BY LIGHTNING!

TELEGRAPH TO BROWNVILLE!!

TIME AND SPACE ANNIHILATED!

On Tuesday last the *Stebbins* Line of Telegraph was completed to this place, and an office—the first in Nebraska—formally opened by Messrs. ELLSWORTH and PORTER, the efficient constructors of the line. By the kindness of these gentlemen the following Telegram was transmitted to the Associated Press in the States, as the first Dispatch from Nebraska:

First Telegram From Nebraska.

BROWNVILLE, NEBRASKA,
August 29th, 1860.

Nebraska sends greeting to the States:

The Telegraph Line was completed to this place to-day, and the first office in Nebraska formally opened. Our citizens are jubilant over the event, and now realize the advantages of being connected with their Eastern friends and the "rest of mankind" by means of a "Lightning Line."

"Onward"—"Westard, the Star of Empire takes its way."

CITIZENS.

The following dispatches passed between the *Advertiser* and *Gazette*. St. Joseph; the latter of which was the first Telegram received in Nebraska:

BROWNVILLE, NEBRASKA,
August 29th, 1860.

EDITORS ST. JOSEPH GAZETTE:

The *Advertiser* sends greeting. Give us your hand. Hot as blazes; thermometer 104 in the shade. "What's the news."

R. W. FURNAS.

ST. JOSEPH, MO.,
August 29th, 1860.

EDITOR ADVERTISER:

We are most happy to return your greeting. Thermometer at 100, and rising like h—l. You ask for the news: Douglas stock fully up to the thermometer, and rising as rapidly. St. Joe. drinks Nebraska's health.

PROUTS & CUNDIFF.

We appreciate our position with the world and the "rest of mankind." Who will now say ours is a *fast* country and region? Four years ago we came to this place from Ohio, by the most "expeditious route" known, and were *twenty-four days* making the trip, and thought we were "right brisk." Then, if we could communicate with our old neighbors by "Uncle Sam's Line" in from forty to sixty days we were lucky. Now we exchange congratulations instantly—"with the lightning's flash."

"Wonders sure will never cease,
While works of art do so increase."

Wednesday evening our citizens participated in a general jollification over the event of the completion of the Telegraph Line to this point. It was decidedly the liveliest time ever gotten up in this city. "Everybody and their friends" were on hand. It was an occasion on which *all*, whatever might be their political or religious creed, could join and rejoice together, and they did it with a will. Bonfires, illuminations, fire balls, music, firing gunpowder, speeches and toasts were the order of the evening. After 100 rounds were fired—one for each of the States with which we are now more closely allied, one for Nebraska and one for the Telegragh Line—Col. Nixon was called out and addressed the crowd. He was followed by Mayor Hill, Dr. McPherson, Dr. Holladay, R. Brown, Judge Whitney, Col. Smith, H. M. Atkinson, T. W. Bedford and Mr. Ellsworth, who together facetiously and agreeably entertained the assemblage for a couple of hours. A procession was then formed, under command of Col. Nixon, and preceded by the Brownville Band, marched through the principal portions of the city, when the crowd dispersed.

Not a single incident occurred to disturb the hilarity of the occasion. It was, in the language of Bill Shakspeare, or somebody, else a "Bully time."

The Line will be immediately extended up the great Platte Valley route to connect with the Pacific Line at Salt Lake.

A New Manufactory in Brownville.—Farmers in this region will be glad to know that A. W. MATHEW, an experienced Fanning Mill maker, has commenced the manufacture of that scarce and valuable article, in this place. We looked at a dozen, the other day, he is just completing, and think they are in many respects superior to the common style of mills. They are light, well made and possessing fine power. We hope Mr. Mathew may find the business a paying one.

Fruit Trees, &c.—E. H. BURCHES, Esq., of the Oregon (Mo) Nurseries, is now canvassing this region of Nebraska soliciting orders for Fruit Trees, Shrubs, Vines, &c. We speak for him a liberal patronage, and have no hesitancy in vouching for representations he may make in regard to his business. He is a reliable man; his nursery is near us; his trees, &c., raised in this climate and soil; can be put in the ground again in 48 hours from the time they are removed from the nursery.

D. J. Martin & Co., judging from the Ranche wagons backed up to his ware room door the past week, is doing a lively business, notwithstanding "times are dull." David keeps just the goods Ranche men want, and sells to them at figures which "just suit."

Glad to Hear It.—JNO. A. HOUGH, Esq., a capitalist of Columbia, Tennessee, has been in this place for a number of weeks past, purchasing Nebraska lands, both wild and improved, with a view of selling to citizens of his own State, whose object is to become permanent settlers in Nebraska. We hope he may be successful in sending out settlers, and lucky in making a "nice thing" for himself by the operation.

Deuser's Stock.—Read the advertisement of C. Deuser. He has a magnificent stock. His self-sealing fruit can is something very nice, and we think will answer the purpose for which it is designed most admirably. A very ingeniously constructed Lantern Deuser has is worth looking at, and is cheap.

The Prince of Wales in Brownville.—While the Prince of Wales, or rather Lord Renfrew, is visiting New York, Philadelphia and Washington, Brownville is not forgotten. The "Prince of good fellows," and Prince of Western tradesmen, THEO. HILL, is wide-a-wake and still supplying this market with every article needed "from a darning needle to an anchor." Mr. Hill has just returned from the East and brought with him decidedly the finest stock of Fancy Groceries we have ever looked through. Everybody go and see—and purchase.

"'Ops and Hale."—It is said by knowing ones that owing to the fact that good "'ops" cannot be had in this country, "Hamerican Hale is duced poor stuff." HILL, being aware of this State of affairs, has imported a supply of the celebrated "Edinburg Scotch Ale," which we know, from "personal observation," is hail its most sanguine friends could desire it to be."

The Weather—Is hot as blazes again. On Monday last the thermometer stood at 105 in the shade. As we have had no rain of late vegetation is suffering badly.

INPECTINE.

The Persian Fever Charm.

For the prevention and cure of Fever and Ague and Bilious Fevers. This wonderful remedy was brought to the knowledge of the present proprietors by a friend who has been a great traveler in Persia and the Holy Land. While going down the river Euphrates, he experienced a severe attack of Fever and Ague. On discovering his condition, one of the Boatmen too from his pocket an Amulet, saying "Wear this and no Fever will touch you." Although incredulous as to its virtues; he complied, and experienced immediate relief, and has since always found it an effectual protection from all malarious complaints.

On further investigation he found that the boatman attributed to it miraculous powers and said that it only could be obtained from the priest of the sun. Sometime afterwards, the gentleman in conversing with a Priest obtained from him the secret of its preparation, and ascertained where the medicinal herbs were found, of which it was compounded. The wonderful virtues of this article have induced a full belief in the minds of the natives in the miraculous healing powers of their Priests.

Since his return to America, it has been tried with the happiest effect by several Ladies and Gentlemen of high character, who have given it the most unqualified praise. This remedy having been a specific in Persia for hundreds of years, for the prevention and cure of Fever and Ague and Billious Fevers—is now offered to the American People.

It will be sent by mail prepaid, with full directions for use, on receipt of one dollar.
