Russia, Germany and France have declared war against China, and if China does not make reparation to the allied powers, we will in all probability have the greatest war the world has ever known and that history has recorded since the foundation of the world.

Nebraska has had pretty dear experience with republican corporation in the administration of the public offices of the state, they purloined everything that was in sight and loose at both ends during their 20 years of misappropriation of state funds. For a verification of the above facts you only have to go to the roster of the state prison, to learn of the whereabouts of some of the leading representative men of the g. o. p., who are languishing there, and who were discovered, and placed there by an honest set of state officials, elected by the fusionists. Do, the people desire a change? we guess not. Yes Mr. Dietrich will be elected to stay at home.

Hon. Mr. Dietrich, in his opening campaign speech last Friday, at the court house made the statement that the republican party proposed to grant to the Philippinos the identical government that the Democratic platform declared Mr. Bryan would give them if elected, which Mr. Deitrick knows to be false, first: For the reason the Philadelphia platform makes no such declarations, second: Neither Mr. McKinley, nor Mr. Roosevelt, his running mate has made any such declarations hence, Mr. Dietrich's false statements.

Let the watchword of the campaign be "Stand for the Republic." That is the magic sentence which demands the judgment of the people. It is one easily understood. It awakened the sonorous cry which led the hosts of liberty to victory under Jefferson in the year 1800. There is no other question, no other issue in this canvass, except those things which are collateral to and dependent on the preservation of the republic.

Joseph Breitinger, chairman of the county gold Democratic organization of Cleveland, Ohio: "There is a stampede to Bryan among the gold Democrats of Ohio. I will call a meeting of the campaign committee of the gold Democrats and try to get things in better shape, but I fear we shall not be able to stop the stampede. To get at the sentiments of the Democrats who opposed the Chicago platform four years ago I have talked or communicated with about 400 of them, and I have been surprised to find that nearly all of them are for Bryan now.

Following is how the Times-Herald, Chicago, feels about the swash-buckler, republican vice-presidential candidate and the possibilities of carrying the state of New York for president McKinley:

"Theodore Roosevelt having failed to stem the tide of republican enthusiasm that would not permit him to escape the vice-presidential nomination, the republican party must now face the serious problem of electing its ticket without the electoral vote of New York.

An exchange says that a county superintendent in a neighboring county recently asked every teacher in the county institute who took the local paper to hold up their hands and out of about one hundred present, only six responded at which he expressed great surprise and said: "You don't spend one dollar a year with these papers yet you expect them to print free of charge notices of institutes, insert long programs of same and full report of what you do and say on such occasions, and thus expect them to advertise you and your abilities in your chosen profession, thus assisting you to climb the ladder to a higher position and better salaries without a cents patronage in return." He closed by saying: "Your condition in this matter would lead me, were I an editor of these papers to promptly throw into the waste basket any communication sent me by the society the members of which are too stingy to take a paper or if I inserted it to demand full advertising rates for every line published."—Hooper Sentinel.

"I see in the near future a crisis approaching that unnerves me and causes me to tremble for the safety of my country. As a result of the war, corporations have been enthroned and an era of corruption in high places will follow, and the money power of the country will endeavor to prolong its reign upon the prejudices of the people until all the wealth is aggregated into a few hands and the Republic is destroyed. I feel at this moment more anxious for the safety of the country than ever before, even in the midst of the war."—From a letter written by Abraham Lincoln in 1865.

The United states court has sentenced Frank Simmons, of Seward, to pay a line of $50, and costs and to twelve months in the Jail of Dodge county, for embezzling $,092.39, as postmaster of his town.

If Senator Prout and Hon. Mr. Detrich, propose to regulate the trusts of the country; why hav'nt they done so the past year? They, the party have been in possession of the executive, legislature and Judicial branches of the government yet not a single move has been made toward bringing the gigantic trusts, (15 sixteenths of them which have come into existence since Mr. McKinley took his seat March 4th 1897) to bring them to justice. According to their argument there was but one bad trust in the world and that one was in Wales and that was a good thing for the United States.

Speaking of the dishonesty of the present state officials, our republican brethern, judges of the fusion party by their own record. How many ex-officials of theirs are yet in the "pen" for stealing from the sate? Ex officials who are out are only so through the beneficient mercy of President McHanna. It seems to us, that of all other slush the republican party may make use of during this campaign, stealing and dividing the spoils should bring the blush of shame to their cheeks. Is this not so friends? do we not speak what every true voter must acknowledge which party has done the stealing, and the dividing of spoils?

The Populists Free Silver and Republicans that candidate Deitrich called "Jack Asses" and who he said had no ancestral following are the very men whom Mr. Deitrich wants to vote for him for Governor on Nomber 6th next. Will they do it? If they do it then Mr. Deitrich was emminently correct in calling them jack asses, if they do not, then Mr. Deitrich will be wiser the next time he runs for the office that is more dignified than the man who seeks to fill it.

In his speech last Friday the republican candidate for governor made a few remarks about the good and bad trusts in our country, and to prove the truth of his statement he took as his authority The New York World year book, said there were about 500 monopolies, eighty of which were effected by the tarriff, hence then we were led to believe there were 400 good trusts and probably 80 or a 100 bad ones. In fact Mr. Dietrich did not even condemn trusts. The only bad trust was the tin plate trust of Wales in Europe.

Senator Prout, who made the first speech last Friday in support of the republican party, and who is a candidate for Attorney general got pretty badly mixed up in his argument, and besides he went as far away of the word of truth as did Mr. Dietrich. He undertook to show that the democrats when in power ran fearfully behind in the expenses of the government. But he did not tell how ex-president Harrison's administration squandered an overflowing surplus in the national treasury, while he had charge of the government. Mr. Clevelands first term left a surplus of $[illegible],000,000,000 in the treasury and the republican party paid outstanding obligations of only $372,472,000; what did they do with the almost $100,000,000, left say nothing about surplus revenues if they had any, of the four years Mr. Harrison was president, the fact of the matter was they squandered it, left the U. S. Treasury exausted and had the dies cast ready for issuing bonds when they went out of office. Thus, compelling Grover Cleveland, another McKinley republican to issue $262,000,000 bonds to maintain the credit and dignity of the nation that Mr. Harrison and the party which he represented, had bankrupted in four years, with four hundred millions to go on. Mr. Prout should "tell the truth and shame the devil," next time.

Prophetic.

Being neither a prophet nor the son of a prophet we cannot foresee the future but as a student of prophesy and a close observer of the trend of things, it looks very much as if we were approaching that "time and trouble for the nations such as there never was since there was a nation "(Daniel 12:1) when the world calls up her mighty men and the war spirit predominates (Joh 39) when mens hearts shall fail them for fear of the things which are coming upon the earth (Luke 21:26) when the unclean war devils of blood and greed shall gather the nations to their Armageddon (Rev. 16:14-16) The outcome will be the overthrow of those mighty politico-ecclesiastical world powers whose god is the list of human greed and whose careers are trailed with blood and human misery, dominated the dragon beast and false prophet to be followed by better conditions. It is the storm before sunshine the dark hour before daylight. But when ye see these things come to pass look up for your redemptition draweth nigh" (Luke 21): "Behold I come as a thief. Blessed is he that watcheth and keepeth his garments lest he walk naked and they see his shame" (Rev 16:15) through the rift in the clouds we see the Prince of Peace who shall rule in righteousness shall we be ready to welcome him or shall we to as individuals like the nation be found with hearts steeped with sordid greed and hands stained with pelf obtained unrighteously?—National Rural.

Candidate Detrich told of only one bad trust last Friday and that one was located in Wales, but he said never a word about the the $[illegible] plate trust in the United States, which has just locked out 5,000 of its employes. Or in other words have closed their factory doors until they dispose of their over production at the 20 per cent. advance over a year ago.
