OFFICIAL PAPER OF SIOUX COUNTY.

Geo. D. Canon, - - - Editor.

Entered at the Harrison post office as second class matter.

—With this issue THE SIOUX COUNTY JOURNAL rounds out another year of it's existance in Sioux County which completes volume nine.

Schlatter the devine healer who was in Denver about two years ago is now in Chicago.

Senator Wellington of Maryland was knocked silly in the republican convention in that state a day or two ago.

Since the war the United States government has paid out over two billions of dollars in pensions to the old soldiers.

The Republican State convention met in Lincoln on the 26th ult. and nominated Judge Post for the second time for supreme Judge.

The three reform state conventions met in Lincoln yesterday to nominate a joint state ticket. There is one supreme Judge and two Regents of the state University to be nominated. None but able, clean men should be put on the ticket.

It was our great privilege, with several others from this neck-o-the-woods to have the pleasure of listening to the Hon. W. J. Bryan speak on the "Science of of Government', last Thursday at Chadron. It was a masterly effort and was delivered without any personal abuse to any individual, besides it was made in a spirit of good humor. Only those, who were too partisan to see anything good in the speaker, could help but learn something even though his political ideas did not agree with their own personal views. Chadron and her esteemed citizens entertained the distinguised son of Nebraska right royally, even delivering the freedom of the city over to Mr. Bryan during his sojourn there. It is safe to say in our opinion that two thousand people listened attentively to the speaker for an hour and a half which was a long time to stand in one place considering the intensness of the heat and the sun beating down on them. It was well worth one's while to go that far to listen to such a lecture.

McKinley's Admission

It may have been an oversight on the president's part, and then he may have been actuated dy a feeling of jealousy toward the urbane Mr. Dingley, but whatever the cause, the president has just given the tariff a blow between the eyes. In a conversation the president remarked "the present boom in the west is due in a great measure to the large crops and to high prices, caused by the failure of crops in other countries."

The president is not in accord with his party organs on the important matter of wheat prices. The president declares that the increased price is due to the failure of crops in other countries, while the organs are rending thei nether garmens and pulling all the ink off their form rollers in an endeavor to convince us that the increased price of wheat is due solely to the Dingley bill. By declaring that we are experiening some benefits that are not due directly to a high protective tariff, the president has played false tothe whol fabric of republicanism. For him to attribute the increared price of wheat to anything but the Dingley tariff is a bit of treason to the protective principle that cannot be condoned. The president should remember that everything good is the direct result of the Dingley tariff. The moment that it received the president's signature the wheat crops of Russia, India, and Argentina were attacked by chinch bugs, weevils and drouth. While it was being carried from the senate chamber to the executive mansion every head of American wheat swelled to twice its former size. While the Dingley pill was in process of cultivation Amelcan wheat stood still and waited for the salvation that it knew was at hand. And now to have the president snub the law which brought about all these beneficial things! As the late Artemus Ward remarked, "It is tew much!".—WORLD HERALD.

How To Find Out

Fill a bottle or common glass with urine and let it stand twenty-four hours, a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and blader are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy fulfils every wish in relieving pain in the back, kidneys, liver, bladder and every partof the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention THE SIOUX COUNTY JOURNAL and send your address to Dr. Kilmer & Co., Binghampton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

A One Fair Rate.

TO ALL WHOM IT MAY CONCERN:—

As chairman of the State Central committee of the People's Independent party of Nebraska, I hereby announce that all railroad companies doing business within the state have notified our committee they will only charge one fair for the round trip from all points in the state of Nebraska, to the state conventions held at Lincoln, September 1. Tickets to be sold August 31st, and September 1st, good to return and including September 5th.
