THE ADVERTISER.

LOCAL.

BROWNVILLE, NOV. 3, 1859.

TERMS:

Per annum, if paid in advance,	$2,00
" " " " at the end of 6 months,	2,50
" " " " " " 12 "	3,00

Clubs of 12 or more will be furnished at $1,50 per annum, provided the cash accompanies the order, not otherwise.

☞ The "Nebraska Advertiser" having much the largest circulation of any paper in the Territory, Wholesale Merchants in St. Louis, St. Joseph, Cincinnati and other Eastern markets where Nebraska merchants purchase, will find no better advertising medium in the Western country.

Blanks, Blanks.

Always on hand, printed in superior style, and for sale cheap for cash, a fresh supply of

Warranty Deeds, Mortgage Deeds,
Trust Deeds, Bonds for Deeds,
Justice, Sheriff and Constable Blanks,
Blank Preemption Papers,
Township Plats, Bills Lading,
Drafts, Notes, etc., etc., etc.

To which we call the especial attention of those in need. Printing of any and every description executed to order in a style inferior to none, produced in any part of the country. We except no office in the West, or elsewhere, and offer specimens of our work as evidence.

Fish Market.

Messrs. CASE & MASTERSON are now engaged furnishing the people of this place with fresh fish, caught from the small lakes adjacent to the river in the Missouri bottoms. When we say they are most excellent eating, we speak experimentally; we have repeatedly tested their good qualities. At their old market stand on water street, ichthyophagists can satisfy their appetites.

Newspaper Change.

S. BELDEN, Esq., of this place, has sold out the Journal Office to Messrs. HACKER & FAIRBROTHER of Nemaha City, to which place the office has been removed, and where hereafter a paper will be published. We have not learned the name of the new paper.

Still they go up.

Mr. A. GATES is erecting a neat little brick cottage on Water street, between Third and Fourth.

Mr. JOSHUA ROGERS is also putting up a residence on Main street.

Webster's New Unabridged.

We have before us the advance sheets of Webster's Dictionary, unabridged, in one volume of 1750 pages, containing 1500 pictorial illustrations; ten thousand new words and meanings; a valuable table of synonyms; table giving the pronunciation of the names of 8,000 distinguished persons of modern times; peculiar use of words and terms in the Bible; tables of Latin, French, Spanish and Italian phrases, idioms, proverbs, &c., rendered into English; abreviations, arbitrary signs, &c., together with all the matter of previous edition." By Prof. GOODRICH. G. & C. MERRIAM Publishers, Springfield, Mass. This cannot but prove an invaluable edition. The engravings are most excellent; the paper extra fine; type, bold and clear, and the general arrangement most admirable.

Some Great Men.

Judging from the "leader" of the last Brownville *Advertiser*, there are a few men in Brownville, among the "immortals," and were "not born to die." We have no desire to detract from their good names and reputation, and are quite willing to presume they are all the *Advertiser* says of them, but we have been not a little amused at the white-washing done of late by that journal and by the Omaha *Republican*, over the election of a single candidate in Douglas county. The Democratic officers elected recently in Otoe county need no paint and white-wash.—They are composed of the "right stuff," and need no varnishing to show that they are of sound material.—*Nebraska City News.*

The writer of the above, is one of the "officers recently elected," and who needs no paint and white-washing;" is composed of right stuff and need no varnishing to show that they are of sound material." Modest, is'nt he? especially when we recollect he was elected by a majority of less than half-a-dozen votes! For "officers recently elected," Milton, read "sound material" that they went through on a faster line than that!

Judge Douglas in Reply to Judge Black.

We find upon our table the late reply of Mr. Douglas to Judge Black's attack on his Harper's Magazine article upon the subject of "Popular Sovereignty in the Territories." We have glanced over it but hastily; will give it a more careful reading, and furnish our readers with extracts, if not the whole article. It is written in that plain, forcible and bold style peculiar to that remarkable statesman.

Meeting of the Legislature.

The next session of the Territorial Legislature of Nebraska meets on Monday, December 5, 1859.

Returned.

Mr. HUGH BAKER, one of the first settlers of this place, and who went to California last spring overland, returned to day.

The body of the late J. Y. Mason, U. S. Minister to France, will arrive in New York by the Arago, which sailed from Havre on the 18th inst.

Large Yield.

At the State Fair, Ohio, the first premium for the best ten acre field was awarded to a citizen of Dearborn county, who produced the necessary certificates from responsible parties that his field of ten acres, yielded on an average, one hundred and ninety-six bushels to the acre. The second premium to the best field from five acres, was awarded upon 156 bushels to the acre.

Critical Condition of the Pope.

A correspondent of the London Times, in writing from Florence, 10th ultimo, assumes to give reliable information from Rome, of an important nature, as follows:

"The Pope's health is fast declining; erysipelas in his left leg exhibits rather alarming symptoms; it causes fever and swelling in several parts of the body. The illness is serious."

To the letter containing the above, the following is, also, added: "The Pope is said to have received the extreme unction, the sacrament administered to the dying."

NEW GOODS

WE are now in receipt of our FALL GOODS, which comprises everything a GENT. or LADY is likely to want. We invite our friends, and the public generally to COME AND SEE US, as we will not be undersold for cash.

D. J. MARTIN & CO.

October 20th, 1859. 15-tf

We Will Purchase Wheat

As money is scarce, we will pay in goods for wheat 65 cents per bushel; and for flour $2,75 per hundred pounds. We will furnish sacks for wheat and receive it, either at our Store in Brownville or at Melvin's Mills. D. J. MARTIN & CO.

Brownville, Oct. 20, 1859. no15-tf

Lost Land Warrant.

Notice is hereby given that after six weeks publication of this notice, application will be made to the Commissioner of Pensions for a duplicate of Land Warrant No. 86,466 for 160 acres, dated April 19, 1850, issued to Roswell Austin, a caveat having been filed in the General Land Office against the issue of a Patent, the said warrant having been lost. ROSWELL AUSTIN,

October 27, 1859, v4n16 By E. A. WRIGHT, Att'y

Constable's Sale.

Notice is hereby given that by virtue of an execution issued by R. J. Whitney, Justice of the Peace in and for the County of Nemaha, in the Territory of Nebraska, on the 30th of September, A. D. 1859, against S. B. Harrington and in favor of Richard Brown, for the sum of eighteen dollars and twenty-five cents, I, Joshua Rogers, Constable of said county, have levied upon and will, on Saturday the 5th day of November, 1859, at 8 o'clock P. M., offer for sale to the highest bidder for cash in hand, in front of the office of R. J. Whitney in Brownville in said county, seventeen law books, as the property of the said S B Harrington in satisfaction of said execution.

JOSHUA ROGERS, Constable.

October 27, 1859 v4n16

THE DOLLAR DEALER

FOR

1860.

NEW VOLUME—NEW TYPE.

For twenty years the "Cleveland Plain Dealer" has been owned and controlled, Published and Edited by the same individual. It has never missed a publication day nor scratched a Democratic Ticket. It has fought its way single-handed against all opposition, until it has gained a National circulation and a National reputation. From Maine to California the Plain Dealer is known and read, and it never was in so good a condition pecuniarily, or in better pluck, politically, to fight the battles of Democracy than now. For the coming year it will be particularly devoted to Popular Sovereignty!

It has against high authority, dared to advocate the right of "the people of a territory as well as a State, to regulate their domestic institutions in their own way," and it will continue to do so against said high authority, "the world, the flesh and the devil." Against all Lecompton Constitutions, slave codes, and the re-opening of the Slave Trade, this Paper is devotedly dedicated from this time, henceforth and forever!

"Come one, come all! This rock shall fly
From its firm base as soon as I!"

Besides the current News of the Day, the Plain Dealer will contain in each number a TALE, Correspondence from a host of Contributors, and Telegraphic Reports from all parts of the World.

The Commercial Department will be under the sole charge of James Brokenshire, Esq., who is acknowledged to be one of the best market reporters in the country.

The Local Department will be presided over by that original and laughter provoking genius, "Artemus Ward, Esq.," whose Letters, Jokes, Oddities and Quidities, are alone worth the price of the paper. In short we are prepared to present one of the best and neatest and cheapest family Newspapers in the West.

SUBSCRIPTION.

Single Subscribers, per year,	$1 50
" " for six months,	1 00
Clubs of Ten, per year,	10 00
All over Ten Copies, to one Postoffice,	1 00

To each getter up of a Club, one Copy Extra.

☞ Post Masters are requested to act as Agents

Douglass Democrats are expected to act as agents and to lose no time in getting every believer in Popular Sovereignty, no matter to what party he may belong to take this paper. Now is the time to bestir yourselves preparatory to the next Presidential Campaign.

Those who want an account of the opening of the New Congress, the organization of the New House of Representatives (which will be a protracted and rich affair, a majority being "Opposition,") the President's Message and Reports of the Departments, will commence their subscriptions December First. The new Volume will commence January 1st All payments to be in advance.

Address,

J. W. GRAY, Cleveland, Ohio.

October 3, 1859.

The States and Union.

The Cheapest Paper in the South.

ONLY ONE DOLLAR PER ANNUM FOR

THE WEEKLY EDITION.

During the month of October we will commence the publication of our paper on new, large, and legible type, under the title of the "States and Union."

It will be conducted with an exclusive regard to the principles of the States-rights Democracy. It will be independent of factious, unbiassed by partial interests, and furnished to subscribers at the low price of one dollar per year.

The subscription price is but barely remunerative but we have placed it thus low in order that it may be within the reach of every Democrat and others who are inclined to read it. It will contain all the leading editorials which appear in the daily editions, as well as a large amount of general intelligence, embracing much valuable information relating to the affairs of government, and matters of interest relating to literature, Agriculture, and Commerce. It will also contain all the Government Advertisements and official notices.

The events which will transpire during the next twelve months will make a paper published at the seat of government of more than ordinary interest.

The States and Union, during this period, will contain a perfect history of the proceedings of the Next Congress, which will perhaps be of more interest to the nation than any previous Congres; since the formation of the government.

It will embrace the whole political canvass for the next presidency, up to the day on which the election takes place; in fact, it may be regarded as the campaign paper, and the cheapest paper of the kind ever issued.

We see no reason why its circulation should not be extended to fifty thousand in a few months. The indications are favorable to such a result from the substantial manifestations which we receive day by day in the large number of subscribers. A remittance may be made for a single copy by carefully wrapping up a gold dollar and enclosing it in an envelope.

Postmasters and others, who will take the trouble of sending us a club of ten subscribers at the rate of one dollar per year for each subscriber, will be furnished with a copy of the Weekly States and Union for one year, gratis.

Payments, in all cases, required in advance.

Current money in the different States received in payment for subscription.

All letters should be addressed to

JOHN P. HEISS,
Washington, D. C.

The Daily and Semi-Weekly editions of the States and Union will be much enlarged and issued at the following rate:

DAILY:

One Copy, one year,	$6
Two Copies per year,	10

SEMI-WEEKLY.

One Copy one year,	$3

The semi-weekly States contains all the reading matter of the daily, including News, Markets, Congressional proceedings, &c.

TO EXCHANGES.

Our country exchanges, by inserting the above until December 1st, (including this notice,) will receive the daily edition of the States and Union till the close of the next session of Congress.

Other journals who do not exchange with us, by publishing the above until November, will be furnished with the daily States and Union during the entire session of the next Congress.

MORTON HOUSE,

MAIN STREET,

NEBRASKA CITY, NEBRASKA.

T. I. GODDIN, Proprietor.

September, 20, 1859. tf.

A History of all Religions

Containing a Statement of the Origin, Development, Doctrines and Government of the Religious Denominations in Europe and the United States,

With Biographical Sketches of Eminent Divines, by Samuel M. Smucker, LL. D. Published by Duane Rulison, Quaker City Publishing House, 33, South Third Street, Philadelphia.

The subject of Religion and the Doctrines of sects must always have an absorbing interest for the thoughtful observer, and a work which affords the desired information, in a convenient and accessible form, at a moderate price, has been urgently demanded, and will be sought for with avidity, and must command a large sale.

In the present work, the origin, development, doctrinal belief, Church Government and peculiarities of over eighty different religious sects, are treated in a style clear, compendious and accurate, and will afford all the information which might be procured with great difficulty and expense, and much labor and research, from the larger polemical works and encyclopedias.

Dr. Smucker has evidently prepared this work with much care, and it exhibits great ability and learning. The articles on the different religions are very impartially written, and show the careful study of an unprejudiced and sound mind; and the importance and value cannot be too highly estimated of such superior and unbiassed effort in a work of this kind, as too often, those pretending to give correct information upon such subjects are prejudiced in favor of some particular sects or denominations. Mr. Rulison has brought out this great work in a very handsome form, and the public is indebted to him for a very valuable, instructive and useful book. The price, $1,00, is remarkably low for such a work, and in order that it may have a rapid and extensive circulation, he will send it to any address, accompanied with a valuable Gift, on the receipt of the price and twenty-five cents to pay postage.

Mr. Rulison will send free, on application, his new enlarged and revised Catalogue of Books and Gifts, containing all information relative to the establishment of Agencies in the Gift Book business. Address DUANE RULISON,

Quaker City Publishing House, 33, South Third Street, Philadelphia, Pa.

A CARD.

TO PRE-EMPTORS AND OTHERS.—Persons who may hereafter desire the services of the undersigned, and Associates, will please send to me—

1st. A description of the land in contest,

2d. The *time* when the cases are tried at the local offices; *how* decided; and *when* sent up.

3d. A copy of the evidence taken.

PATENTS—When Patents are wanted, the Certificates must be sent to me. The cost of obtaining patents is only $10.

By complying with the above, much time will be saved, and the business can be better attended to.

JOHN A. PARKER,
Washington City, September, 15, 1859.

no10v4-3m

Two Bay Mares in Charge

ON Monday the 27th of June, 1859, two men passing by the names of James Hamilton and Wm. Johnson, stopped at the Brownville House in Brownville, N. T. having with them two large dark bay mares. On the 29th the men left Brownville leaving the animals at the City Livery Stable. They stated before leaving that they had taken up the horses on Salt Creek between the two Blues, thinking them to be estrays. The mares are yet at the City Livery Stable in Brownville, where the owners can get them by calling proving property and paying all charges connected with their keeping; unless called for within sixty days from this date, they will be held at auction to the highest bidder.

WM. ROSSELL,
R. T. RANEY.

Farm for Rent and Crop for Sales.

The undersigned will rent his farm during the the winter. The farm is located about sixteen miles south of Brownville—contains 16 acres of corn, which will be sold on reasonable terms. There is fire-wood on the farm. W. S. HANIFORD.

September 15th, 1859. 19-4w

Arnold's Combined Grinding Mill Corn and Cob Crusher, and Corn Sheller.

Three valuable machines in one! This is a new invention, and one that is well worthy the attention of the public, the farming portion in particular; combination has been pronounced by those who have the Mill in use to one of the best ever made, and the great value of this combination will be readily seen when the fact is considered that each machine makes a necessity for the other. Thus: a Mill makes a necessity for a Sheller, and Sheller for a Mill, etc.

Being adapted to the use of the farmer, by horse power, as a farm implement it scarcely has an equal in value.

It is also adapted to steam and water or wind power. It is capable of grinding from five to ten bushels per hour, requiring from two to three horse power, according to the quantity and quality of the work done.

It grinds sufficiently fine for family use, making a superior article of Meal, leaving it round and lively, which is indispensable for light bread or puddings.—Everyone will be astonished at the difference in this respect in favor of the meal made in this Mill compared with that made in any stone mill. They have only to make the trial to be convinced.

It will shell fifty to sixty bushels per hour, and will grind and shell at the same time.

It will crush fifteen to twenty bushels of corn and cob per hour, and it will crush and grind at the same time.

It is light and portable, weighing three hundred pounds and occupying a space of less than two feet by three feet.

The grinding surfaces are very durable, being made of iron as hard as hardened cast steel, and when worn out can be replaced without the aid of a mechanic, at the trifling cost of one dollar and fifty cents, thus overcoming entirely the great objection to iron mills. Particular attention is called to this feature in the Mill, as the difficulty of replacing grinding surfaces in iron mills when worn out is an objection to them that has always been urged with great force, and has had the effect to prevent thousands from purchasing, who otherwise would be glad to do so. That objection is entirely done away with this mill.

Millers will do well to examine this Mill, there being no doubt that they will find it for their interest to adopt it for a feed mill, as the grinding surfaces are replaced at a much less cost than is required to keep a Stone Mill in order, to say nothing of the great saving in power and cost of Mill.

An examination of this mill is earnestly solicited, as it must be seen in operation to be fully understood and appreciated.

Cards of direction are attached to each mill, which will enable any one to set up and operate them without further instructions.

State and county rights for sale on reasonable terms.

Price of mill complete $75. For particulars inquire of E. RAWSON, No. 18 Cass street, or address G. SHEPARD, Postoffice, Box, 2969, Chicago, Ill.

no1v1

Carpentry Made Easy.

Thirty-eight plates, two hundred figures. The most practical and valuable book for farmers extant. Tells how to build Barns, and Houses, Bridges, &c. &c. Price $3; sample copy $2 by mail, postpaid by JAMES CHALLEN & SON, Philadelphia. Agents wanted.

v1n1

A Card.

The public are now respectfully informed that the undersigned have procured from Cincinnati and put in operation one of Homer & Co.'s flour mills of the latest patent, and the first brought to this Territory. They were induced to exchange their former mill for this one, from the high character they have gained in the east, and from the personal testimony of millers who have tried them throughout the Western States, and in view of the increased demand for grinding which will exceed that of any previous year in Nebraska, requiring a mill that will do the work better and quicker than any heretofore in operation.

In addition to their flour mill they will keep the Corn Mill constantly running, ready at all times to accommodate the farmers without detention, and by giving their undivided superintendence to the business (assisted by their former miller, Mr. Wells,) they hope for the continuance and increased patronage of their friends.

Assorted Lumber, Shingles and Lath constantly on hand. GREEN & MARTIN.

Dwelling House for Rent.

THE undersigned will rent on liberal terms, to prompt and careful tenant, the most commodious, elegant and eligibly situated dwelling house in the city of Brownville—an excellent cistern, all necessary outhouses, and a fine garden with all the vegetables of the season in an advanced state of cultivation, upon the premises. D. L. McGARY.

Mar 19. no17-tf

Pitts' Patent Machine.

The Subscriber is the inventor and patentee of the above celebrated machine, and has manufactured them for over twenty years, and is prepared this season to furnish either eight or ten-horse machines, thirty-two-inch cylinder, with all his now improvements, geared in four distinct ways, viz. bevel gear—new improvement, spur gear—short belt, long belt. This celebrated machine, in ordinary grain—wheat, oats, barley, rye, will thresh and clean ready for market from 300 to 500 bushels of wheat a day, on from 1200 bushels of oats or barley, and is without a rival in the country. This horse Power, known as the Double Pinion Power, is the only one in the country of the kind, and for strength, durability and ease of draught cannot be surpassed in the country.

The truck wagon for hauling the machines are gaged to run on the wide track with large wheels, and can be used for farm purposes if required. The Equalizer for thoroughly regulating the draught of the horses so that one horse cannot do any more than another, nor any less, and saves all strain on the machinery. The bagging apparatus is a new invention, attached to the machine for bagging the grain as it comes from the cleaner, and saves one hand; besides avoids all disputes between threshers and farmers.

The Straw Stacker made by me for piling the straw, are made of any length and are the best known for that purpose.

All repairs for Separator or Horse Powers furnished at the shortest notice.

For prices, terms, &c, address HIRAM A. PITTS.

no1v1

Delaware Grape Vines.

A very fine stock of the True Delaware Vines, in pots, or transplanted from open ground; also layers from large bearing vines, all strong and well rooted, ready for delivery in the fall. Price $2 to $3. Also, Logan, Rebecca, Diana, Union Village, Concord Hartford Prolific, and other new varieties, selected vines, $1 to $2. The present season has been very favorable to the growth of the vine and with increased facilities for propagation, my vines are much finer than I have ever before offered. My Delawares are propagated *directly from the original vine and bearing descendants*, and are of course genuine. It is well known that spurious vines have been sold for the genuine, in various parts of the country, and it is also believed these vines have been propagated from for sale, and purchasers cannot exercise too much caution in obtaining the Delaware from a reliable source. GEO. W CAMPBELL,

1-1 Delaware, Ohio.

Moffit's Patent Ohio Thresher.

The subscribers have now ready several hundred of the above excellent machines. Wherever these Moffit's Threshers have been introduced, it is well known that they are altogether unequalled; and, therefore, as many first class references can be furnished as may be required. They are built of 4, 6, 8, and 10-horse capacity, and every machine is run several hours and thoroughly tested in all its parts, before leaving our factories.

We have also now ready for delivery SORGHUM SUGAR CANE MILLS, of the most approved patterns, and also all the necessary apparatus for the Domestic Manufacture of Sugar and Syrup. We are now prepared to supply our customers with Mills of the most efficient operation, at prices in St. Louis as low as in Cincinnati. Descriptions of these Mills and Apparatus, also a Treatise on Sorghum Sugar Cane, and on Sugar and Syrup making, will be cheerfully forwarded to all applicants.

As our farmers are fast learning the easy and large profits of raising hay for market, we are now making ready to supply the demand for a large number of these well established Dederick's Parallel Lever Horse power Hay Presses.

We manufacture and have constantly for sale the following highly approved Machines:

Selby's Patented Premium Grain Drill; the celebrated Kentucky Harvester; Atkin's Self-raking Reaper; Page's & Child's Portable Saw Mills, Portable Flour & Grist Mills; Mill Machinery, and stationary Steam Engines, and Boilers and fixtures

Orders respectfully solicited; and pamphlets with prices, terms and full descriptions cheerfully furnished gratuitously.

Brownville, August 1st 1859.

Remember to Use Curtis' Mamalukе Liniment.

Take no other for Burns, Cramps, Sore Throat, Pains in the Joints, Rheumatism, Erysipelas, Spinal Complaints, Bad Sores, Cuts, Bruises, Swellings, Headache, Mange, Salt Rheum, Dysentery, Diarrhea.

Look out for counterfeits, the country is full of the worst kind. You may know the genuine by each wrapper round the bottle having the signature of J. L. Curtis, all others are stamped J. L. Curtis. Procure this article and test its merits, if you are sceptical in regard to its curative properties, you will find it to be the best article of the kind you ever used. Any person can cure himself of a single person of the merits of Curtis' Original Mamalukе Liniment. Some persons will offer you a worthless article, tell you that it is just as good, but do not be deceived; take no other. Read this certificate:

Mr. J. L. Curtis: I have been afflicted for the last three years with running sores on my legs, originated from poison that I received some time before they made their appearance. Being persuaded by a friend, who knew the great benefits to be derived from your Liniment, I gave it a trial and commenced using it, which I did a week before deriving any particular benefit. I was almost driven to despair when I concluded to make a great effort with your Syrup. It did not disappoint me. It has entirely cured. I have known it used in many cases. G. TAYLOR.

Mr. J. L. Curtis: I have been afflicted for several years with a severe cough, which had become settled on my lungs, giving me the most excruciating pain. Nothing afforded me relief until I tried your Syrup. It did not disappoint me, and was fast approaching consumption; my friends all said that I was in a decline, and I had almost given up all hope of recovery, when I was induced to try your Syrup. It has proved a sovereign remedy in this case. I will take pleasure in recommending your Syrup to the sick. Yours, D. SARMAN.

Opinions of Great Men.—It is now the opinion of all physicians, chemists and scientific persons who have thoroughly examined and tested Curtis' Compound Syrup of Sarsaras, that there is no compound now in use that will give so much relief in bronchial, lung and throat diseases; Croup, hives, colds, consumption, bronchitis, coughs, hoarseness, asthma, difficulty in breathing, whooping cough, and all diseases of the throat and lungs. As soon as it has been taken, it removes all foul matter, expectoration is easy, the night sweats are stopped, the patient recovers his strength, and in a short time the blood. Read this certificate, which is the opinion of a healthy class. This syrup is mild and pleasant to take, purifying the blood, and is the most powerful medicine ever discovered.

For sale by J. H. MAUN & CO, Brownville, N. T., and by all druggists generally. n3-1y

NEW AND HIGHLY IMPROVED

(Patented) METALLIC SUN DIALS, manufactured at Pittsburgh, Pa., and sold by W. W. WILSON, Agent.

For All Latitudes.

In addition to the hour circle, subdivided to show the true time to minutes, these Dials have engraved Equation Tables, showing the difference between apparent and true time every day in the year; a mirror inserted, which reflects the clouds, showing their exact course, and the consequent direction of the wind; a compass, circle, &c. Being made with great accuracy, of beautiful and durable workmanship, and very ornamental and useful, this valuable work of art should have a place on the grounds of all improved country residences, plantations, gardens, lawns, &c. A cast iron column of Doric Order, three feet high, is furnished at $5 each. The dials are 3 to 9 inches diameter. Price of No. 4, $15; No. 3, $10; No. 2, $7; No. 1, $5. The No. 4 Dial and column, $20, is generally preferred. Directions accompany by which they are easily set up and adjusted to the true meridian. Order promptly filled.

Aug. 18, 1859. n5-tf

Spear's Patent Corn Husker.

A machine capable of Husking as much Corn in a day as ten hands!

Spear's Patent Corn Husker was introduced to the notice of Eastern agriculturists, in January last, and the immediate recognition of its great merits, and the approbation it has met with from the farming community is fully tested by the fact that since its introduction to the notice of the agricultural public in the east and south, (only six months since,) 2000 huskers have been sold.

The machine is now upon exhibition at our office in St. Louis, and we respectfully invite the farmers and agriculturists of this and the adjacent Counties and States to call and satisfy themselves by personal inspection of the machine, of the simplicity of its construction, the easy and perfect manner in which it performs its work, and the immense saving of time and labor it effects.

Dealers and agents have now a chance of more ample remuneration, by purchasing this machine, than will again occur for years in this section of the West. Let them at once communicate with us and they will find our terms to be the most liberal and encouraging. We also offer for sale county rights at a very low figure and upon easy terms.

The Husker will be on exhibition at the next State Fair in St. Louis, and we will guarantee to the purchaser thereof that its performance will give them entire satisfaction, otherwise the purchase money will be refunded.

Price twelve dollars each.

BRAGG & BURROWES, St. Louis, Mo.

TESTIMONIALS.—John A. Clark, one of the Editors of the Evening Dispatch, Augusta, Georgia, writes as follows:

NEW YORK, June 17, 1859.

Messrs. N. T. Spears & Co—SIRS—After having attentively watched the operation of your Corn Husker it is a privilege to bear testimony to the great merit of the invention. You have claimed for it nothing which it has not in my presence proved itself capable. Our farmers will appreciate your labors, and it is not needed that I should wish you a success which is already in your grasp.

Respectfully, &c., JOHN A. CLARK.

EBIZABETH TOWN, N. J., Jan 22, 1859.

Messrs. N. T. Spears & Co.—GENTS.—Your Corn Husker was received this morning. I started off immediately with my horses and wagon to try my hand at shelling. I traveled only a few miles, as every farmer wished to see the Husker work. I got back about eight o'clock, making a circuit of about four miles, I sold ten. That will do for half a day's work. I can sell 500. Your fortune is made. Yours, respectfully.

WILLIAM NILES.

It has also received strong expressions of commendation from Hon. C. S. Flint, Secretary of the Massachusetts Board of Agriculture, Hon. J. V. C. Smith, ex-Mayor of Boston, Hollis Bowman, of Bangor, Me. Hon. James Allen, of Massachusetts, Hon Marshall P Wilder of Massachusetts, Prof. Mapes, of New York, and numerous others.

In addition to the above, we have certificates from a large number of distinguished men, who are interested in our agricultural industry, who endorse the merits of this machine in the strongest terms.

Among them, the Hon. Henry W. Benchley, of Mass., who says:

I have had repeated opportunities of witnessing the practical operation of Mr. Spear's Corn Husker, and have tested it thoroughly, and unhesitatingly pronounce it beyond comparison the best, if not the only practical without injury to the corn, and with astonishing rapidity. Its simplicity of construction, rapid and efficient working and low price, will, in my judgments command for it an unlimited sale.

The undersigned have the pleasure of informing the farming community that they have this day, August 29, 1859, purchased from the patentee the right of manufacturing and selling "Spear's Corn Husker," and are prepared to fill orders with promptness and dispatch.

Farmers and all others interested, desiring further information will please write for circular.

All orders and letters should be addressed to
