Washington, Dec. 21.—President Coolidge today signed the Boulder Dam bill making effective the act providing for a reclamation, flood control and power project on the Colorado river.

The president affixed his signature before a gathing of proponents of the Swing-Johnson bill, who were brought to the executive office by Senator Johnson and Representative Swing, California, republicans, who for years had led the fight for enactment of the bill.

Afterward they posed on the White house lawn with Mr. Coolidge for newspaper photographers.

President Coolidge used three pens to sign the bill and he gave them to Senator Johnson, Representative Swing and George G. Young of Los Angeles.

Yesterday the Arizona legislature passed a memorial addressed to President Coolidge requesting him to veto the bill.

The measure provides that the government shall supply the 165 million dollars estimated as necessary to construct a dam and accompanying works in Black canyon. The money is to be repaid under an amortization plan from the proceeds of the sale of power.

The signature of the president was the last official act required in providing federal authority for the construction, but either Utah or Arizona of the seven Colorado river basin states must ratify the Colorado river compact for distribution of water before the act can become tfective.—World-Herald.

FACTS ABOUT NEBRASKA

The value of public school property in Nebraska is $78,767,624. The bonded indebtedness is $36,781,327 against this property. There was $30,903,156 expended in the state during the last year for all public school purposes, of which $16,921,102 was directly for instruction.

Nebraska's vote for 1928 increased 18 per cent over the vote cast in the presidential election of 1924.

Nebraska's corn crop for 1928 amounts to 195 million bushels. The potato crop will reach almost ten million bushels, an increase of ten per cent over last year.

Seventy-two per cent of the population of Nebraska resides in 29 per cent of the area.

ORDER

In the District Court of Cass county, Nebraska.

In the matter of the Application of Ruth Sayles Thomsen, Administratrix, for license to sell real estate.

Now on this 21st day of December, 1928, Ruth Sayles Thomsen, Administratrix of the estate of Andres Thomsen, deceased, having presented her petition under oath praying for license to sell the following described real estate of the said Andrew Thomsen, to-wit:

The east half (E½) of the southeast quarter (SE¼) of Section thirty-two (32), Township nineteen (19), Range five (5), East, in Dodge county, Nebraska;

Fractional lot numbered one (1) in Block numbered two (2), in the Village of Cedar Creek, Cass county, Nebraska, and

Sub-Lot four (4) of Lots 15 and 16, a sub-division of Government Lot seven (7) of Section five (5), Township twelve (12), North, Range twelve (12) East of the 6th P. M., Cedar Creek, Nebraska, more particularly described as Sub-Lot four (4) of Lots 15 and 16, running from west side of alley in Block numbered two (2) of Village of Cedar Creek, Cass county, Nebraska, to the west side of alley in Block numbered six (6), of said village; said Sub-Lot 4 containing 57/100 of an acre—

or a sufficient amount thereof to bring the sum of $3,000.00 for the payment of debts allowed against said estate and allowances and costs of administration, for the reason that there is not a sufficient amount of personal property in the possession of said Ruth Sayles Thomsen, Administratrix, belonging to said estate, to pay said debts, allowances and costs.

It is therefore ordered that all persons interested in said estate appear before me at Chambers in the City of Plattsmouth, in said county, on the 3rd day of February, 1929, at the hour of 10 o'clock a. m., to show cause, if any there be, why a license should not be granted to said Ruth Sayles Thomsen, Administratrix, to sell so much of the above described real estate of said decedent as shall be necessary to pay said debts and expenses.

It is further ordered that a copy of this Order be served upon all persons interested in said estate by causing the same to be published for four successive weeks in The Plattsmouth Journal, a newspaper printed and published in said County of Cass.

By the Court.

JAS. T. BEGLEY,
Judge of the District Court.

VOODOO DOCTOR ACCUSED

Cleveland, Dec. 21.—Doss Wade, thirty-seven, alleged negro "Voodoo" doctor, was held in jail tonight while detectives sought to learn the identity of a decapitated man they said Wade confessed slaying. Detectives said they were satisfied Wade's confession was truthful, but they could advance no motive other than some ghastly rite for the slaying. They were unable to identify the victim. After giving them two false stories of who the dead man was Wade refused further information.

Radio Station Joins Fi,ht on Block Booking

Contest Begun by Movie Theaters Taken Up by WCCO—Contract Cancelled

Minneapolis, Minn.—"Block booking" contracts under which a radiocasting station is compelled to use exclusively the programs of a single "chain" system have met resistance here. Station WCCO, one of the most powerful in the Middle West and pioneer station of the Northwest, has cancelled its contract with the National Broadcasting Company and has begun to use programs of the Columbia chain.

H. A. Bellows, manager of the station, and former member of the National Radio Commission, regards the change as a victory for his station in its resistance to "block booking" which,, it is recalled, has also stirred the motion picture industry for several years.

Mr. Bellows desired to use a portion of the programs of the National Broadcasting Company, with some Columbia programs and other offerings. He notified the N. B. C. of this desire and officials of that company declined to agree to the arrangement. They insisted WCCO must use the National programs they assigned to the station and declined to agree to any arrangement which would give Mr. Bellows the right to use Columbia offerings.

Demand Is Unreasonable

"This demand is unreasonable, has been unreasonable all the time," Mr. Bellows said in an interview, "and I have been fighting it for some time. I had hoped to win out and put a stop to 'block booking' demands for all time.

"But the National people stood pat, so I found it necessary to cancel my contract and get 'chain' service elsewhere. I refused to allow this company to dictate to me any longer about the programs I am to put on the air.

"After all, radio listeners are the real directors of the stations and every manager should make an effort to give his own circle of fans the programs they demand. In my case, I found the people of the Northwest wanted a more diversified program and I tried to give it to them. Although I was forced to cancel the National programs, we have the Columbia offerings and so far my listeners are thoroughly satisfied."

Explains to Listeners

Following the first Columbia broadcast from WCCO, Mr. Bellows made a statement, addressed to his listeners, in which he explained the situation. He asked for comment from Northwest listeners and on replies received he based his assertion that current programs are more satisfoctory to WCCO listeners than were those previously offered.

As quickly as the WCCO-National contract was cancelled, KSTP, which maintains studios in both Minneapolis and St. Paul, entered into an agreement with the National Company and programs of this "chain" have been radiocast from this station.

"I have not given up my fight against the block booking idea," Mr. Bellows added. "It is all wrong and will have to be remedied and I hope to be able to force a change." He is en route to New York on a mission which he described as "of great import" to WCCO and its listeners.

BRIDGES IS COMPLETED

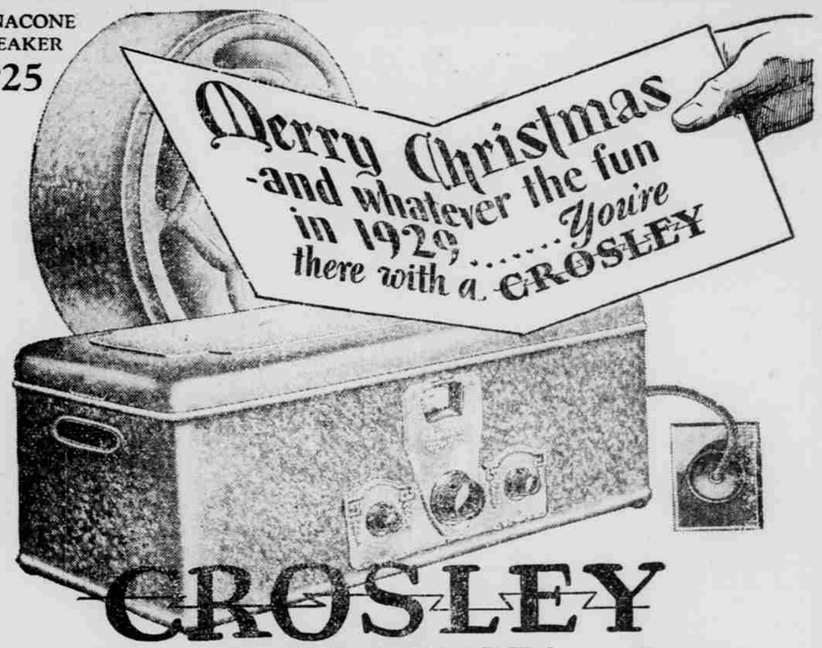
The new bridge across the Weeping Water Creek just north of town is practically completed and will be ready for travel when the grading is done. The workmen have been hard at work almost every day since they first began work and according to their statements this morning, they expected to complete their work by tonight. After they finish the day the only thing left for them to do is remove some of their forms and do some painting, which will be done when the weather is warm.

The bridge was constructed by the Monarch Engineering Co., of Auburn with O. W. Finney superintending the work. It is over a hundred feet long, wide enough for two cars to comfortably pass, with a concrete road bed. It is a splendid structure and will be a big improvement to the highway leading south out of town.

The grading for the new bridge will require a good five feet fill for a considerable distance at the north end and a large amount of grading will be required at the south. It does not seem to be known when this work will be accomplished but it is probable that it will be done in the spring. However, this is the time of year when it should be done for the best results and the equipment expected to be used for this purpose can be operated successfully at this time of the year.—Nehawka Enterprise.

Fred Rothert of this city, Ernest Rothert of the Peru Normal and Miss Clara Rothert, who is teaching at Bellevue, departed this morning for Harvard, Nebraska, where they will spend the Christmas season with relatives.

DYNACONE SPEAKER $25



CROSLEY
A-C Electric GEMBOX $65. WITHOUT TUBES
Power speaker operating

A GEMBOX Christmas present now, means a whole year of fun and fact. With a Crosley radio set, you keep in touch! You are part of the world, with its pageant of news and sports events, the new songs and dances, market trends. Goes without saying that you tune in on just what you want with a GEMBOX, because it's a Crosley-made A-C 6-tube set with modern features. And with a DYNACONE power speaker, you can shade to the volume you like! Let us arrange a demonstration of the GEMBOX, the lowest priced A-C electric set of 1929.

Collection is Halted by Court Writ at Lincoln

Restraining Order Prevents State From Collecting Assessment Before January 7

Lincoln, Dec. 21.—Suit to enjoin Clarence Bliss, secretary of the state department of trade and commerce, from collecting the special bank guaranty fund assessment was instituted in district court here today by attorneys representing 439 state banks of Nebraska.

A temporary restraining order was forwith granted by district Judge Stewart. This will prevent state officials from attempting to collect the assessment until January 7, the date set for hearing the application for injunction.

The suit does not involve the regular guaranty fund levy, amounting to one-twentieth of 1 per cent on average deposits, which is to be made January 1. It has heretofore been announced the banks would not contest the regular assessments.

Levied December 15

The special levy which the banks are contesting amounts to one-fourth of 1 per cent on average deposits. It was levied December 15.

Numerous reasons were cited in the petition why the banks should not be further subjected to such special assessments, among these being:

That as levied in recent years they mount to 8 per cent of the entire capital stock of the state banks and exceed their annual net earnings, being for that reason confiscatory.

That the assessment is discriminatory, because 150 are not subject to it, and it continued will in a few years wipe out the entire capital of the state banks and destroy the state banking.

See Receivership

That two-thirds of the state banks now in existence will be thrown into receivership if they are not relieved of the burden thus sought to be placed upon them.

That 270 state banks already have been forced out of business, due in part to the excessive contributions required of them for the guaranty fund.

That the assessments are in violation of the federal constitution, because they take the property of the banks without due process of law.

That the purpose of the guaranty law was to stablize the banking business and protect depositors in going institutions, but as matters now stand all assessments must go to pay depositors in banks that already have failed, and no protection is given those which continue in business, or their depositors.—Omaha Bee-News.

Mrs. J. H. Palacek was a visitor in Omaha today and was accompanied by her sister, Miss Dorothy Bentley, who has been here for a few days visit and is now returning home to the metropolis.
